Where this Lake is Jeff Lodge, 1997 An American operating a restaurant in a small town in Guatemala investigates the murder of a local man shot and thrown in a lake Jerry Hopkins realizes the probe is a dangerous enterprise for a gringo to undertake but the victim was his friend **Myths & Voices** David Lampe, 1993 Anthology of French and English speaking Canadian stories **Canadian Selection** Alvan Bregman, Ontario. Ministry of Citizenship and Culture, University of Toronto. Centre for Research in Librarianship, 1985 Canadian Books in Print, 2003 **Contemporary Canadian Women's Fiction** C. Howells, 2003-08-22 This book charts the significant changes in contemporary Canada's literary profile since the mid 1990s within a context of the new national rhetoric of multiculturalism By looking closely at a representative range of fictions in English by women from a variety of ethnocultural backgrounds Howells examines the complexities embedded within Canadian identity What does Refiguring Identities mean for these writers given their individual agendas and the multiple affiliation of any woman's identity construction All these writers are engaged in rewriting history across generation and Howells argues that woman's fiction negotiates new possibilities for cultural change introducing more heterogeneous narratives of identity in multi cultural Canada **Contemporary Authors** CONTEMPORARY., 1981 **Canadian Books in Print. Author and Title Index**, 1975 *Voices and Echoes* Jo-Anne Elder, Colin O'Connell, Canadian Corporation for Studies in Religion, 1997-10-15 Every time we raise our voices we hear echoes Jo Anne Elder from the Foreword Through short stories journal entries and poetry the women in *Voices and Echoes* explore the changing landscape of their spiritual lives Experienced writers such as Lorna Crozier Di Brandt and Ann Copeland as well as strong new voices appear to speak to each other as they draw from a wealth of personal resources to find a way to face life's questions and discover meaning in their lives There is something familiar about these stories and poems they echo those we've heard before and those we've half forgotten Whether they search for a voice in a world where men monopolize or journey into painful memories to free the self from the past they do not despair they do not end Individual entries become the whole story an unending story of rebirth and reaffirmation The book begins with an illuminating foreword that introduces readers to the cultural and philosophical background of many of the stories and concludes with the reflections of scholars writers and artists that are intended to provoke further discussion Contemporary Authors, New Revision Series CONTEMPORARY., 1981 Quill & Quire, 2005

The Canadian Short Story Reingard M. Nischik, 2007 Beginning in the 1890s reaching its first full realization by modernist writers in the 1920s and brought to its heyday during the Canadian Renaissance starting in the 1960s the short story has become Canada's flagship genre It continues to attract the country's most accomplished and innovative writers today among them Margaret Atwood Mavis Gallant Alice Munro Carol Shields and many others Yet in contrast to the stature and popularity of the genre and the writers who partake in it surprisingly little literary criticism and theory has been devoted to the Canadian short story This collection redresses that imbalance by providing the first collection of critical interpretations

of a range of thirty well known and often anthologized Canadian short stories from the genre's beginnings through the twentieth century. A historical survey of the genre introduces the volume and a timeline comparing the genre's development in Canada, the US and Great Britain via representative examples completes it. The collection is geared both to specialists in and to students of Canadian literature. For the latter it is of particular benefit that the volume provides not only a collection of interpretations but a comprehensive introduction to the history of the Canadian short story. Reingard M Nischik is professor and chair of American Literature at the University of Constance, Germany.

Contemporary Literary and Cultural Theory Michael Groden, Martin Kreiswirth, Imre Szeman, 2012-11-01 This helpful guide serves as an introduction to contemporary literary theory. *Contemporary Literary and Cultural Theory: The Johns Hopkins Guide* is a clear, accessible and detailed overview of the most important thinkers and topics in the field. Written by specialists from across disciplines, its entries cover contemporary theory from Adorno to Žižek, providing an informative and reliable introduction to a vast, challenging area of inquiry. Materials include newly commissioned articles along with essays drawn from *The Johns Hopkins Guide to Literary Theory and Criticism*, known as the definitive resource for students and scholars of literary theory and for philosophical reflection on literature and culture.

Uneasy Alliance Hans Bak, 2004 *Uneasy Alliance* illuminates the recent search in literary studies for a new interface between textual and contextual readings. Written in tribute to G. A. M. Janssens, the twenty-one essays in the volume exemplify a renewed awareness of the paradoxical nature of literary texts both as works of literary art and as documents embedded in and functioning within a writer's life and culture. Together they offer fresh and often interdisciplinary perspectives on twentieth-century American writers of more or less established status: Henry James, Edna St. Vincent Millay, E. E. Cummings, Vladimir Nabokov, Flannery O'Connor, Saul Bellow, Michael Ondaatje, Toni Morrison and Sandra Cisneros, as well as on those who, for reasons of fashion, politics, ideology or gender, have been unduly neglected: Booth Tarkington, Julia Peterkin, Robert Coates, Martha Gellhorn, Isabella Gardner, Karl Shapiro, the young Jewish American writers, Julia Alvarez and writers of popular crime and detective fiction. Exploring the fruitful interactions and uneasy alliance between literature and ethics, film, biography, gender studies, popular culture, avant-garde art, urban studies, anthropology and multicultural studies, together these essays testify to the ongoing pertinence of an approach to literature that is undogmatic, sensitive and sophisticated and that seeks to do justice to the complex interweavings of literature, culture and biography in twentieth-century American writing.

Reading In JoAnn McCaig, 2006-01-01 What can we learn about authorship through a reading of a writer's archive? Collections of authors' manuscripts and correspondence have traditionally been used in ways that further illuminate the published text. JoAnn McCaig sets out to show how archival materials can also provide fascinating insights into the business of culture, reveal the individuals, institutions and ideologies that shape the author and her work and describe the negotiations that occur between an author and the cultural marketplace. Using a feminist cultural studies approach, JoAnn McCaig reads in to the archives of acclaimed Canadian short story writer Alice Munro in order to explore

precisely how the terms Canadian woman short story and writer are constructed in her writing career Munro's correspondence with mentor Robert Weaver agent Virginia Barber publishers Doug Gibson and Ann Close and writer John Metcalf tell a fascinating story of how one very determined and gifted writer made her way through the pitfalls of the culture business to achieve the enviable authority she now claims McCaig's discussion of her own difficulties with obtaining copyright permission for the book raises important questions about freedom of scholarly inquiry and about the unforeseen difficulties and limitations of archival research Despite these difficulties McCaig's reading of the Munro archives succeeds in examining the business of culture the construction of the aesthetic and the impact of gender genre nationality and class on authorship While on one level telling the story of one author's career the progress of Alice Munro so to speak the book also illustrates how cultural studies analysis suggests ways of opening up the rich but underutilized literary resource of authorial archives to all researchers
