Losing Generations Adolescents In High Risk Settings:

Losing Generations National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Panel on High-Risk Youth, 1995-02-01 At least 7 million young Americans fully one quarter of adolescents 10 to 17 years old may be at risk of failing to achieve productive adult lives They use drugs engage in unprotected sex drop out of school and sometimes commit crimes effectively closing the door to their own futures And the costs to society are enormous school and social services are overwhelmed and our nation faces the future with a diminished citizenry This penetrating book argues that the problems of troubled youth cannot be separated from the settings in which those youths live settings that have deteriorated significantly in the past two decades A distinguished panel examines what works and what does not in the effort to support and nurture adolescents and offers models for successful programs This volume presents an eye opening look at what millions of the nation s youths confront every day of their lives addressing How the decline in economic security for young working parents affects their children s life chances How dramatic changes in household structure and the possibilities of family and community violence threaten adolescents development How the decline of neighborhoods robs children of a safe environment How adolescents health needs go unmet in the current system *Losing Generations* turns the spotlight on those institutions youths need the health care system schools the criminal justice and the child welfare and foster home systems and how they are functioning Difficult issues are addressed with study results and insightful analyses access of poor youths to health insurance coverage inequities in school funding how child welfare agencies provide for adolescents in their care and the high percentage of young black men in the criminal justice system **Losing generations adolescents in high-risk settings** ,1993 *School Safety* United States. General Accounting Office,1995 *School Safety* DIANE Publishing Company,1996-06 Provides information about some of the programs used by schools to curb violence Examines four promising prevention programs obtaining teacher and student views in these efforts and reviewed evaluation data on these programs Identifies key characteristics typically associated with promising school based violence prevention programs Identifies federally sponsored evaluations of violence prevention programs currently in operation *Indicators of Children's Well-Being* Robert M. Hauser,Brett V. Brown,William R. Prosser,1997-12-04 The search for reliable information on the well being of America s young is vital to designing programs to improve their lives Yet social scientists are concerned that many measurements of children s physical and emotional health are inadequate misleading or outdated leaving policymakers ill informed *Indicators of Children s Well Being* is an ambitious inquiry into current efforts to monitor children from the prenatal period through adolescence Working with the most up to date statistical sources experts from multiple disciplines assess how data on physical development education economic security family and neighborhood conditions and social behavior are collected and analyzed what findings they reveal and what improvements are needed to create a more comprehensive and policy relevant system of measurement Today s climate

of welfare reform has opened new possibilities for program innovation and experimentation but it has also intensified the need for a clearly defined and wide ranging empirical framework to pinpoint where help is needed and what interventions will succeed Indicators of Children s Well Being emphasizes the importance of accurate studies that address real problems Essays on children s material well being show why income data must be supplemented with assessments of housing medical care household expenditure food consumption and education Other contributors urge refinements to existing survey instruments such as the Census and the Current Population Survey The usefulness of records from human service agencies child welfare records and juvenile court statistics is also evaluated **U.S. Civil-military Relations** Don M.

Snider,Miranda A. Carlton-Carew,1995 **No More Excuses** Hispanic Dropout Project (U.S.),United States. Office of Bilingual Education and Minority Languages Affairs,1998 **Health Assets in a Global Context** Antony Morgan,Erio Ziglio,Maggie Davies,2010-07-15 As global health inequities continue to widen policymakers are redoubling their efforts to address them Yet the effectiveness and quality of these programs vary considerably sometimes resulting in the reverse of expected outcomes While local political issues or cultural conflicts may play a part in these situations an important new book points to a universal factor the prevailing deficit model of assessing health needs which puts disadvantaged communities on the defensive while ignoring their potential strengths The asset model proposed in Health Assets in a Global Context International Health and Development offers a necessary complement to the problem focused framework by assessing multiple levels of health promoting aspects in populations and promoting joint solutions between communities and outside agencies The book provides not only rationales and methodologies e g measuring resilience and similar elusive qualities but also concrete examples of asset based initiatives in use across the world on the individual and community levels **Clinical and Research Uses of an Adolescent Mental Health Intake Questionnaire** Irwin Epstein,Ken Peake,Daniel Medeiros,2014-04-23 Learn how to better clinically serve risky adolescentsfrom the clients themselves Clinical and Research Uses of an Adolescent Mental Health Intake Questionnaire What Kids Need to Talk About explores the research on adolescent behavior culled from the answers to a clinician designed intake questionnaire given to adolescent clients asking how they view their own risks what they worry about and what they wish to talk about Respected authorities discuss the enlightening findings and present ways to reshape services taking into account customer preference risk and worry and youth development YD perspectives while presenting practical clinical strategies to engage at risk adolescents in mental health treatment Clinical and Research Uses of an Adolescent Mental Health Intake Questionnaire What Kids Need to Talk About provides conceptual models that practitioners and organizations can use to develop reflective practices and to understand better how to engage adolescent clients in treatment The book includes three case studies that illustrate an organization s experience in developing ways for organizational learning including the clinicians own accounts of their experience in conducting practice based research Two chapters describe the development and the clinical uses of the intake

questionnaire and offer guidelines for other practitioners to develop their own The book discusses specific findings about adolescent risk worries and desire to talk across a wide range of psychosocial domains such as education and work sex and sexuality safety substance abuse and family and friends Other research examines adolescent risk and vulnerability profiles of lesbians gays and bisexuals as well as the impact of racism Finally the book builds upon this empirical analysis to address the clinical challenge of engaging risky adolescents in counseling Clinical and Research Uses of an Adolescent Mental Health Intake Questionnaire What Kids Need to Talk About analyzes adolescent risks worries and coping adolescent help seeking and desire to talk in counseling youth development YD and adolescent vulnerability urban adolescents health and mental health concerns effectively engaging adolescents in counseling collaborative strategies for clinicians and managers reflectivity and learning in human service organizations Clinical and Research Uses of an Adolescent Mental Health Intake Questionnaire What Kids Need to Talk About presents essential information for social workers mental health professionals who work with adolescents adolescent researchers pediatricians and adolescent medicine practitioners teachers students and youth workers

Licensing Parents Jack C. Westman, 2007-10-12 *Licensing Parents* addresses the relationship between poverty unemployment and other socio economic issues to competent parenting in a unique and creative manner Examines why the current generation of children and youth is the first in our nation s history to be less well off psychologically socially and morally than their parents were at the same age

Investing in the Health and Well-Being of Young Adults National Research Council, Institute of Medicine, Board on Children, Youth, and Families, Committee on Improving the Health, Safety, and Well-Being of Young Adults, 2015-01-27 Young adulthood ages approximately 18 to 26 is a critical period of development with long lasting implications for a person s economic security health and well being Young adults are key contributors to the nation s workforce and military services and since many are parents to the healthy development of the next generation Although millennials have received attention in the popular media in recent years young adults are too rarely treated as a distinct population in policy programs and research Instead they are often grouped with adolescents or more often with all adults Currently the nation is experiencing economic restructuring widening inequality a rapidly rising ratio of older adults and an increasingly diverse population The possible transformative effects of these features make focus on young adults especially important A systematic approach to understanding and responding to the unique circumstances and needs of today s young adults can help to pave the way to a more productive and equitable tomorrow for young adults in particular and our society at large *Investing in The Health and Well Being of Young Adults* describes what is meant by the term young adulthood who young adults are what they are doing and what they need This study recommends actions that nonprofit programs and federal state and local agencies can take to help young adults make a successful transition from adolescence to adulthood According to this report young adults should be considered as a

separate group from adolescents and older adults Investing in The Health and Well Being of Young Adults makes the case that increased efforts to improve high school and college graduate rates and education and workforce development systems that are more closely tied to high demand economic sectors will help this age group achieve greater opportunity and success The report also discusses the health status of young adults and makes recommendations to develop evidence based practices for young adults for medical and behavioral health including preventions What happens during the young adult years has profound implications for the rest of the life course and the stability and progress of society at large depends on how any cohort of young adults fares as a whole Investing in The Health and Well Being of Young Adults will provide a roadmap to improving outcomes for this age group as they transition from adolescence to adulthood
