

A man in a military uniform, wearing glasses and a beret, is shown in profile, looking out over a battlefield. The background is a hazy, blue-tinted landscape with smoke and debris. The overall mood is somber and reflective.

Hearings United States. Congress. House. Committee on Armed Services,1969      *Fools and Knaves* Howard Green,2014-03 Republicans have proven adept at getting middle class voters to vote against their own pocketbooks George W Bush and his advisors promised economic growth jobs and an ownership society but delivered a housing finance bubble Wall Street profits fueled by fraud a recession budget deficits low economic growth massive job losses and upward transfers of middle class wealth In *Fools and Knaves* author Howard Green explores both the short term and long term effects of Republican controlled government on the nation When the Republicans left town they handed the tab for clean up to taxpayers and then obstructed every effort to repair the economy that they broke What s more they now favor cuts to government programs for the poor government shutdowns and threats of credit default The financial crisis of 2007 was no accident it flowed from GOP policies that were intended to benefit the 1 percent as well as themselves Republicans succeeded beyond their wildest dreams and today the wealthiest among us pocket virtually all the gains associated with the rebuilding of our economy Meanwhile the middle class suffers home foreclosures job losses and reductions in real income *Fools and Knaves* makes it clear that while appealing largely to social conservatives and older white blue collar voters Republicans make promises to the middle class but actually deliver results only to the wealthy Everyone else especially those who are younger better educated female and from minority households is now getting the message Republicans have nothing to offer them      **Nationalist in the Viet Nam Wars** Công Luận Nguyễn,2012-02-07 This extraordinary memoir tells the story of one man s experience of the wars of Viet Nam from the time he was old enough to be aware of war in the 1940s until his departure for America 15 years after the collapse of South Viet Nam in 1975 Nguyen Cong Luan was born and raised in small villages near Ha Noi He grew up knowing war at the hands of the Japanese the French and the Viet Minh Living with wars of conquest colonialism and revolution led him finally to move south and take up the cause of the Republic of Viet Nam exchanging a life of victimhood for one of a soldier His stories of village life in the north are every bit as compelling as his stories of combat and the tragedies of war This honest and impassioned account is filled with the everyday heroism of the common people of his generation      **Control Freak** Cliff Bleszinski,2022-11-01 The designer of Unreal and Gears of War offers an eye opening personal account of the video game industry as it grew from niche hobby to hundred billion dollar enterprise Video games are dominating the planet In 2020 they brought in 180 billion dollars globally nearly 34 billion in the United States alone So who are the brilliant designers who create these stunning virtual worlds Cliff Bleszinski or CliffyB as he is known to gamers is one of the few who ve reached mythical rock star status In *Control Freak* he gives an unvarnished all access tour of the business Toiling away in his bedroom Bleszinski created and shipped his first game before graduating high school and at just seventeen joined a fledgling company called Epic Games He describes the grueling hours obscene amounts of Mountain Dew and obsessive focus necessary to achieve his singular creative visions He details Epic s rise to

industry leader thanks largely to his work on bestselling franchises Unreal and Gears of War and later his input on a little game called Fortnite as well as his own awkward ascent from shy acne riddled introvert to sports car driving celebrity rubbing shoulders with Bill Gates As he writes No one is weirder than a nerd with money While the book is laced with such self deprecating humor Bleszinski also bluntly addresses the challenges that have long faced the gaming community including sexism and a lack of representation among both designers and the characters they create Control Freak is a hilarious thoughtful and inspiring memoir Even if you don't play games you'll walk away from this book recognizing them as a true art form and appreciating the genius of their creators

Hearings Before and Special Reports Made by Committee on Armed Services of the House of Representatives on Subjects Affecting the Naval and Military Establishments, West Pac George Yenney, 2014-09-09 This cruise didn't begin well and it will not end well he told Keoke Heavy and me His distant mystical look sent shivers up our spines In the belly of a ship decades old in the heat and the humidity and the rank stench of filthy men days unwashed the crew of the ancient USS Topa rot They do their duty as slaves to the U S Navy the supply lifeline of the fleet that hovers off of the coast of Vietnam in 1969 engaged in a never ending war But to their commanders as sailors they are nothing And as enlisted men they are even less Strangers at first the men of the USS Topa a ragtag group from all walks of life find themselves an ocean away from home struggling together not against the communists their country is fighting but against their own officers Slowly but surely under the iron fist of the Navy prejudice hatred and fear run rampant among the crew And amidst the long voyage they are left to wonder if any of them will make it back to the states at all
