Steven Carol,2019-09-26 The Middle East can be bewildering which is why we need to connect the dots that pull together the political economic diplomatic military cultural and religious pieces of the puzzle Professor Steven Carol slashes through the confusion with a topical approach focusing on key issues such as the geographic features of the Middle East demographics of

the region the influence of Islam political processes shifting alliances war in the region and the need for security He also takes a careful look at perpetual negotiations attempts to secure peace and the role that the media play in how we view the region His goal to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs misrepresentations and outright fabrications about the region In a bid to reclaim the truth he shares basic principles relying on factual supporting evidence to prove their validity Seventy eight maps and numerous tables make understanding complex topics easier Whether you re a student educator bureaucrat or politician you ll find insights based on facts in *Understanding the Volatile and Dangerous Middle East* **Let's Go 2003: Israel** Let's Go Inc.,2002-12-13 Let s Go The Resource For The Independent Traveler For over forty years Let s Go Travel Guides have brought budget savvy travelers closer to the world and its diverse cultures by providing the most up to date information Entries at all price levels for lodging food attractions and more Must have tips for planning your trip getting around and staying safe Walking tours of ancient sights and advice for hiking In depth cultural information that offers an insider s look at life in the Israel Opportunities to make a difference through study work and volunteering Detailed city and regional maps Cultural Connections Follow the Via Dolorosa through Jerusalem Hidden Scoops Hidden Deals Buy silver at bargain prices in the Yafo shuk Off The Beaten Path Join the harvest at one of Israel s 270 kibbutzim The grand daddy of budget guides The New York Times Guides that penetrate the veneer of holiday brochures and mine the grit of real life The Economist Visit Let s Go online at [www.letsgo.com](http://www.letsgo.com) *Imperial Perceptions of Palestine* Lorenzo Kamel,2015-07-03 The Palestine Exploration Fund established in 1865 is the oldest organization created specifically for the study of the Levant It helped to spur evangelical tourism to the region in the late 19th and early 20th centuries which in turn generated a huge array of literature that presented Palestine as a Holy Land in which local populations were often portrayed as a simple appendix to well known Biblical scenarios In the first book focused on modern and contemporary Palestine to provide a top down and a bottom up perspective on the process of simplification of the region and its inhabitants under British influence Lorenzo Kamel offers a comprehensive outlook based on primary sources from 17 archives that spans a variety of cultural and social boundaries including local identities land tenure toponymy religious and political charges institutions and borders By observing the historical dynamics through which a fluid region composed by different cultures and societies has been simplified the author explores how perceptions of Palestine have been affected today WINNER OF THE PALESTINE BOOK AWARD 2016 *Antisemitism in the End Times* Olivier J Melnick,2025-10-07 Find Hope in the Fight Against the Longest Hatred As inflammatory rhetoric and unprovoked violence against Jews surge worldwide Christians are faced with significant questions What is next on God s agenda for His people of promise And how can we as friends of the Jewish people and of Israel fight against this rising hatred Antisemitism in the End Times provides a roadmap for Christians seeking to understand and confront this age old prejudice As this longstanding hatred takes on its most insidious and lethal form yet antisemitism expert Olivier Melnick provides compelling insights to

help you understand antisemitism's many iterations throughout Scripture history and culture replace false narratives about the Jewish people and Israel with historical and biblical truth become an ally in the fight against the dangerous new face of end times antisemitism As your awareness of antisemitism's pervasiveness grows you will be equipped and mobilized to fight boldly against it to build bridges with the Jewish people and to introduce as many as possible to saving faith in Messiah Jesus

Islamophobia Stephen Sheehi, 2010-12-03 Islamophobia The Ideological Campaign Against Muslims examines the rise of anti Muslim and anti Arab sentiments in the West following the end of the Cold War through GW Bush's War on Terror to the Age of Obama Using Operation Desert Storm as a watershed moment Stephen Sheehi examines the increased mainstreaming of Muslim bating rhetoric and explicitly racist legislation police surveillance witch trials and discriminatory policies towards Muslims in North America and abroad The book focuses on the various genres and modalities of Islamophobia from the works of rogue academics to the commentary by mainstream journalists to campaigns by political hacks and special interest groups Some featured Islamophobes are Bernard Lewis Fareed Zakaria Thomas Friedman David Horowitz Ayaan Hirsi Ali Irshad Manji George W Bush Dick Cheney John McCain Hilary Clinton and Barack Obama Their theories and opinions operate on an assumption that Muslims particularly Arab Muslims suffer from particular cultural lacuna that prevent their cultures from progress democracy and human rights While the assertion originated in the colonial era Sheehi demonstrates that it was refurbished as a viable explanation for Muslim resistance to economic and cultural globalization during the Clinton era Moreover the theory was honed into the empirical basis for an interventionist foreign policy and propaganda campaign during the Bush regime and continues to underlie Barack Obama's new internationalism If the assertions of media pundits and rogue academics became the basis for White House foreign policy Sheehi also demonstrates how they were translated into a sustained domestic policy of racial profiling and Muslim baiting by agencies from Homeland Security to the Department of Justice Furthermore Sheehi examines the collusion between non governmental agencies activist groups and lobbies and local state and federal agencies to in suppressing political speech on US campuses critical of racial profiling US foreign policy in the Middle East and Israel While much of the direct violence against Muslims on American streets shops and campuses has subsided Islamophobia runs throughout the Obama administration Sheehi therefore concludes that Muslim and Arab hating emanate from all corners of the American political and cultural spectrum serving poignant ideological functions

Evolution Versus Revolution Melvyn L. Fein, 2017-07-05 Revolutionary and evolutionary theorists have very different views about change Fein writes in favour of evolution He proposes an integrated model of social evolution one that accounts for the complexity inconclusiveness and impediments that characterize social transformations This multi dimensional approach recognizes that change is always saturated in conflict Major changes are rarely initiated by conscious decisions that are automatically implemented power and morality generally control the direction that significant alterations take Fein explains how the social generalist dilemma places our need for both flexibility and stability in opposition to each

other such that non rational mechanisms are needed to produce a solution He also describes how an inverse force rule dictates that small societies are bound together by strong social forces whereas large ones are secured by weak forces This suggests that social roles are likely to become professionalized over time If social change is in fact analogous to natural rather than artificial selection we may be in the midst of an only partially predictable middle class revolution Indeed the current impasse between liberals and conservatives may be evidence that we are in the consolidation phase of this process Should this be the case a paradigm shift not a classical revolution is in our future      **Hearts and Minds** Nachman

Shai,2018-03-08 Small scale wars terrorism and guerilla warfare each characterized by low intensity violence are the new global reality in the twenty first century States in general and liberal democratic states in particular are compelled to develop a new operational approach to deal with these phenomena At the same time the world of diplomacy is experiencing its own upheaval its old closed door practices being displaced by the demand for ongoing public diplomacy Concurrent with these developments individuals and nongovernmental organizations harness the new media revolution to create powerful global networks to promote common causes transcending the state and breaking its exclusive control over information In this book Nachman Shai examines the case of Israel a liberal democratic state faced with an incessant stream of diverse low intensity threats Shai discusses the military political economic legal and public diplomacy fronts of the second intifada 2000 2005 and how Israel deliberated its response in an environment where the state is only one of the players in a global arena in which individuals nongovernmental organizations and international news corporations all operate      *American Jewry*

Christian Wiese,Cornelia Wilhelm,2016-11-03 American Jewry explores new transnational questions in Jewish history analyzing the historical cultural and social experience of American Jewry from 1654 to the present day and evaluates the relationship between European and American Jewish history Did the hopes of Jewish immigrants to establish an independent American Judaism in a free and pluralistic country come to fruition How did Jews in America define their relationship to the Old World of Europe both before and after the Holocaust What are the religious political and cultural challenges for American Jews in the twenty first century Internationally renowned scholars come together in this volume to present new research on how immigration from Western and Eastern Europe established a new and distinctively American Jewish identity that went beyond the traditions of Europe yet remained attached in many ways to its European origins      *Saving Sophie*

Ronald H. Balson,2015-09-15 From Ronald H Balson author of Once We Were Brothers *Saving Sophie* is the powerful story of the lengths a father will go through to protect his daughter and an action packed thriller that will take you on an unforgettable journey of murder and deception testing the bonds of family and love Jack Sommers was just an ordinary accountant from Chicago That is until his wife passed away his young daughter was kidnapped and he became the main suspect in an 88 million dollar embezzlement case Now Jack is on the run hoping to avoid the feds long enough to rescue his daughter Sophie from her maternal grandfather a suspected terrorist in Palestine With the help of the investigative team who

first appeared in *Once We Were Brothers* Liam and Catherine and a new CIA operative a secret mission is launched to not only rescue Sophie but also to thwart a major terrorist attack in Hebron But will being caught in the crossfires of the Palestine Israeli conflict keep their team from accomplishing the task at hand or can they overcome the odds and save countless lives including their own      *Guilty!* James Hutchens,Patty Hutchens,2004 In this heartfelt letter of love to Israel the authors contend that Christians are guilty of loving Israel in a way that only dimly reflects God s eternal love for them and weeping over the Land and people as Jesus did Christian Religion      *Victory for Hire* Molly Dunigan,2011-02-28 At peak utilization private security contractors PSCs constituted a larger occupying force in Iraq and Afghanistan than did U S troops Yet no book has so far assessed the impact of private security companies on military effectiveness Filling that gap Molly Dunigan reveals how the increasing tendency to outsource missions to PSCs has significant ramifications for both tactical and long term strategic military effectiveness and for the likelihood that the democracies that deploy PSCs will be victorious in warfare both over the short and long term She highlights some of the ongoing problems with deploying large numbers of private security contractors alongside the military specifically identifying the deployment scenarios involving PSCs that are most likely to have either positive or negative implications for military effectiveness She then provides detailed recommendations to alleviate these problems Given the likelihood that the U S will continue to use PSCs in future contingencies this book has real implications for the future of U S military and foreign policy
