H. Lawrence in New Mexico* Arthur J. Bachrach,2006-09-11 Recollections of Lawrence s life and friends in 1920s Taos **Notions of Otherness** Mark Axelrod-Sokolov,2019-04-30 One can approach the notion of otherness or alterity in various ways politically aesthetically ethically culturally religiously and sexually Writing in Saylor org Lilia Melani defined the other as an individual who is perceived by the group as not belonging as being different in some fundamental way Any stranger becomes the Other The Other in a society may have few or no legal rights may be characterized as less intelligent or as immoral and may even be regarded as sub human The collection of essays *Notions of Otherness* addresses many of these approaches as ways of interrogating how varied yet how similar they are in relation to the individual literary texts *Lake Garda* Nick Ceramella,2013-11-13 Comes over one an absolute necessity to move This opening sentence of *Sea and Sardinia* 1921 is strikingly telling about D H Lawrence s life which can be considered both literally and metaphorically as a journey to the sun In this respect as the title of our symposium *Lake Garda Gateway to D H Lawrence s Voyage to the Sun* suggests he began his life long quest in Gargnano in 1912 This eponymous book draws together the papers presented at the Gargnano Symposium in 2012 to commemorate the centenary of the writer s stay in that paradise 3 September 1912 11 April 1913 The focus of our event was on Lawrence s sun search and travelling two thought provoking multifaceted topics for a sparkling critical debate expanding outside canonic criticism into music and painting This collection in fact comes with a CD featuring 12 songs poems by Lawrence put to music for soprano and piano by the American composer William Neil It also includes the reproduction of seven paintings from *Via D H Lawrence* out of a sequence of 25 in which the German painter Sabine Frank follows the writer s footsteps in the Garda area The result is a unique and stimulating book combining literature music and painting Thus it provides an invaluable enrichment for all of us meant to inspire intellectual confrontation and circulation of ideas in the domain of Laurentian studies This is the sort of book that any Laurentian reading either for academic purposes or pleasure cannot possibly miss **Routledge Revivals: D.H. Britton, 2021-09-15 Mexico and the United States share a border of more than 2 000 miles and their histories and interests have often intertwined The Mexican Revolution which began in 1910 and continued in one form or another for the next thirty years was keenly observed by U S citizens especially those directly involved in Mexico through property ownership investment missionary work tourism journalism and education It differed from many other revolutions in this century in that Marxist Leninist theory was only one of many radical and reformist influences Historian John A Britton examines contemporary accounts written by Americans commenting on social upheaval south of the border radical writers John Reed Anita Brenner and Carlton Beals novelists Katherine Anne Porter and D H Lawrence social critics Stuart Chase and Waldo Frank and banker diplomat Dwight Morrow to mention a few Their writings constitute a valuable body of information and opinion concerning a revolution that offers important parallels with liberation movements throughout the world today Britton s sources also shed light on the many contradictions and complexities inherent in the relationship between the United States and Mexico

Burning Man Frances Wilson, 2025-08-22 Shortlisted for the James Tait Black Prize An electrifying revelatory new biography of D H Lawrence with a focus on his difficult middle years Never trust the teller wrote D H Lawrence trust the tale Everyone who knew him told stories about Lawrence and Lawrence told stories about everyone he knew He also told stories about himself again and again a pioneer of autofiction no writer before Lawrence had made so permeable the border between life and literature In Burning Man The Trials of D H Lawrence acclaimed biographer Frances Wilson tells a new story about the author focusing on his decade of superhuman writing and travel between 1915 when The Rainbow was

suppressed following an obscenity trial and 1925 when he was diagnosed with tuberculosis Taking after Lawrence s own literary model Dante and adopting the structure of The Divine Comedy Burning Man is a distinctly Lawrentian book one that pursues Lawrence around the globe and reflects his life of wild allegory Eschewing the confines of traditional biography it offers a triptych of lesser known episodes drawn from lesser known sources including tales of Lawrence as told by his friends in letters memoirs and diaries Focusing on three turning points in Lawrence s pilgrimage his crises in Cornwall Italy and New Mexico and three central adversaries his wife Frieda the writer Maurice Magnus and his patron Mabel Dodge Luhan Wilson uncovers a lesser known Lawrence both as a writer and as a man Strikingly original superbly researched and always revelatory Burning Man is a marvel of iconoclastic biography With flair and focus Wilson unleashes a distinct perspective on one of history s most beloved and infamous writers

A Bibliography of D. H. Lawrence Warren Roberts, Paul Poplawski, 2001-04-19 This pre eminent bibliography for D H Lawrence was extensively revised updated and expanded by Paul Poplawski for publication in 2001 **Lawrence, Greene and Lowry** Douglas W. Veitch, 2006-01-01 When writers go on journeys it is as often to explore the terra incognita of their own selves as to establish the identities of strange lands in the case of many English novelists between the great wars it was certainly true as Douglas Veitch remarks in the study I am introducing that their work even as it essayed the exotic cast an eye homeward and inward and that they roamed the world seeking surcease from a prevailing malaise which doubted the values of Western Civilization Mr Veitch has taken this vital element in the three novels The Plumed Serpent The Power and the Glory and Under The Volcano and has used it not merely to examine these works themselves but also to sketch out the ambivalent role which landscape plays in all fiction as omnipresent background but also as a rich source of symbols and images reflecting the human drama which a book develops He has as he more than once makes clear done more than read all the relevant literature he has himself travelled to Mexico in order to see and experience the extraordinary terrain and as I can vouch on the basis of my own knowledge of that infinitely attractive and repellent country he used his senses well while he was there from the Introduction by George Woodcock

Bibliography of Georgia Authors, 1949-1965 John W. Bonner, Jr., 2010-03-01 Starting in 1949 John W Bonner Jr compiled an annual annotated bibliography of books by Georgia writers for the Georgia Review Published in 1966 this volume contains sixteen years of publications by native born Georgian authors and authors who had lived in the state for at least five years Books are listed by author title publisher date and price of the work The annotations are descriptive rather than critical intended to outline what type of material is contained in the books A complete index by author is included

American and British Writers in Mexico, 1556-1973 Drewey Wayne Gunn, 2014-07-03 American and British Writers in Mexico is the study that laid the foundation upon which subsequent examinations of Mexico s impact upon American and British letters have built Chosen by the Mexican government to be placed in translation in its public libraries the book was also referenced by Nobel Laureate Octavio Paz in an article in the New Yorker Reflections Mexico and the United States

Drewrey Wayne Gunn demonstrates how Mexican experiences had a singular impact upon the development of English writers beginning with early British explorers who recorded their impressions for Hakluyt's Voyages through the American Beats who sought to escape the strictures of American culture. Among the 140 or so writers considered are Stephen Crane, Ambrose Bierce, Langston Hughes, D. H. Lawrence, Somerset Maugham, Katherine Anne Porter, Hart Crane, Malcolm Lowry, John Steinbeck, Graham Greene, Tennessee Williams, Saul Bellow, William Carlos Williams, Robert Lowell, Ray Bradbury, Allen Ginsberg, William Burroughs, and Jack Kerouac. Gunn finds that while certain elements reflecting the Mexican experience—colors, landscape, manners, political atmosphere, a sense of the alien—are common in their writings, the authors reveal less about Mexico than they do about themselves. A Mexican sojourn often marked the beginning, the end, or the turning point in a literary career. The insights that this pioneering study provides into our complex cultural relationship with Mexico so different from American and British authors' encounters with Continental cultures remain vital. The book is essential for anyone interested in understanding the full range of the impact of the expatriate experience on writers.

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07. More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation, and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.
