Street Fight in Naples Peter Robb,2011-07-04 Naples is always a shock flaunting beauty and squalor like nowhere else Naples is the only city in Europe whose ancient past still lives in its irrepressible people Their ancestors came from all over the early Mediterranean to the wide bay and its islands shadowed by a dormant volcano Not all of them found what they were looking for but they made a great and terribly human city Peter Robb s *Street Fight in Naples* ranges across nearly three thousand years of Neapolitan life and art from the first Greek landings in Italy to his own less auspicious arrival thirty something years ago In 1503 Naples became the Mediterranean capital of Spain s world empire and the base for the Christian struggle with Islam It was a European metropolis matched only by Paris and Istanbul an extraordinary concentration of military power lavish consumption poverty and desperation As the occupying empire went into crisis exhausted by its wars against Islamists in the Mediterranean and Protestants in the North the people of Naples paid a dreadful price Naples was where in 1606 the greatest painter of his age fled from Rome after a fatal street fight Michelangelo Merisi from Caravaggio found in its teeming streets an image of the age s crisis and released among the painters of Naples the energies of a great age in European art until everything erupted in a revolt by the dispossessed and the people of an occupied city brought Europe into the modern world **Women in Italy, 1945-1960: An**

Interdisciplinary Study P. Morris,2006-10-30 This volume brings together specialists from a variety of disciplines to develop a deeper understanding of the social political and cultural history of women in Italy in the years 1946 1960 Despite being a time when women and the family were at the center of national debates and when society changed considerably the fifteen years following the Second World War have tended to be overlooked or subsumed into discussions of other periods By focusing on the experience of women and by broadening the frame of reference to include subjects and sources often ignored or only alluded to by traditional analyses the essays in this volume break new ground and provide a corrective to previous interpretive models **Exporting British Policing During the Second World War** Clive Emsley,2017-07-13

Exporting British Policing is a comprehensive study of British military policing in liberated Europe during the Second World War Preventing and detecting thefts receiving and profiteering together with the maintenance of order in its broadest sense are in the peacetime world generally confided to the police However the Second World War witnessed the use of civilian police to create a detective division of the British Army s Military Police SIB and the use of British civilian police alongside American police as Civil Affairs Officers to restore order and civil administration Part One follows the men of the SIB from their pre war careers to confrontations with mafiosi and their investigations into widespread organised crime and war crimes during which they were constantly hampered by being seen as a Cinderella service commanded by temporary gentlemen Part Two focuses on the police officers who served in Civil Affairs who tended to come from higher ranks in the civilian police than

those who served in SIB During the war they occupied towns with the assault troops and then sought to reorganise local administration at the end of the war in the British Zones of Germany and Austria they sought to turn both new Schutzmann and police veterans of the Third Reich into British Bobbies Using memoirs and anecdotes Emsley critically draws on the subjective experiences of these police personnel assessing the successes of these wartime efforts for preventing and investigating crimes such as theft and profiteering and highlighting the importance of historical precedent given current difficulties faced by international policing organizations in enforcing democratic police reform in post conflict societies

Living Under the Shadow John Grattan, Robin Torrence, 2016-06-03 Popularist treatments of ancient disasters like volcanic eruptions have grossly overstated their capacity for death destruction and societal collapse Contributors to this volume from anthropology archaeology environmental studies geology and biology show that human societies have been incredibly resilient and in the long run have often recovered remarkably well from wide scale disruption and significant mortality They have often used eruptions as a trigger for environmental enrichment cultural change and adaptation These historical studies are relevant to modern hazard management because they provide records for a far wider range of events and responses than have been recorded in written records yet are often closely datable and trackable using standard archaeological and geological techniques Contributors also show the importance of traditional knowledge systems in creating a cultural memory of dangerous locations and community responses to disaster The global and temporal coverage of the research reported is impressive comprising studies from North and Central America Europe Asia and the Pacific and ranging in time from the Middle Palaeolithic to the modern day

the Other in the Visionary Work of Anna Maria Ortese Vilma DeGasperi, 2014-03 Combines theme and genre analysis in a study of the Italian author from her first literary writings in the 1930s to her novels in the 1990s

The Delicious

History of the Holiday Fred Inglis, 2005-11-28 Our holidays lie near the heart of our emotional life enjoyed for a fortnight fed on imagination for eleven months of the year What we want from our holidays tells a lot about who we are and what we wish we were In this charming account Fred Inglis traces the rise of the holiday from its early roots in the Grand Tour through the coming of Thomas Cook and his Blackpool packages to sex tourism and the hippie trail to Kathmandu He celebrates the bodily pleasures of generations of tourists from Edwardian banquets in Paris to fish and chips on the beach from the Bright Young Things on the Riviera to the chosen hardships of the sea the desert wastes and the mountain tops He

considers the ideals and the spiritual aspirations which are part of what we look for in a holiday but he also warns of a darker current how we have increasingly destroyed what we take most pleasure in and how the dealings between those who have much and those who have little can seldom however good our intentions avoid the taint of exploitation **The Beloved**

Girls Harriet Evans,2022-05-10 It s a funny old house They have this ceremony every summer There s an old chapel in the grounds of the house It s half derelict The Hunters keep bees in there Every year on the same day the family processes to the chapel They open the combs taste the honey Take it back to the house Half for them my father winced as though he had bitten down on a sore tooth And half for us Catherine a successful barrister vanishes from a train station on the eve of her anniversary Is it because she saw a figure someone she believed long dead Or was it a shadow cast by her troubled fractured mind The answer lies buried in the past It lies in the events of the hot seismic summer of 1989 at Vanes a mysterious West Country manor house where a young girl Jane LeStrange arrives to stay with the gilded grand Hunter family and where a devastating tragedy will unfold Over the summer as an ancient family ritual looms closer Janey falls for each member of the family in turn She and Kitty the eldest daughter of the house will forge a bond that decades later is still shaping the present We need the bees to survive and they need us to survive Once you understand that you understand the history of Vanes you understand our family **Eye for an Eye** William Ian Miller,2005-12-19 This book is a historical and philosophical

meditation on paying back and buying back that is it is about retaliation and redemption It takes the law of the talion eye for an eye tooth for a tooth seriously In its biblical formulation that law states the value of my eye in terms of your eye the value of your teeth in terms of my teeth Eyes and teeth become units of valuation But the talion doesn t stop there It seems to demand that eyes teeth and lives are also to provide the means of payment Bodies and body parts it seems have a just claim to being not just money but the first and precisest of money substances In its highly original way the book offers a theory of justice not an airy theory though It is about getting even in a toughminded unsentimental but respectful way And finds that much of what we take to be justice honor and respect for persons requires at its core measuring and measuring up

Fascist Voices Christopher Duggan,2013-06-01 Today Mussolini is remembered as a hated dictator who along with Hitler and Stalin ushered in an era of totalitarian repression unsurpassed in human history But how was he viewed by ordinary Italians during his lifetime In Fascist Voices Christopher Duggan draws on thousands of letters sent to Mussolini as well as private diaries and other primary documents to show how Italian citizens lived and experienced the fascist regime under Mussolini from 1922 1943 Throughout the 1930s Mussolini received about 1 500 letters a day from Italian men and women of all social classes writing words of congratulation commiseration thanks encouragement or entreaty on a wide variety of occasions his birthday and saint s day after he had delivered an important speech on a major fascist anniversary when a husband or son had been killed in action While Duggan looks at some famous diaries by such figures as the anti fascist constitutional lawyer Piero Calamandrei the philosopher Benedetto Croce and the fascist minister Giuseppe Bottai the

majority of the voices here come from unpublished journals diaries and transcripts Utilizing a rich collection of untapped archival material Duggan explores the cult of Il Duce the religious dimensions of totalitarianism and the extraordinarily intimate character of the relationship between Mussolini and millions of Italians Duggan shows that the figure of Mussolini was crucial to emotional and political engagement with the regime although there was widespread discontent throughout Italy little of the criticism was directed at Il Duce himself Duggan argues that much of the regime s appeal lay in its capacity to appropriate the language values and iconography of Roman Catholicism and that this emphasis on blind faith and emotion over reason is what made Mussolini s Italy simultaneously so powerful and so insidious Offering a unique perspective on the period Fascist Voices captures the responses of private citizens living under fascism and unravels the remarkable mixture of illusions hopes and fears that led so many to support the regime for so long

North Atlantic Civilization at War Patrick Lloyd Hatcher,2016-07-01 This book recounts the World War II journeys of a soldier a ship and a bottle of spirits through and around five great turning point battles Those battles were influenced more by geography and climate than by generals and admirals Properly titled they would be known as the Battles of the Sky Britain the Sand El Alemein the Snow Stalingrad the Sea North Atlantic and the Shore Normandy Slogging their way through this quintet are an eighteen year old G I from Missouri as seen through his letters home an ugly duckling of a Liberty ship as seen through its Armed Guard reports and a bottle of rum as traced by those who after the war made money in selling war souvenirs It is the history of the North Atlantic sea basin and its extensions at war the story of the lulls between battles when America s teenage warriors often watched war movies Humphrey Bogart made and Warner Brothers released seven during the war sang or listened to popular tunes by songsmiths like Irving Berlin and drank rum and Coke while listening to Dick Haymes sing the hit Rum Coca Cola While accessible and vastly entertaining this is a serious work of history By treating World War II in Europe much as Fernand Braudel treated the origins of Western civilization in his masterpiece The Mediterranean and the Mediterranean World in the Age of Philip II Hatcher brings Braudelian detachment to his narrative

[A History of Italy](#) Claudia Baldoli,2009-11-19 Until the beginning of the 18th century to be Italian meant to identify with a number of collective memories rather than a national memory Yet there are elements of continuity that have shaped Italian identity over the past 1 500 years Religion food art and architecture a literary language as well as a particular relationship between cities and countryside between family and civil society have all contributed to present day Italian culture and politics Baldoli explores the history of Italy as a country rather than as a nation in order to trace its fascinating cultural and political development Offering a way into each period of Italian history the book brings Italy s past to life with extracts from poetry novels and music Drawing on the latest research published in English and Italian this is the ideal introduction for all those interested in Italy s cultural and social past and its significance for the country s present
