**The Making of Adolf Hitler** Eugene Davidson,1997      *The Making of Adolf Hitler* Eugene Davidson,1977 A biography of Hitler that examines his life and the reasons for his rise to power in Germany      *The Making of Adolf Hitler* Eugene Davidson (historien).),1977      **The Making of Adolf Hitler** Mike Rothmiller,Walter Langer,2014-09-25 During World War 2 President Roosevelt established the OSS Office of Special Services which is today s CIA One of its first tasks was to conduct a top secret psychological analysis of Adolf Hitler The team of psychiatrist clandestinely interviewed people close to Hitler and accessed scores of intelligence sources They dissected Hitler s childhood service during WW 1 and rise to power Included in this top secret report is a detailed account of Hitler s bizarre sexual practices and a finding that Hitler was in all likelihood bisexual The report provides evidence that for years Hitler was a deeply troubled man and while at the height of his power was treated and acted as a child by a woman he considered a surrogate mother Evidence that many on his senior staff believed he was gay Two women close to Hitler allegedly committed suicide with his pistol The report provides a detailed understanding of Hitler s inherent genius and ability to manipulate the minds of his countrymen and convince Germanys Reichstag Germany s Parliament to legally vote him dictatorial powers The final chapter of the book contains Hitler s personal will marriage certificate and last personal political testament which were dictated just hours before he committed suicide These are copies of the original which were seized by British Intelligence shortly after the War translated and given to President Franklin Roosevelt To the end Hitler continued to blame the Jews for all that was wrong      **Young Hitler** Paul Ham,2017-11-02 A concise study of one of the most fascinating and evil men in history Essential for anyone interested in military history Soldier Millions of words have been spent and misspent on Adolf Hitler But there remains one aspect as yet insufficiently explored the impact of the First World War on the man who would go on to indelibly shape the Second Hitler fought at First Ypres and he saw something on the battlefields that eluded his fellow soldiers something that would become the cornerstone of his later life He saw this war as heroic noble and natural the last act of the fittest in the great drama of the human race Where did it all start This is the story of how Hitler became the Fuhrer      *The Making of the Atomic Bomb* Richard Rhodes,2012-06-12 Traces the development of the atomic bomb from Leo Szilard s concept through the drama of the race to build a workable device to the dropping of the bomb on Hiroshima      *HITLER'S DOUBLES, Photos, Proofs, Testimonies, Facts, Eyewitnesses* Maximillien de Lafayette,2018-10-03 **HITLER S DOUBLES** Photos Proofs Testimonies Facts Eyewitnesses A publication of TIMES SQUARE PRESS New York Using a double multiple doubles or a decoy is not a novelty or something unusual Consequently the possibility or veracity of Hitler s doubles is not unconceivable The author of the book did not propose this possibility based upon rhetoric and conspiracy s literature for he has gathered tangible proofs numerous pieces of evidence Verbally and in writing conducted a meticulous investigation and above all he talked to individuals who knew very well Hitler such as Zarah Leander Adolf Hitler s friend and favorite singer and the legendary Leni Riefenstahl and

numerous former generals of NAZI Germany      **The Unmaking of Adolf Hitler** Eugene Davidson,2004 The Unmaking of Adolf Hitler which includes dozens of photos from German collections covers literally every aspect of Hitler's life from his success after he came to power in 1933 to his self destruction Renowned author Eugene Davidson describes in detail Hitler's stratagems in reviving morale and undoing the inequitable treaties imposed on Germany after World War I and his shrewd moves to take advantage of the fatal miscalculations of the coalition that had been aligned against the Reich Once Hitler had brutally improved Germany's desperate state there followed mortal errors and fateful mistakes of judgment arising from his own inadequacies Compelling well researched and eminently readable The Unmaking of Adolf Hitler strives to explain how and why Hitler's empire collapsed from his own actions Available only in the USA and Canada      **World War II in Literature for Youth** Patricia Hachten Wee,Robert James Wee,2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939-1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource      **A Concise Biography of Adolf Hitler** Thomas Fuchs,2000-02-01 Four Stars West Coast Review of Books Fascinating reading Booklist An engrossing book excellent Oahu Sun Press      Christian Nationalism, Nation-Building, and the Making of the Holocaust in Slovakia Hana Kubátová,2025-02-10 Previous scholarship on fascism in Slovakia has focused on either state actors operating from urban centres or the mechanisms of violence on a grassroots level with the result being that the Holocaust is seen as primarily a top down and state centred process In contrast Hana Kubátová reveals here a dynamic and unexplored centre periphery relationship and how violence against the Jewish population unfolded in both cities and the countryside and on both national and local levels As an integral component of broader nation building efforts the authority of the fascist regime and the newly founded Slovak state hinged not only on appeasing Hitler but also on civilian populations of the nation's heterogeneous eastern borderlands especially local elites such as priest and teachers as well as the rural masses The book explores how this relationship was forged how it was maintained and how ultimately Christian nationalism operated as a political strategy that brought differently positioned actors together to broker deals over resources and power accrued through the co enactment of genocide by a broad coalition of perpetrators on the ground In so doing this little known chapter of Holocaust history offers a new way to understand the dynamics and escalations of mass violence and how collaborations between elite and popular groups can pave the way for ethnic cleansing across different territories and even times      **Max Schmeling and the Making of a National Hero in Twentieth-Century Germany** Jon Hughes,2017-09-19 This book presents the first in depth study of the German boxer Max Schmeling 1905-2005 as a national hero and representative figure in Germany between the 1920s and the present day It explores the complex relationship between sport culture politics and

national identity and draws on a century of journalism film visual art life writing and fiction Detailed chapters analyse Schmeling s emergence as an icon in the Weimar Republic his association with America his celebrity status in the Third Reich and his rivalry with Joe Louis as a focus for an extraordinary propaganda and ideological contest The book also examines how Schmeling s post war success in business associated him with the culture of the zero hour nation in the era of economic miracle and how he was later claimed as good German and moral example for a post war generation of Germans determined to come to terms with the past This book will appeal to readers with an interest in the history and representation of sport and boxing in sports discourse and political culture and in questions of national identity in modern German history

\_x000D\_ This volume contains trial proceedings from 18 April 1946 to 2 May 1946      **Let's Make World War II the Last World War** Donald Johnson,2023-04-07 The purpose of this book is to let the people mostly the young people of today who think they re living in hard times and that everything around them is so brutal and savage and of so much despair though many think that way because of to the constant negative ambush they receive today from the media schools newspapers and through many elites in our society who are taught that everything around them is going to hell in a handbasket know that this is the best time in the world to be alive Most people are safer better educated and living around modern high tech advances that make their lives easier People have more wealth and leisure time than ever before They are healthier and tend to live longer than ever before The world is also more acceptable among the races and religions of the world and this generation has the chance to live in everlasting peace without no World Wars though there will always be conflicts among people and nations and it will never be perfect This generation today must know that the world was a pretty savage doggy world throughout history climaxed by World War II though savage wars did continue after World War II They must also be taught that the perpetrators of the savagery were all people races and religions not just some For today s media want to use that narrative and the victims of the savagery were also from all people races and religions We all know that slavery is wrong in America but it ended over 160 years ago Why not also talk about slavery before American slavery like the slavery in Africa And why not talk right now about slavery that s been going on right now in China in North Africa by Isis and in Libya Because it doesn t get the media s narrative on who is good and who is bad And one more thing about the media how about talking about some of the good things that America has done throughout its history instead of bashing America all the time For example if America were to be wiped out by a tidal wave the rest of the world would be in warfare because there will be no America to secure peace

Becoming Hitler Thomas Weber,2017-11-07 An award winning historian charts Hitler s radical transformation after World War I from a directionless loner into a powerful National Socialist leader In Becoming Hitler award winning historian Thomas Weber examines Adolf Hitler s time in Munich between 1918 and 1926 the years when Hitler shed his awkward feckless persona and transformed himself into a savvy opportunistic political operator who saw himself as Germany s messiah The story of Hitler s transformation is one of a fateful match between man and city After opportunistically fluctuating between the ideas of the left and the right Hitler emerged as an astonishingly flexible leader of Munich s right wing movement The tragedy for Germany and the world was that Hitler found himself in Munich had he not

been in Bavaria in the wake of the war and the revolution his transformation into a National Socialist may never have occurred In *Becoming Hitler* Weber brilliantly charts this tragic metamorphosis dramatically expanding our knowledge of how Hitler became a lethal demagogue      *The Marine Corps Gazette* ,1976      **Journal of Legal Studies** ,1995
