Cone and Black Liberation Theology Rufus Burrow, 1994 Since Cone's Black Theology and Black Power was first published in 1969 he has been recognized as one of the most creative contemporary black theologians Roundly criticized by white theologians the book and Cone's subsequent writings nevertheless gave voice and viability to the developing black theological movement of the late 1960s Despite his influence on the African American religious community scholars have written very little about his works in part because of the sharp rhetoric and polemics of his first two books Discussed here are some of his major writings

Slavery in North Carolina, 1748-1775 Marvin L. Michael Kay,Lorin Lee Cary,2000-11-09 Michael Kay and Lorin Cary illuminate new aspects of slavery in colonial America by focusing on North Carolina which has largely been ignored by scholars in favor of the more mature slave systems in the Chesapeake and South Carolina Kay and Cary demonstrate that North Carolina s fast growing slave population increasingly bound on large plantations included many slaves born in Africa who continued to stress their African pasts to make sense of their new world The authors illustrate this process by analyzing slave languages naming practices family structures religion and patterns of resistance Kay and Cary clearly demonstrate that slaveowners erected a Draconian code of criminal justice for slaves This system played a central role in the masters attempt to achieve legal political and physical hegemony over their slaves but it impeded a coherent attempt at acculturation In fact say Kay and Cary slaveowners often withheld white culture from slaves rather than work to convert them to it As a result slaves retained significant elements of their African heritage and therefore enjoyed a degree of cultural autonomy that freed them from reliance on a worldview and value system determined by whites **Religious Books and Serials in Print**
