Naming Our Truth Ann Patrick Ware, 1995 Reference Guide to Christian Missionary Societies in China: From the Sixteenth to the Twentieth Century R. G. Tiedemann, 2016-07-01 This comprehensive guide will facilitate scholarly research concerning the history of Christianity in China as well as the wider Sino Western cultural encounter It will assist scholars in their search for material on the anthropological educational medical scientific social political and religious dimensions of the missionary presence in China prior to 1950 The guide contains nearly five hundred entries identifying both Roman Catholic and Protestant missionary sending agencies and related religious congregations Each entry includes the organization's name in English followed by its Chinese name country of origin and denominational affiliation Special attention has been paid to identifying the many small lesser known groups that arrived in China during the early decades of the twentieth century In addition a special category of the as yet little studied indigenous communities of Chinese women has also been included Multiple indexes enhance the guide s accessibility Catholic Women's Rhetoric in the United States Elizabethada A. Wright, Christina R. Pinkston, 2022-01-28 Building on various feminist theories of ethos the authors in this collection explore how North American Catholic women from various periods races ethnicities sexualities and classes have used elements of the group's positionality to make change The women considered in the book range from the earliest Catholic sisters who arrived in the United States to women who held the Church hierarchy accountable for the sexual abuse scandals The book analyzes women such as those in an African American order who developed an ethos that would resist racism Chapters also consider better known Catholic women such as Dolores Huertas Mary Daly and Joan Chittister Centered in Christ and Not in Self Angelyn Dries, 2017-07-25 The story of the one hundred years 19182018 of the Missionary Society of St Columban is filled with adventure stress and danger with the humdrum of daily life with martyrs twenty seven of them thus far including Columban Sister Joan Sawyer with innumerable personal and society global connections and issues with men who went from the familiarity of daily life and people they knew to lands and people unknown to bring the good news The story is charged with humor and courage along with faith hope and love The people in this story lived within particular national histories and an evolving global Christianity The history of the US region of the Missionary Society of St Columban interacts with movements of Catholic and American history These contexts influenced the ability of the Columbans to grow in the United States to provide desperately needed resources for the missions and to further Catholic engagement in Handbook of Christianity in China Nicolas Standaert, R. G. Tiedemann, 2009-12-01 The second volume on the mission Christianity in China covers the period from 1800 to the present day dealing with the complexities of both Catholic and The Social Movement Society David S. Meyer, Sidney G. Tarrow, 1998 Scholars consider ways in which Protestant aspects the social movement has changed as a politics and how it changes the societies in which it occurs This volume contains revealing perspectives on the effectiveness of social protest Sisters in Crisis Ann Carey Schmiedeler, 2013-06-11 Fifty

years ago nearly 200 000 religious sisters worked in Catholic schools hospitals and other institutions throughout the United States American Catholics honored these women of faith who founded and built these flourishing works of mercy Then came the ideological shifts and moral upheavals of the 1960s and ever since most women s orders in the United States have been in a state of crisis Now the sisters are aging with fewer and fewer younger women to take their place Perhaps related to this demographic shift is the continuing doctrinal confusion that has come under the scrutiny of the Vatican Using the archival records of the Leadership Conference of Women Religious and other prominent groups of sisters journalist and author Ann Carey shows how feminist activists unraveled American women's religious communities from their leadership positions in national organizations and large congregations She also explains the recent and necessary interventions by the Vatican After examining the many forces that have contributed to the crisis Carey reports on a promising sign of renewal in American religious life the growing number of young women attracted to older communities that have retained their identity and newly formed yet traditional congregations The Veil Jennifer Heath, 2008-07-02 Veiling is a globally polarizing issue a locus for the struggle between Islam and the West and between contemporary and traditional interpretations of Islam This book examines the vastly misunderstood and multi layered world of the veil It explores and analyzes the cultures politics and histories of veiling Faithful and Fearless Mary Fainsod Katzenstein, 2021-01-12 Riots and demonstrations the lifeblood of American social and political protest in the 1960s are now largely a historical memory But Mary Fainsod Katzenstein argues that protest has not disappeared it has simply moved off the streets into the country's core institutions As a result conflicts over sexual harassment affirmative action and the rights of women gays and lesbians and people of color now touch us more than ever in our daily lives whether we are among those seeking change or those threatened by its prospects No one is more aware of this than women demanding change from within the United States military and the American Catholic church Women in uniform are deeply patriotic and women active in the church are devoted to their callings Yet Katzenstein shows that these women often feel isolated and demeaned confronted by challenges as subtle as condescension and as blatant as career obstruction Although faithful to their institutions many have proved fearless in their attempts to reshape them Drawing on interviews with over a hundred women in the military and the church including senior officers combat pilots lay activists and nuns this book gives voice to the struggles and vision of these women as they have moved protest into the mainstream Katzenstein shows why the military and the church similarly hierarchical and insistent on obedience have come to harbor deeply different forms of protest She demonstrates that women in the military have turned to the courts and Congress whereas feminists in the church have used discursive protests writing organizing workshops and conferences to rethink in radical ways the meanings of faith and justice These different strategies she argues reflect how the law regulates the military but leaves the church alone Faithful and Fearless calls our attention to protest within institutions as a new stage in the history both of feminism and of social movements in America The book is an inspiring account of strength in the face of

adversity and a groundbreaking contribution to the study of American feminism social protest and the historical development of institutions in American society **Sisters in Crisis, Revisited** Ann Carey, 2013-01-01 Fifty years ago nearly 200 000 religious sisters worked in Catholic schools hospitals and other institutions throughout the United States American Catholics honored these women of faith who founded and built these flourishing works of mercy Then came the ideological shifts and moral upheavals of the 1960s and ever since most women s orders in the United States have been in a state of crisis Now the sisters are aging with fewer and fewer younger women to take their place Perhaps related to this demographic shift is the continuing doctrinal confusion that has come under the scrutiny of the Vatican Using the archival records of the Leadership Conference of Women Religious and other prominent groups of sisters journalist and author Ann Carey shows how feminist activists unraveled American women s religious communities from their leadership positions in national organizations and large congregations She also explains the recent and necessary interventions by the Vatican After examining the many forces that have contributed to the crisis Carey reports on a promising sign of renewal in American religious life the growing number of young women attracted to older communities that have retained their identity and newly formed yet traditional congregations Subversive Habits Shannen Dee Williams, 2022-03-21 In Subversive Habits Shannen Dee Williams provides the first full history of Black Catholic nuns in the United States hailing them as the forgotten prophets of Catholicism and democracy Drawing on oral histories and previously sealed Church records Williams demonstrates how master narratives of women's religious life and Catholic commitments to racial and gender justice fundamentally change when the lives and experiences of African American nuns are taken seriously For Black Catholic women and girls embracing the celibate religious state constituted a radical act of resistance to white supremacy and the sexual terrorism built into chattel slavery and segregation Williams shows how Black sisters such as Sister Mary Antona Ebo who was the only Black member of the inaugural delegation of Catholic sisters to travel to Selma Alabama and join the Black voting rights marches of 1965 were pioneering religious leaders educators healthcare professionals desegregation foot soldiers Black Power activists and womanist theologians In the process Williams calls attention to Catholic women's religious life as a stronghold of white supremacy and racial segregation and thus an important battleground in the long African American freedom struggle

Sister Servants Margaret A. Hogan, 2008 American Saint Joan Barthel, 2014-03-04 A fascinating biography of Elizabeth Seton who shocked high society by converting to Catholicism a faith that was illegal in New York when she was born Booklist In this riveting biography of the first American saint Joan Barthel tells the mesmerizing story of a woman whose life encompassed wealth and poverty passion and sorrow love and loss Elizabeth was born into a prominent New York City family in 1774 when Catholicism was illegal and priests in the city were arrested and sometimes hanged Her father was the chief health officer for the Port of New York and she lived down the block from Alexander Hamilton She danced at George Washington's sixty fifth Birthday Ball in cream slippers monogrammed When Elizabeth and her husband sailed to Italy in a

doomed attempt to cure his tuberculosis she and her family were quarantined in a damp dungeon And when after she was widowed Elizabeth became a Catholic she was so scorned that people talked of burning down her house American Saint is the inspiring story of a brave woman who forged the way for other women who followed and who made a name for herself in a world entirely ruled by men Founder of the Sisters of Charity she resisted male clerical control of her religious order and she also started America's first Catholic school laying the foundation of an educational system that would help countless children thrive in a new nation Compelling an exquisite story of Seton's inspiring life Readers interested in Catholic history and U S history should not overlook this important biography Publishers Weekly Barthel is a fine and insightful observer of this larger than life woman who was so far ahead two hundred years ago that we re still catching up with her Gloria Steinem Includes a foreword by Maya Angelou American Catholic Studies ,2006 Building Sisterhood Sisters, Servants of The Immaculate Heart of Mary, 1997-06-01 The often forgotten role of Catholic sisters is told in experiences deeply rooted in self realization and feminist methodology In this collection of thirteen essays the contributors illuminate the little known world of a very creative and committed community of women their aspirations their values their mission. An often neglected part of feminist research this type of sisterly collaboration affirms the seminal paradigms in women s work and writing These essays deal with many of the same issues of power economic autonomy friendship spirituality socialization and professional commitment encountered in other feminist endeavors Building Sisterhood gives the reader insight into the rigorous training involved in becoming a nun including the complex relationships between the Monroe community other IHM sites and within the intricate church hierarchy Feminist historian Margaret Susan Thompson places the essays within a historical context and provides detailed background for those unfamiliar with the life duty and experience of Catholic sisters This book will make a unique contribution to feminist scholarship religious studies and women s history The Missionary Movement in **American Catholic History** Angelyn Dries, 1998 This is the first general history of American Catholic mission treating not only its institutions but its human and religious aspects as well It shows how the church in the United States not only sent thousands of men and women overseas but also evangelized internally and incorporated millions of immigrants Angelyn Dries offers a thoroughly researched and nuanced view of this history and its profound influence on the emergence of a distinctive American Catholic identity The Missionary Movement in American Catholic History opens with Iberian and French mission efforts on the continent prior to 1776 moves to the situation within the English colonies and the fledgling United States and then on to mission beyond U S borders from 1820 Dries continually places the movement in context discussing such issues as Nativism the frontier experience of whites the fate of Amerindians the trans Atlantic slave trade and the growth of African American Catholicism From 1898 to 1980 Dries considers the experiences of the two World Wars the rapid decolonizations of Africa and Asia and the U S s increasingly anti Communist political stance With the advent of Vatican II Dries shows American Catholics entered more deeply into conscious dialogue with their Protestant brothers and sisters as well as with

Jews By 1980 this public dialogue included non believers and followers of the world religions in a broadening ecumenism Dries concludes with issues facing the missionary movement beyond 1980 including formation and gender issues the understanding and practice of mission in the future and the unfinished agenda of the U S Bishops pastoral To the Ends of the Earth The Missionary Movement in American Catholic History is a remarkably comprehensive work must reading for missioners and church historians Readings in Comparative Politics Mark Kesselman, Joel Krieger, 2006 Readings in Comparative Politicsis divided into six sections States and Regimes Governing the Economy the Democratic Challenge Politics of Collective Identity Political Institutions and Public Policies and Political Challenges and Changing Agendas that correspond to the four main themes found in Kesselman sIntroduction to Comparative Politicssurvey text The selected readings are drawn from a variety of published unpublished and electronic sources. They tend to be general and theoretical in nature and were carefully selected to provide a good sample of the wide range of popular and scholarly views relevant to the major topics presented in introductory courses The readings provide an extended opportunity to consider the four main themes used in the textbook A World of States Governing the Economy the Democratic Challenge and the Politics of Collective Identity Excerpts are culled from a variety of sources including scholarly articles from journals and books op ed and newspaper articles government statements and statements by interest groups and NGOs in the U S and other countries including published sources and material disseminated by the Internet Books in Print, 1991 **Subject Guide to Books in Print** ,1991 <u>Unruly Catholic Nuns Jeana DelRosso, Leigh Eicke, Ana Kothe, 2017-07-25 Explores the voices of current</u> and former Catholic nuns as they share their lived experiences with Catholicism both in accordance and in conflict with the institutional Church Unruly Catholic Nuns explores the voices of current and former Catholic nuns and by doing so contributes to the global conversation about the role of women in the Catholic Church today Through autobiography fiction poetry and prose Sisters and former nuns write about their lived experiences with Catholicism both in accordance and in conflict with the institutional Church Through their stories we learn how these women act out their missions of social justice challenge cultural and governmental policies and attempt to reconcile their unruliness with their religious orders and the strictures of the church hierarchy At a time when questions of gender religion race and sexuality are provoking intense debate within Catholicism and other Christian traditions and when religion is frequently invoked in political rhetoric these stories provide a vital corrective to our contemporary understanding of the role of women and nuns in the Roman Catholic Church I love this book I swear I do for though my Sister teachers taught me not to swear they also winked me permission to dare In Unruly Catholic Nuns these Sisters are unveiled we get to hear voices long repressed by a religious hierarchy which relegated them to meek handmaidenship and silent subservience Many stayed and fought to reform this patriarchy from within others renounced their vows in order to pursue a more liberating spiritual path God bless this sassy book for finally giving voice to an engaging chorus of lively spirited storytellers Julia Alvarez author of In the Time of the Butterflies and most recently Where Do They Go They want the trappings you want the marrow This line from Ann Breslin's essay in Unruly Catholic Nunshighlights the struggle running throughout these accounts by women fighting to uphold the values of their faith They are radical wild and loving in the face of an unresponsive institution Through this rich collection of personal reflections these brave women show themselves to be the beating heart of the Catholic Church Sonja Livingston author of Ghostbread Unruly Catholic Nuns would be an important book in any time but at this time it's absolutely vital We need models of daring women compelled to speak and live their truths Unruly Catholic Nuns is a hand at my back saying Yes you can do the work you re called to do against all odds I have This is a book for those who follow the faith and those who don't because within these pages we can all find courage determination and wisdom At a time when women's strength and leadership is going to be imperative here are stories to gain strength from to help us move forward in both small ways and big Patrice Vecchione author of Step into Nature Nurturing Imagination and Spirit in Everyday Life
