Lordship Vs Discipleship Dr. James W. Huntley,2013-08-19 This book has been designed to culminate a study on our position with God as disciples We have not been chosen to assume the position as Lords We must not usurp the position as a

Lord We have not been chosen to be served but to serve therefore this book will explain in detail our callings and limitations as it refers to our position and anointing This book does not indicate how anointed you are It only references that your anointing cannot be any greater than God has chosen to give unto you This book will list in detail that authority has to be given and not taken Therefore as our Master and King God alone grants us the power and authority as he chooses to disseminate amid the Body of Christ This book has been designed to explain that we are not Lords but disciples A disciple is a follower and student of a mentor teacher or other figure The higher our calling the greater our servitude should be Additionally we are considered as Servant Leaders Servant leadership is both a leadership philosophy and set of leadership practices Traditional leadership generally involves the accumulation and exercise of power by one at the top of the pyramid By comparison the servant leader shares power but most importantly puts the needs of others first and helps people develop and perform as highly as possible Therefore I have attempted to reference in detail our positions and appointments and what the scripture indicates in reference to our responsibilities with that calling and position Although we are powerful and full of an anointing by God we must understand that whatever God has given we should utilize it to complete the work of God and not our personal agendas Furthermore it is not our will that should be implemented but that of God and him alone When we understand our position with God we can perform our duties with greater convictions and at a higher level
