Myths In Israeli Culture Captives Of A Dream Parkes Wiener Series On Jewish Studies:

Myths in Israeli Culture Nurith Gertz, 2000 Attempts to present different aspects of the rapidly changing Israeli culture through various texts written before and after the establishment of the state of Israel **Culture and Conflict in**

Palestine/Israel Tamir Sorek, 2021-12-26 While the scholarly study of culture as a politically contested sphere in Palestine Israel has become an established field over the past two decades this volume highlights some particular understudied aspects of it the relations between Arab identity Mizrahi identity and Israeli nationalism the nightclub scene as a field of encounter appropriation and exclusion an analysis of the institutional and political conditions of Palestinian cinema the implications of the intersectional relationship between gender ethnicity and national identity in the field of popular culture and the concrete relations between particular aesthetic forms and symbolic power The authors come from diverse disciplines including anthropology architecture ethnomusicology history sociology and political science The chapters in this book were originally published as a special issue of Ethnic and Racial Studies **An Ideological Death** Rachel S. Harris, 2014-08-15 An Ideological

Death Suicide in Israeli Literature examines literary challenges to Israel's national narratives The centrality of the army the mythology of the new Jew the vision of the first Israeli city Tel Aviv and the very process by which a nation's history is constructed are confronted in fiction by many prominent Israeli writers Using the image of suicide A B Yehoshua Amos Oz Etgar Keret Yehudit Katzir Alon Hilu Yaakov Shabtai Benjamin Tammuz and Yehoshua Kenaz each engage in a critical and rhetorical process that examines the nation's formation and reconsiders myths at the heart of the Zionist project In Israeli literature suicide represents a society's compulsion to create impossible ideals that leave its populace disappointed and deluded Yet as Rachel S Harris shows even at their harshest these writers also represent the idealism that helped build Israel as a modern nation state **Scenes and Personalities in Anglo-Jewry, 1800-2000** I. Finestein, 2002 This volume consists

of articles by Israel Finestein written over a period of more than fifty years He was throughout a close observer of the Jewish scene and latterly a prominent participant These wide ranging studies graphically present significant features of Jewish public life in Anglo Jewry or bearing upon that community They include appraisals of conflicting attitudes within both the nineteenth and twentieth centuries the author's contemporary impressions of the Board of Deputies of British Jews of which he first became a member in 1945 written in 1948 9 his assessments of transformations in priorities during the second half of the 20th century the role of the Jewish intellectual and biographical studies or character portrayals of leading personalities including Sir Isaiah Berlin Sir Arthur Goodhart Dr Vivian Lipman and Israel Zangwill Judge Finestein writes as a historian with often personal knowledge of whom and of what he describes This insightful and readable work of human interest is meant for the general reader as much as for the Jewish communal activist or scholar **Jewish Culture and History**, 2007

Disraeli's Jewishness Todd M. Endelman, 2002 The subject of Disraeli's Jewishness was one that obsessed contemporaries but was subsequently downplayed by historians and others until very recently The essays in this volume

provide a new perspective stressing the importance of Disraeli's Jewishness in the construction of his personality ideology and politics as well as in responses to him This collection is an important addition not only to the understanding of Disraeli but also to the workings of race relations in Liberal Victorian Britain **Holocaust Historiography** Dan Mikhman, 2003 A collection of articles lectures and reviews some of them published previously Includes some material not published in the Hebrew version and some which appeared only in the French or German version Partial contents *Forging Modern Jewish Identities* Michael Berkowitz, Susan L. Tananbaum, Sam W. Bloom, 2003 Forging Modern Jewish Identities illuminates facets of modern Jewish identity through engagement with diverse historical moments political and social currents and literature as an aspect of popular culture This volume is distinctive and it can be enjoyed by the general reader as well as having potential as a teaching tool as the experience of Jewry in the United States Britain Central and Western Europe Russia and the Soviet Union is addressed by experts in each of these fields Its introduction places the volume within the burgeoning genre of anthologies that constitutes a significant but little noticed development in Jewish and ethnic national historiography Cutting across disciplinary and national boundaries the articles highlight Jewry's encounter with modernity from the late nineteenth to the mid twentieth centuries While acknowledging the power of acculturation each of the contributions details how Jews transformed themselves individually and communally while reshaping notions of Jewish community and what it means to be a Jew in the modern world *Gender, Place, and Memory in the Modern Jewish Experience* Tova Cohen, 2003 This book is an expression of how the different memories of different gendered experiences affected the Jewish attitudes towards modernity Focusing on three geographical centers pre war and wartime Europe the United States and Israel the fifteen articles provide a backdrop to understanding the variation of Jewish life and identity **Jews and Europe in the Twenty-first Century** Nick J. A. Lambert, 2008 A collection of interviews with more than 90 prominent Jewish intellectuals politicians writers and scientists from across Western Europe Nick Lambert's penetrating interviews and analyses reveal their thoughts fears and hopes for the future Claude Montefiore Daniel R. Langton, 2002 As a revered scholar philanthropist and spiritual authority Claude Montefiore belongs to that important group of learned laymen who have sought to revolutionise Judaism He was a founder of British Liberal Judaism at the turn of the century considered to be the most original Anglo Jewish religious thinker of his day and still remains a highly controversial figure Montefiore infuriated his enemies and often alienated his supporters with his radical agenda in which he applied the findings of historical and literary analysis to the Jewish scriptures attempted to radically systemise rabbinic thought and by his desire to learn from and re-express aspects of Christian theology The extent to which he incorporated the teachings of Jesus and Paul into his own ethical and theological musings makes him unique among Jewish reformers In his dealings with Christians and Christian thought he can also be regarded as a forerunner to those who would later fully partake in Jewish Christian dialogue The Life and Thought of Claude Montefiore is an intellectual history and biography together with an attempt to place Montefiore within the context of Jewish thought

during the late nineteenth and early twentieth centuries Controversially it argues that Montefiore's own personal conception of Liberal Judaism which was never fully appreciated by his followers should be regarded as more than simply a progressive Jewish denomination and rather as an attempt to re mould Reform Judaism in terms of contemporary liberal Christianity Montefiore is an important figure in Anglo Jewish history not least for the way in which his complex identity reflects the difficulty inherent in attempting to make Judaism genuinely relevant to the modern world He Also Spoke as a Jew Haim Chertok, 2006 This exhaustive full scale biography of the twentieth century's most dedicated Gentile fighter against antisemitism is a key resource for those who would like to learn more of Parkes the man and his work in reconciling Christianity and Judaism Virtually alone among Christians James Parkes could audaciously announce to a Jewish audience that he spoke also as a Jew and be greeted not by suspicion but by applause From his birthplace on the island of Guernsey the book focuses on the formative influences on this important but neglected thinker Tracing his career as a maverick historian and clergyman it does not neglect to analyze how his ideas and commitments interacted with the twists and turns of his personal life *Modern Jewish Mythologies* Glenda Abramson, 2000-04-01 Based on the Mason Lectures delivered at the Oxford Centre for Hebrew and Jewish Studies in the winter of 1995 the ten essays in this volume demonstrate the function and dynamic effect Jewish mythologies in social political and psychological life Eli Yassif's introduction illustrates the complex relationship between myth and ritual in modern Jewish culture In a separate essay he focuses on the ancient Jewish tale of the Golem a myth that presents an exemplary test case for the exploration of cultural continuity Using the testimonies of Jewish immigrants from eastern Europe to Britain and the battle on the plain of Latrun in the Israeli War of Independence David Cesarani and Anita Shapira demonstrate that the process of creating myth is related in one way or another to attempts by specific social and ethnic groups to shape their collective memory Along these lines Milton Shain and Sally Frankental interrogate the view that during the apartheid period in South African history South African Jewry operated on a higher moral plane than most other white South Africans And while Nurith Gertz examines the male superhero that dominated the early national Zionist cinema and reflected the center of gravity in the Zionist myth Dan Urian analyzes two Israeli plays produced in the 1990s that examine the myth of the biblical Sarah rewritten from a feminist perspective Other essays examine widely held cultural beliefs of contemporary Western Jewry Jonathan Webber questions whether memory is an essentially Jewish value and remembrance a Jewish moral duty Tudor Parfitt explores Western and Israeli perceptions of the Yemenite Jews and Sylvie Anne Goldberg in examining the evolving role of the chevrah kaddisha in Prague discusses changes in perceptions of communal institutions and traditional and modern Jewish attitudes with regard to death Finally Matthew Olshan offers an analysis of Kafka's animal fables as parables for the Jewish response to tradition State and Society in Roman Galilee, A.D. 132-212 Martin Goodman, 2000 Drawing on the large corpus of extant rabbinic writings Goodman Jewish studies Oxford U describes the formation of rabbinic Judaism in the second century that has shaped Judaism ever since He

argues that the development of the independent and unique Jewish culture of Late Roman Palestine was encouraged by the Roman methods of administration Only a few copies of the 1983 first edition developed from his dissertation were printed in a new preface he summarizes developments in the scholarship since then Distributed in the US by ISBS Annotation copyrighted by Book News Inc Portland OR **Between Auschwitz and Jerusalem** Yosef Gorni,2003 Between these two points in time Professor Gorni examines the intellectual and spiritual complexities in Public Thought examining the topic of collective identity of the Jewish people throughout the world focusing particularly on Jewish identity in the USA and Israel and also touching on the Anglo Jewish community Taking a multi dimensional approach the author compares the thoughts and attitudes of various Jewish groups and seeks to understand the ties that bind them through the prism of theological academic political and ideological discourse concerning the Holocaust and the State of Israel This book raises an important issue can the Jews scattered around the free world be a nation without their unique bipolar ethos Can the Jewish people survive the trend towards universalism which even now is undermining their unique ethnic status BOOK JACKET

Campaigner Against Antisemitism Colin Richmond,2005 James Parkes Anglican priest and religious philosopher cried out to an unheeding Church about the fate threatening the Jews of Europe When it failed to respond in the measure he sought he concentrated his energies on combating anti Semitism in Christian teaching and reaching out in reconciliation to the Jews whom he believed Christianity had failed This is the first full biography of a very colourful character

Approaching the Holocaust Robert Rozett,2005 This is a unique book comprising seven essays designed to make the reader think more critically about the Holocaust It combines the author s familiarity with the history research bibliography and teaching of the Holocaust to present clear examples of the importance of approaching the subject critically It provides the tools necessary for those that read and study the Holocaust to find their way in the ever growing bibliography of the subject *In Search of Refuge* Bat-Ami Zucker,2001 Zucker history Bar Ilan U Israel examines how the US consuls perceived interpreted and administered immigration policy towards Jewish refugees during the Nazi regime exploring the relationship of consuls with the US State Department as well as obvious examples of prejudice in obstructing the entry of refugees She argues that the US held a restrictive policy in terms of both interpretation and administration of the law which was due in large part to consular anti Semitism Distributed by ISBS c Book News Inc For Our Freedom and Yours Daniel Blatman,2003 Only social and economic integration predicated on full civic equality coupled with the maintenance of Jewish cultural singularity the Bund argued would assure the Jews a just existence among the surrounding peoples *American Book Publishing Record* ,2000-07
