Applying Name Meaning in Relationships The Future of Name Meaning Analysis Conclusion Empowering Yourself through Name Meaning **An Analysis of Longevity** Shalini Dhasmana, Analysis of Longevity An Astrologer can only give an Indication of what promise the future holds Only Brahma the creator can say with certainty what will definitely happen This applies most appropriately to Longevity determination Matters like longevity cannot be decided by us mortals They are in the hands of the supreme power and an Astrologer who wishes indulge in longevity determination needs help of this super power to make the correct judgement Ayu Nirnay is a very serious and a deep subject xw **Principles of Ashtakvarg** Arun Bansal, Our ancient sages Rishis have introduced such a fine method in Horashastra that can help us find out the benignity and malignity of planets and their influence on the life of mankind They produced a system that can be helpful in finding out the lines and points The system is called Ashtakavarga By this system it is easy to find the good and evil effects of the deeds of a man Even a learned and well educated astrologer cannot attain the desired success without the knowledge of Ashtakavarga It is not possible to find out the benefic and malefic results caused due to the merits and demerits of the horoscope of a person without the knowledge of Ashtakavarg The author of this book had started studying the system some twenty years back and came to the conclusion that there is no system better than this that could make an accurate prediction By Ashtakavarga all the malefic and benefic outcome of the deeds of a man can be found out scientifically With the help of this system a minute prediction can be cast A fine theory of the relation between individual and society is applicable on this system There can be some differences on the results predicted by Vimshothari and transit on the basis of planets and houses on signs and ascendants In these circumstances how can a true prediction be made That is why the ancient astrologers have advised to use the Ashtakavarga system It is very hard to find out the effects time and nature of a planet by the common theories of Falit but by this system this is possible For instance a planet will enhance the influence related to its own house if it is conjoined with or aspected by benefic planets while situated in own exalted or friendly sign This is a widely accepted theory But the question is what enhancement will take place in the sphere of the said aspect by that particular planet i e what will be the ratio of the benefic and malefic results It is in this regard that the Ashtakavarga system is considered to be very authentic and decisive With its help prediction regarding the ratio of gains auspicious directions gains from brothers results of planets in transit etc and the age wealth education wisdom relation between husband and wife happiness property land vehicle and deeds of a man can be made easily **Domestic Vastu** Pramod Kumar Sinha, This book talks about the fundamentals of domestic vastu The word Vastu originated from the Sanskrit word Vas and the meaning of this word is to live life or to reside The word Vasu originated from Vas and finally this word Vastu originated from Vasu Meaning of the word Vastu is a place where a person resides The meaning of Shastra is a book which deals with the mysterious and systematic explanation of a subject therefore the meaning of Vastushastra is a book related to the residence The origin and anatomy of Vastushastra is based on the principle of the five elements of creation As our body is also made up of these five elements if

enough attention is paid to the incorporation of these five elements in the construction of a house then the people residing in the building shall reside happily These five elements are Earth Water Fire Air and Space Our universe also is made up of these five elements only Therefore the saying goes Yatpindetatbramhande God bhagwan has given these five gifts to us from bha bhumi land from ga gagan sky ether from va vayu air from na neer water God is represented by the symbol Om These five elements are present in this Om also Aa is Agni fire Au is Jal water Ma is Vayu air W ardhachandra is Bhoomi land and 0 is Akash ether sky Similarly the word Vastu also denotes these five elements From Va Vayu air from Aa Agni fire from Sa Srishti Bhoomi land from Ta Tat means Akash ether sky and from Au Jal water These five elements also are represented by the five planets 1 Earth is represented by Mars 2 Water is represented by Venus 3 Fire is represented by Sun 4 Air is represented by Saturn 5 Ether is represented by Jupiter Similarly mind is controlled by Moon Intelligence is controlled by Mercury Ego and arrogance is controlled by Rahu and moksha or spirituality by Ketu Disbalance of these elements in the body produces ill health and disease In a similar manner the disbalance of these elements in a house creates varied kind of troubles for the persons living in it There are unlimited forces present in nature Some of these forces influence us for example the gravitational force of earth the magnetic and electrical energy of the universe and the electromagnetic force present everywhere These energies also exist in the constructed house and they continue influencing the electromagnetic force present in the human body This produces the auspicious or inauspicious results These results vary from place to place depending on the geographical location For these reasons the results of vastu principles are not the same all over the world They differ according to the longitude and latitude of the place They also differ according to the horoscope of the person concerned If man goes along with the flow of nature s energies it produces good health progress and prosperity If he goes against the flow of nature he faces hurdles and obstructions everywhere Hence it is utmost important and necessary for us to organize our lives according to nature only then we can live happily Halayudha kosha says that Vastu is that art of house construction which starts from Ishan kona etc and which protects the residents of the house from natural calamities and obstructions
