The Lordship of England Scott L. Waugh, 2016-04-19 This thorough examination of the feudal powers of English kings in the thirteenth and early fourteenth centuries is the only study to analyze the actual pattern of royal grants and the grantees use of their rights and to place them in the social context of marriage kinship and landholding within the English elite The royal rights known as feudal incidents included custody of a tenant s lands when he died leaving minor heirs the arrangement of the heir s marriage and consent to the widow s remarriage Scott Waugh shows how the king exercised those rights and how his use of feudal incidents affected his relations with the tenants in chief He concludes that royal lordship was of fundamental importance in reinforcing the power and prestige of the monarchy and in offering the king a valuable source of patronage English kings therefore devoted considerable effort to defining and institutionalizing their feudal authority in the thirteenth century It is also clear that families living under royal lordship were profoundly concerned about these rights especially since marriage was of such critical importance in providing for the smooth transfer of lands from one generation to another Given the hazards of life in the Middle Ages inheritance by minors was a frequent occurrence and the king s distribution of feudal incidents was therefore a delicate political problem It raised issues not only about royal finances and favoritism but also about the fate of families Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important

books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Congressional Globe** United States.
