Narrative Elements In The Double Tradition:

Narrative Elements in the Double Tradition Stephen Hultgren, 2014-11-27 For a long time mainstream gospel scholarship has assumed that the so called Q material the double tradition in Matthew and Luke represents a document or tradition that was almost exclusively orientated towards the sayings of Jesus of Nazareth with little interest in a narrative about him This book argues on the contrary that the narrative material in the double tradition existed from the very beginning within a coherent Jesus narrative that ran from his baptism to his passion Far from being inserted by Matthew and Luke into the framework of Mark the double tradition is structured on the very same narrative framework as the Gospel of Mark a framework that predates Mark Conventional dichotomies in gospel origins the historical Jesus and the history of early Christianity are thus drawn into question

Narrative Elements in the Double Tradition Stephen Hultgren, 2001 [Mighty in Word and Deed](#) Stephen Hultgren, 2025-05-06 This book is the first of a two volume work on the origins of the gospel form from a social memory approach Social memory takes account of both the individual and the community in the formation of the gospels by considering social frameworks and socially significant narrative patterns that individuals use to remember and recount the past Part 1 reviews the history of scholarship and then develops a social memory approach and a method of textual study drawing on insights from recent research on orality memory and narrative Part 2 offers a series of textual studies focusing on Capernaum and Nazareth illustrating factors that might have contributed to the construction of a gospel as an extended narrative inclusive of Jesus s words and deeds and why such a narrative was essential to early Christian memory of Jesus

[The Jesus Legend](#) Paul Rhodes Eddy, Gregory A. Boyd, 2007-08-01 Christianity Today 2008 Book Award Biblical Studies Even mature Christians have trouble defending the person and divinity of Christ The Jesus Legend builds a convincing interdisciplinary case for the unique and plausible position of Jesus in human history He was real and his presence on the planet has been well documented The authors of the New Testament didn t plant evidence though each writer did tell the truth from a unique perspective This book carefully investigates the Gospel portraits of Jesus particularly the Synoptic Gospels assessing what is reliable history and fictional legend The authors contend that a cumulative case for the general reliability of the Synoptic Gospels can be made and boldly challenge those who question the veracity of the Jesus found there

Radical Philosophy of Life Ernst Baasland, 2021-01-13 The Sermon on the Mount never ceases to challenge readers in every generation New methods and new insights into new surroundings have to be applied to the most influential speech ever given In this study Ernst Baasland takes a fresh look at the history of research done on it both on its broad influence and on the variety of interpretations The historical questions are seen from new perspectives Is orality the key to a better understanding To what extent can we reconstruct a pre text and the question of authenticity be answered These questions are seen through

historiographical lenses The author argues in favour of a universal addressee and maintains that the speech contains radical philosophical thinking The first audience consisted of Jews and the religiously based understanding of life is conceived within Judaism However its ethics of wisdom is developed in a Hellenistic setting and provides a radical philosophy of life *Q Or Not Q?* Bartosz Adamczewski,2010 The study analyses the current state of research on the synoptic problem and proves that the Synoptic Gospels were written in the Mark Luke Matthew order of direct literary dependence Moreover the work demonstrates that the Synoptic Gospels are results of systematic sequential hypertextual reworking of the contents of the Pauline letters Accordingly the so called Q source turns out to be an invention of nineteenth century scholars with their Romantic hermeneutic presuppositions Demonstration of the fact that the Gospels are not records of the activity of the historical Jesus but that they narratively illustrate the identity of Christ as it has been revealed in the person and life of Paul the Apostle will certainly have major consequences for the whole Christian theology **Semitisms in Luke's Greek** Albert Hogeterp,Adelbert Denaux,2018-04-23 The Gospel of Luke has long been known for its variation between good educated Greek and Semitic influences In the last century five theories have attempted to explain the Semitic influence Semitic sources imitation of the Greek Bible the Greek of the ancient synagogue literary code switching between standard Greek and semitized Greek and the social background of bilingualism Albert Hogeterp and Adelbert Denaux revisit Luke s Greek and evaluate which alleged Semitisms of vocabulary and syntax are tenable in light of comparative investigation across corpora of Greek Hebrew and Aramaic literary as well as documentary texts They contend that Semitisms in Luke s Greek are only fully understood in light of a complementarity of linguistic backgrounds and evaluate them in diachronic respect of Synoptic comparison and in synchronic respect of their place in Luke s narrative style and communicative strategy *Jesus, Skepticism, and the Problem of History* Zondervan,2019-10-08 In recent years a number of New Testament scholars engaged in academic historical Jesus studies have concluded that such scholarship cannot yield secure and illuminating conclusions about its subject arguing that the search for a historically authentic Jesus has run aground Jesus Skepticism and the Problem of History brings together a stellar lineup of New Testament scholars who contend that historical Jesus scholarship is far from dead These scholars all find value in using the tools of contemporary historical methods in the study of Jesus and Christian origins While the skeptical use of criteria to fashion a Jesus contrary to the one portrayed in the Gospels is methodologically unsound and theologically unacceptable these criteria properly formulated and applied yield positive results that support the Gospel accounts and the historical narrative in Acts This book presents a nuanced and vitally needed alternative to the skeptical extremes of revisionist Jesus scholarship that on the one hand uses historical methods to call into question the Jesus of the Gospels and on the other denies the possibility of using historical methods to learn about Jesus *The Gospel of the Lord* Michael F. Bird,2014-08-22 In this book through a distinctive evangelical and critical approach Michael Bird explores the historical development of the four canonical Gospels He shows how the memories and faith of the

earliest believers formed the Gospel accounts of Jesus that got written and in turn how these accounts further shaped the early church Bird's study clarifies the often confusing debates over the origins of the canonical Gospels Bird navigates recent concerns and research as he builds an informed case for how the early Christ followers wrote and spread the story of Jesus the story by which they believed they were called to live The Gospel of the Lord is ideal for students or anyone who wants to know the story behind the four Gospels Watch an interview with Michael Bird from our Eerdmans Author Interview Series

The Synoptic Problem Stanley E. Porter, Bryan R. Dyer, 2016-07-19 Leading Scholars Debate a Key New Testament Topic The relationship between Matthew Mark and Luke is one of the most contested topics in Gospel studies How do we account for the close similarities and differences in the Synoptic Gospels In the last few decades the standard answers to the typical questions regarding the Synoptic Problem have come under fire while new approaches have surfaced This up to date introduction articulates and debates the four major views Following an overview of the issues leading proponents of each view set forth their positions and respond to each of the other views A concluding chapter summarizes the discussion and charts a direction for further study

Luke's Rhetorical Compositions Paul Elbert, 2022-07-19 Luke's Rhetorical Compositions offers new ideas in Lukan scholarship especially in regard to Aelius Theon's first century rhetoric manual Progymnasmata and intertextual Lukan Pauline biblical studies Two chapters deserve special mention the material in chapter 3 is a groundbreaking discussion of Acts 2:38 in which its Greek verb tense speaks to the subsequent reception of the gift of the Holy Spirit following salvation not coincident with salvation In Acts 2:38 it is Luke's intention to portray Peter as promising the gift of the Holy Spirit to hearers and to those beyond narrative time as a Pentecostal experience Chapter 9 discusses Luke's use of progymnasmatic examples in his descriptions of the salvation experience It also discusses Luke's clarification of Paul using narrative persuasion from Jesus tradition and history Also Luke's use of basic soteriological vocabulary provides clarity and plausibility His distinctive selection of examples from the Jesus tradition and his duplication of Paul's soteriological vocabulary is very helpful

The Oral Gospel Tradition James D.G. Dunn, 2013-10-03 The traditions about Jesus and his teaching circulated in oral form for many years continuing to do so for decades following the writing of the New Testament Gospels James Dunn is one of the major voices urging that more consideration needs to be given to the oral use and transmission of the Jesus tradition as a major factor in giving the Synoptic tradition its enduring character

Introduction to the Synoptic Gospels PHEME PERKINS, 2009-11-13 In this book respected New Testament scholar PHEME PERKINS delivers a clear fresh informed introduction to the earliest written accounts of Jesus Matthew Mark and Luke situating those canonical Gospels within the wider world of oral storytelling and literary production of the first and second centuries Cutting through the media confusion over new Gospel finds PERKINS's Introduction to the Synoptic Gospels presents a balanced responsible look at how the Gospels of Matthew Mark and Luke came to be and what they mean

Biblical Narrative Learning Tung Chiew Ha, 2015-10-02 Biblical narrative learning is a non-critical educational approach for

Christian communities with diverse learning backgrounds involving three sets of movement inquire and invent interpret and imagine inspire and imitate and impart It is grounded in humankind s universal capacity to teach and learn through stories and built on practices in narrative learning along with biblical narratives The Gospel of John provides a model for this interpretive process that continues the teaching of living in a loving relationship with God and one another John uses many literary devices to enhance an affective and reflective learning The literary devices create the familiar strange effect John s narrative fosters remembrance of the Story and guides the learner to adequate faith in God It inculcates adequate faith to wait in suspense while the Jesus Story and our stories when they are remembered create new understanding and transform the life experiences of the person

G. Dunn,2005-03-01 In this compelling study renowned author James D G Dunn provides a critique of the quest for the historical Jesus Dunn claims that the quest has been misguided from the start in its attempt to separate the historical Jesus from the Christ of faith Dunn argues that Jesus scholars have consistently failed to recognize how the early disciples pre Easter faith and a predominantly oral culture shaped the way the stories about Jesus were told and passed on Dunn also examines the implications of oral transmission for our understanding of Synoptic relationships A New Perspective on Jesus proposes a change in direction for Jesus scholarship It will be of interest to pastors church leaders students and thoughtful laypersons wanting a fresh perspective on Jesus studies **A New Perspective on Jesus** James D. G. Dunn,2005-03 A renowned scholar calls for a change of direction for the study of Jesus in the 21st century **The Testing of Jesus in Q** C. Michael Robbins,2007 The temptations of Jesus cast a spell on readers young and old These temptations are macabre yet triumphant short yet endless ominous and dismal yet sacred and hopeful Scholars have long been obsessed with the attempted seduction of the Saint and the successful sanitation of the Seducer Where else but from Q could such an enchanting narrative derive This book reviews scholarship and examines tradition history to argue that the pericope is more than a wisdom derived scribal legitimation of the Teacher a popular and partially correct theory about the story s origin and function in Q It is a theological summit ascribing a unique sonship to Jesus With diabolic dialogue in such sacred sites as Zion Sinai and the desert protology and eschatology brew to form a muse on both the wilderness testing of Israel and the primeval testing of Adam The brief expedition through the cosmos from desert to empire to sanctuary demonstrates a lordship of evil in the world and thus a need for the reign of God and a context for Jesus sonship sermon prayer miracles exorcisms and even his death and resurrection The tests present an approved champion a Son of God a conflict a tryst with mortality and cosmic evil and a conquest resulting in an enthronement These narratives not supplied by Matthew and Luke are found only in Q **Early Narrative Christology: The Lord in the Gospel of Luke** C. Kavin Rowe,2012-02-14 Despite the striking frequency with which the Greek word *kyrios* Lord occurs in Luke s Gospel this study is the first comprehensive analysis of Luke s use of this word The analysis follows the use of *kyrios* in the Gospel from beginning to end in order to trace narratively the complex and deliberate development of Jesus identity as Lord Detailed attention to Luke s narrative artistry and his use of Mark demonstrates that Luke has a nuanced and sophisticated christology centered on Jesus identity as Lord
