Shakespeare in Shorthand Adele Davidson, 2009 The year 2008 marks the four hundredth anniversary of the first publication of *King Lear* and for four centuries the play has remained a consummate bibliographical mystery Winner of the 2007 Jay L Halio prize for best manuscript in Shakespeare studies *Shakespeare in Shorthand* demonstrates that many textual anomalies derive from the play's transcription in Elizabethan shorthand The shorthand system of John Willis *Stenographie* 1602 shows a high correlation with the unusual textual features found in the first quarto of *Lear* 1608 The patterns of variants in the quarto conform to Willis rules regarding the reduction of diphthongs and digraphs and the omission of aspirated doubled or unsounded letters In the past two decades the textual interrelation of quarto and folio 1623 *Lear* has proven one of the most contested issues in Shakespearean studies and an examination of *Stenographie* reveals that some of these textual differences result not from authorial revision but from transmission in abbreviated writing Bibliographical evidence also indicates that some textual omissions from the folio version are neither authorial nor theatrical but derive from the printing house

Shakespeare's Other Son? R.E. Pritchard, 2022-05-05 Sir William Davenant 1606-1668 was in his time widely known as Davenant the Poet The son of an Oxford vintner or quite possibly the natural son of his godfather William Shakespeare he wrote poems for and about the Court of Charles I and despite losing his nose to mercury treatment

for the clap which other people thought funny went on to replace Ben Jonson as Poet Laureate and collaborate with Inigo Jones in composing spectacular Court masques as well as writing many successful plays a few fashionably blood thirsty most showing a real comic gift humanity and sympathy with ordinary life In the Civil War he earned a knighthood as an especially successful gun runner for the Royalists before escaping to Paris where he worked on an epic poem Then sent off by Charles II to colonize Virginia but captured by the Parliamentarians he escaped execution but was imprisoned for five years With the Restoration he practically re invented English theatre with the first English opera women actors movable scenery and the proscenium arch as well as reviving interest in Shakespeare with inventive adaptations Energetic affable and resilient he was an appealing and well liked character Celebrated and important in his day Davenant is now surprisingly little known This enterprising study introduces modern readers to his wit poetry and growing scepticism as to Court and aristocratic values and his developing feminist sympathies Here select excerpts and summaries bring this entertaining writer to a new wider audience

The Poet and the Fly Robert Hudson, 2020-07-28 Flies are the most ubiquitous of insects buzzing minuscule and seemingly insignificant they ve been both plagues and minor annoyances for millennia Rather than ignore these incredibly mundane and seemingly insignificant creatures poets spanning centuries from the seventeenth to the twentieth and continents from North America to Asia have

found that these ordinary bugs in fact illuminate deep spiritual mysteries In this revelatory book Robert Hudson considers seven poets each of whom wrote a provocative poem about a fly These poets all mystics in their own way ponder the simple fly and come to astounding conclusions Considering Emily Dickinson William Blake and several other poets *The Poet and the Fly* brings together the poetry the flies and the poets own lives to explore the imaginative and often prophetic insights that come from the startling combination of poetry and flies Ultimately the message each poet offers to us through the fly is as relevant today as it was in their own time the miracle of existence the gift of mortality the power of the imagination the need for compassion the existence of the soul the mystery of everything around us and the sacramental grace giving power of story

Historical Affects and the Early Modern Theater Ronda Arab, Michelle Dowd, Adam Zucker, 2015-05-15 This collection of original essays honors the groundbreaking scholarship of Jean E Howard by exploring cultural and economic constructions of affect in the early modern theater While historicist and materialist inquiry has dominated early modern theater studies in recent years the historically specific dimensions of affect and emotion remain underexplored This volume brings together these lines of inquiry for the first time exploring the critical turn to affect in literary studies from a historicist perspective to demonstrate how the early modern theater showcased the productive interconnections between historical contingencies and affective attachments Considering well known plays such as Shakespeare's *Antony and Cleopatra* and Thomas Dekker's *The Shoemaker's Holiday* together with understudied texts such as court entertainments and examining topics ranging from dramatic celebrity to women's political agency to the parental emotion of grief this volume provides a fresh and at times provocative assessment of the historical affects financial emotional and socio political that transformed Renaissance theater Instead of treating history and affect as mutually exclusive theoretical or philosophical contexts the essays in this volume ask readers to consider how drama emplaces the most personal unspeakable passions in matrices defined in part by financial exchange by erotic desire by gender by the material body and by theatricality itself As it encourages this conversation to take place the collection provides scholars and students alike with a series of new perspectives not only on the plays emotions and histories discussed in its pages but also on broader shifts and pressures animating literary studies today
