

Narrative: Culture and Change

- “The myths, beliefs, and practices preferred by a culture or group of cultures will find their way into those cultures’ narratives where they can be reinforced, criticized, or simply reproduced. It is possible to apprehend social change through changes in thematic or formal trends in narrative over time” (Turner 89).

Narrative Cultures and the Aesthetics of Religion Dirk Johannsen, Anja Kirsch, Jens Kreinath, 2020-01-29 Narrative Cultures and the Aesthetics of Religion presents the aesthetics of narrativity in religious contexts by approaching narrative acts as situated modes of engaging with reality equally shaped by the immersive character of the stories told and the sensory qualities of their performances Introducing narrative cultures as an integrative framework of analysis the volume builds a bridge between classical content based approaches to narrative sources and the aesthetic study of religions as constituted by sensory and mediated practices Studying stories in conjunction with the role that performative acts of storytelling play in the cultivation of the senses the contributors explore the efficacy of storytelling formats in narrative cultures from ancient times until today in regions and cultures across the globe Contributors are Stefan Binder Arianna Borrelli Markus Altena Davidsen Laura Feldt Ingvild S lid Gilhus Dirk Johannsen Jens Kreinath Isabel Laack Martin Lehnert Brigitte Luchesi Bastiaan van Rijn Caroline Widmer Annette Wilke Katharina Wilkens **Literacy, Narrative and Culture** Jens Brockmeier, David R Olson, Min Wang, 2013-12-16 An important contribution to the multi disciplinary study of literacy narrative and culture this work argues that literacy is perhaps best described as an ensemble of socially and historically embedded activities of cultural practices It suggests viewing written language producing and distributing deciphering and interpreting signs are closely related to other cultural practices such as narrative and painting The papers of the first and second parts illustrate this view in contexts that range from the pre historical beginnings of tracking signs in hunter gatherer cultures and the emergence of modern literate traditions in Europe in the 17th to 19th century to the future of electronically mediated writing in times of the post Gutenberg galaxy The chapters of the third present results of recent research in developmental and educational psychology Contributions by leading experts in the field make the point that there is no theory and history of writing that does not presuppose a theory of culture and social development At the same time it demonstrates that every theory and

history of culture must unavoidably entail a theory and history of writing and written culture This book brings together perspectives on literacy from psychology linguistics history and sociology of literature philosophy anthropology and history of art It addresses these issues in plain language not coded in specialized jargon and addresses a multi disciplinary forum of scholars and students of literacy narrative and culture
