Myths And Mysteries Of Same Sex Love:

Myths and Mysteries of Same-Sex Love Christine Downing, 2006 *Myths and Mysteries of Same Sex Love* makes a powerful statement about the realities of gay and lesbian psyche A gay and lesbian psychic perspective may at first be startling but once examined it proves to be unforgettable *The Advocate* **Same-Sex Love** Robert H. Hopcke, 1993-02-16 This is the first book to examine the unique ways in which gay men and lesbians make the journey toward the psychic wholeness and balance needed in every life a process C G Jung called individuation Here eighteen prominent therapists and writers offer thought provoking insights into the deep meaning of homosexuality Contributions from Robert A Johnson Christine Downing Robert Bosnak Joseph Henderson John Beebe Robert H Hopcke Howard Teich Morgan Farley Caroline T Stevens Will Roscoe Karin Lofthus Carrington Lyn Cowan Scott Wirth Suzy Naiberg Donald Sandner David J Tacey Eugene Monick and Susan Griffin *Lesbians and Lesbianisms* Claudette Kulkarni, 2012-11-12 Claudette Kulkarni explores lesbian experience from a Jungian and feminist perspective through interviews with women who see themselves as lesbians or who are in a lesbian relationship Although a feminist treatment of the subject challenges the heterosexism of Jungian theory the author presents a link between theory and experience that is consistent with both approaches She concludes that when a woman finds herself loving another woman she is often responding to a profound psychological instinct to act in spite of internal conflict or external opposition and that this is a significant move in the service of personal and collective individuation and a movement toward achieving self understanding **Reader's Guide to Lesbian and Gay Studies** Timothy Murphy, 2013-10-18 *The Reader's Guide to Lesbian and Gay Studies* surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report **LGBTQ+ Literature in the West** Robert C. Evans, 2023-05-18 A survey within one volume of the history of critical responses to LGBTQ literature from the beginning to the present day this book explores changes in attitudes literature and criticism over a period of two and a half thousand years For various reasons it focuses on literature of the West trying to give readers a clear sense within a relatively short compass not only of the development of queer literature perhaps the most encompassing of all terms but especially of critical responses to that literature notably during the past century and particularly the past fifty years All in all this book offers a roadmap to much of the excellent scholarship concerning LGBTQ literature that has arisen in the last half century an era of unparalleled interest in the topic and an era that has moved the topic from the distant sidelines of literary study to a place ever closer to the center of things

But beyond percentages the primary focus of *Male to Male* is the exploration through their own words of how these men experienced same sex feelings what these feelings meant to them the fears surrounding them and the consequences of the collision between their heterosexual identities and their same sex feelings In addition to comparative data on women s same sex feelings as well as on what men say in regard to their feelings about women *Male to Male* includes material from two in depth case studies The first is on Clark an African American man who moved into sex with men in prison His story shows that the need to see gay men as feminine is really a cultural defense against the powerful pull toward the male to male bond and points to the movement to fulfill that bond when this defense is dropped The second is on Zack a gay police officer His story explores the different dimensions and meanings of the male to male bond as these unfolded in his own life while telling about the heterosexually identified men who came out to him about their own same sex feelings *Male to Male* will help you explore same sex feelings in heterosexual men and women same sex feelings in the military prison culture and the heterosexual role the fear of domination the aesthetics of fear and power the dynamics of rape compassionate relationships between heterosexual identified men and much more *Male to Male* provides evidence showing that the identity that really counts constituting the deepest source from which men s sexual feelings for each other spring is not specifically a gay or heterosexual identity That source is rather a male identity and beyond that a human identity
