The Iran Nuclear Issue Yael Ronen, 2010-05-31 Controversy over the Iranian nuclear policy has been mounting in both legal and political circles since the early 2000s Most recently the IAEA tasked with verifying compliance of Member States with the NPT has been expressing concern that Iran s nuclear efforts are directed not solely at peaceful uses but also at military purposes In response various States have tried individually and collectively to engage Iran in agreed frameworks of action that would include an Iranian self imposed restraint regarding its nuclear development This volume documents the Iranian nuclear issue tracing the evolution of international interest and concern with Iran s nuclear policy since the 1970s when Iran began earnest efforts to acquire nuclear capabilities Emphasis is placed on events since 2002 2003 when it was established that Iran had concealed certain aspects of its nuclear activities from IAEA Alongside reports of the IAEA and Security Council documents the volume covers diverse sources rather than relying solely on UN organs and agencies

Indochinese Experience of the French and the Americans Arthur J. Dommen, 2002-02-20 Dommen's book promises to be the definitive political history of Indochina during the Franco American era William M Leary E Merton Coulter Professor of History University of Georgia This magisterial study by Arthur J Dommen sets the Indochina wars French and American in perspective as no book that has come before He summarizes the history of the peninsula from the Vietnamese War of Independence from China in 930-39 through the first French military actions in 1858 when the struggle of the peoples of Indochina with Western powers began Dommen details the crucial episodes in the colonization of Indochina by the French and the indigenous reaction to it The struggle for national sovereignty reached an acute state at the end of World War II when independent governments rapidly assumed power in Vietnam and Cambodia When the French returned the struggle became one of open warfare with Nationalists and Communists gripped in a contest for ascendancy in Vietnam while the rulers of Cambodia and Laos sought to obtain independence by negotiation The withdrawal of the French after their defeat at Dien Bien Phu brought the Indochinese face to face whether as friends or as enemies with the Americans In spite of an armistice in 1954 the war between Hanoi and Saigon resumed as each enlisted the help of foreign allies which led to the renewed loss of sovereignty as a result of alliances and an increasingly heavy loss of lives Meticulous and detailed Dommen's telling of this complicated story is always judicious Nevertheless many people will find his analysis of the Diem coup a disturbing account of American plotting and murder This is an essential book for anyone who wants to understand Vietnam and the people who fought against the United States and won
