Nakedness Of The Fathers Biblical Visions And Revisions:

The Nakedness of the Fathers Alicia Ostriker, 1994 Like much twentieth century feminist writing today this book crosses the boundaries of genre Biblical interpretation combines with fantasy autobiography and poetry Politics joins with eroticism Irreverence coexists with a yearning for the sacred Scholarship contends with heresy Most excitingly the author continues and extends the tradition of arguing with God that commences in the Bible itself and continues now as it has for centuries to animate Jewish writing The difference here is that the voice that debates with God is a woman's In her introduction *Entering the Tents* Ostriker defines the need to struggle against a tradition in which women have been silenced and disempowered and to recover the female power buried beneath the surface of the biblical texts In *The Garden* she reinterprets the mythically complex stories of Creation Then she considers the stories of The Fathers from Abraham and Isaac to Moses David and Solomon and their wives mothers and sisters In *The Return of the Mothers* she begins with a radical new interpretation of the book of Esther includes a meditation on the silenced wife of Job and the idea of justice and concludes with a fable on the death of God and a prayer to the Shekhinah the feminine aspect of God Ostriker refuses to dismiss the Bible as meaningless to women Instead in this angry eloquent visionary book she attempts to recover what is genuinely sacred in these sacred texts

The Rhetoric of Topics and Forms Gianna Zocco, 2021-01-18 The fourth volume of the collected papers of the ICLA congress *The Many Languages of Comparative Literature* includes articles that study thematic and formal elements of literary texts Although the question of prioritizing either the level of content or that of form has often provoked controversies most contributions here treat them as internally connected While theoretical considerations inform many of the readings the main interest of most articles can be described as rhetorical in the widest sense given that the ancient discipline of rhetoric did not only include the study of rhetorical figures and tropes such as metaphor irony or satire but also that of *topoi* which were originally viewed as the places where certain arguments could be found but later came to represent the arguments or intellectual themes themselves Another feature shared by most of the articles is the tendency of undeclared thematology which not only reflects the persistence of the charge of positivism but also shows that most scholars prefer to locate themselves within more specific often interdisciplinary fields of literary study In this sense this volume does not only prove the ongoing relevance of traditional fields such as rhetoric and thematology but provides contributions to currently flourishing research areas among them literary multilingualism literature and emotions and ecocriticism

Literature, theology and feminism Heather Walton,2019-01-04 This book offers an authoritative overview of the broad and complex terrain of feminist theorising concerning the relationship between literature and theology as it has developed over the past several decades It provides the first comprehensive evaluation of the significance of women s literature in the development of feminist theology and offers a critique of the variety of reading practices currently employed by religious feminists As well as illuminating current reading strategies the work argues that it is now appropriate for feminists to develop new ways of reading the divine in women s writing Drawing upon the pioneering work of Helene Cixous Julia Kristeva and Luce Irigaray the work sets out a new framework for feminist religious reading that is both creative and challenging and which will be of interest both to scholars and students in this area Through its artful and compelling feminist reconsiderations the book makes a refreshing and significant contribution to the general field known as literature and theology *Poems of Devotion* Luke Hankins,2012-11-30 Poems of Devotion is a collection of the finest recent poems in the devotional mode which the editor examines in detail in the introductory essay The seventy seven poets collected here demonstrate the ongoing vitality of poetry as a spiritual practice in the long tradition of poets psalmists and mystics from the East and West This is an anthology that will prove deeply rewarding in the classroom at home or in the library of your religious institution Daughters of Abraham Yvonne Yazbeck Haddad,John L.
