The Strange Case of the Pharaoh's Heart Timothy Miller,2024-03-19 To crack the case the time around Sherlock Holmes must return to the place he swore he'd never revisit and face his demons literally 1923 In his last years Sherlock Holmes has abandoned his strict method of logic for the practice of spiritualism to the everlasting shame of his old friend Dr Watson When Lord Carnarvon dies unexpectedly barely two months after opening the tomb of Tutankhamun Holmes blames his death and a string of others from an American millionaire to an Egyptian prince on an ancient curse But Watson never one for the supernatural decides to finally part ways with the formerly great detective However shortly after his departure from Holmes Lord Carnarvon's daughter Lady Evelyn approaches Watson with a plea accompany Holmes to Tutankhamun's tomb to uncover the truth of her father's death whether natural supernatural or cold blooded murder Watson reluctantly accepts the challenge But much to his displeasure there's a third member of their company Mrs Estelle Roberts who communicates with the dead Although divided by different beliefs the trio must band together to unravel the extraordinary secret of the boy king and the treasure missing from his tomb that men have killed for Their journey takes them from London to Monte Carlo to Cairo and Luxor and finally to the place that haunts Sherlock Holmes's dreams the place he swore never to return to the Reichenbach Falls where the spirit of the one man he killed in his long career may be awaiting its revenge Moriarty

Making of the World Mahbub H. Khan,2023-10-30 Humanity was once scattered into small sized nomadic groups that barely knew each other Each lived inside its bubble of myths and beliefs The notion of one single community related by a common origin and similar aspirations the world began to evolve along with the founding of early civilizations It was an auspicious development that has changed not only the way we live but also how we think We are the only species probing the mysteries of nature and life Curiously the

story of how wandering Homo sapiens who had lived off nature for hundreds of thousands of years created civilization is less well known compared to the awareness about biological evolution If you have wondered what led to the establishment of advanced societies in ancient Egypt Mesopotamia China Central America and the Andean Highlands this book is for you Making of the World Sapiens Journey from Wilderness to Civilization leads the reader through an absorbing narrative that canvasses the broad sweeps of human history The book brings readers up to date on trusted research findings in archaeology anthropology and evolutionary psychology In so doing it dispels the fog of ideologically biased interpretations of history Students planning to pursue higher education in humanities will find in the book a suitable introduction to a wide range of topics including the origin of cities and governments poetry and philosophy
