**God in Postliberal Perspective** Robert Andrew Cathey, 2016-04-22 Who is God The variety of images of God tends to overwhelm us in the present age Is God a fiction of human construction or a reality that makes claims upon how we practice faith in God How does this quest for an understanding of God illumine who we are God in Postliberal Perspective presents an introduction to the doctrine and concept of God in contemporary philosophy and theology exploring how some theologians and philosophers dare to speak of God as real in our sceptical pluralistic and interfaith age Robert Cathey tours the house of realism as constructed by postliberal Christians David Burrell William Placher Bruce Marshall in conversation with living communities of faith and critical work in philosophy and theology and develops a distinctive argument about the relation of realism and non realism in constructing the doctrine of God in postliberal theology Offering a reading of postliberal theology which is open to critical discussion with other types of theology philosophy and faith traditions this book proposes a model of theological reflection that may be extended to the reality claims of a wide range of doctrines and concepts

**Divine Suffering** Andrew J. Schmutzer, 2023-02-22 Divine Suffering is an inter disciplinary study that draws from systematics philosophy biblical theology and pastoral experience In addition to covering topics like the suffering of the Father in the Son and God's cruciform vulnerability this book also explores how divine suffering animates the Christian gospel and resonates in the ongoing persecution of believers The study of the suffering God has everything to do with Theology History and Church Mission Like exploring a cathedral from all its entrances both scholars and seekers will find ample opportunity for theological challenge biblical insight and missional hope To accomplish this both Scripture and doctrine are closely investigated Today divine suffering must face the contemporary realities of protest atheism escalating wars new studies in relational theology and dialogical personhood that presses the need to explain a Christian message about the kind of God who is not only transcendent but also personal Divine Suffering introduces us to the history of God not just the God of history In this study we meet a God available to our pain though not diminished by it Mounting forms of grief need to be met with an equally pastoral understanding that validates suffering without valorizing it

**Reformed Theology** Martha L. Moore-Keish, 2020-06-22

This research guide introduces scholars to the field of Reformed theology focusing on works of the twentieth and twenty first centuries in the English language After a brief introductory section on the debates about what counts as Reformed theology Martha Moore Keish explores twenty one major theological themes with attention to classical as well as current works The author demonstrates that this stream of Protestantism is both internally diverse and ecumenically interwoven with other Christian families not just a single clearly defined group set apart from others In addition this guide shows that contemporary Reformed theology has been rethinking the doctrines of God humanity and their relationship in significant ways that challenge old stereotypes and offer fresh wisdom for our world today

*Jesus, Transcendence, and Generosity* Tim Boniface, 2018-03-02 Contemporary scholars aiming to articulate a middle way between fundamentalism and liberalism regularly draw upon Hans Frei and Dietrich Bonhoeffer yet they are rarely brought together on this question if at all Here Tim Boniface highlights the promise of reading them together proposing especially that a discussion of Jesus transcendence derived from their responses to modernity is an effective locus for considering their combined contribution to a middle way discussion Having outlined a rationale for a theology of Christological transcendence this work describes in detail how both Frei and Bonhoeffer point towards a nuanced approach to the transcendence of Jesus especially in terms of the importance of articulating that transcendence at the level of the unsubstitutable historical particularity of Christ in the cultural linguistic setting of the Christian community Frei and the impact of a theologia crucis and a participatory cosmic Christology on such thinking Bonhoeffer Offering a unique summary of the key ways in which the two theologians works mutually critique and strengthen one another Boniface then articulates a pneumatological emphasis lacking in both Frei and Bonhoeffer stressing the supreme generosity of God at the heart of what it means to say that Jesus transcends

Pastor William H.

Willimon, 2010-09-01 Ordained ministry says Willimon is a gift of God to the church but that doesn't mean that it is easy. Always a difficult vocation changes in society and the church in recent years have made the ordained life all the more complex and challenging. Is the pastor primarily a preacher, a professional caregiver, an administrator? Given the call of all Christians to be ministers to the world, what is the distinctive ministry of the ordained? When does one's ministry take on the character of prophet and when does it become that of priest? What are the special ethical obligations and disciplines of the ordained? In this book Willimon explores these and other central questions about the vocation of ordained ministry. He begins with a discussion of who pastors are asking about the theological underpinnings of ordained ministry and then moves on to what pastors do, looking at the distinctive roles the pastor must fulfill. The book also draws on great teachers of the Christian tradition to demonstrate that while much about Christian ministry has changed, its core concerns—preaching the word, the care of souls, the sacramental life of congregations—remains the same. Ordained ministry is a vocation to which we are called, not a profession that we choose. To answer that call is to open oneself to heartache and sometimes hardship, yet given the one who calls, it is to make oneself available to deep and profound joy as well.

#### **A Theological Approach to Vulnerability**

Carolina Montero Orphanopoulos, 2025-05-19 This book explores the symbols of vulnerability, narratives of vulnerability, and ethical norms of vulnerability in the Bible. Focusing on the great Tradition of the Church from Stoic and Neoplatonic influence to the Moral Systems and the approach to the Second Vatican Council, the volume helps to comprehend, deepen, and clarify the concept of vulnerability. As a theory, it addresses the construction of ethics of vulnerability; its characteristics, the fundamental categories it should include. Reinforced by *An Interdisciplinary Approach to Vulnerability Towards a Humane Ethics Vol I*, written by the same author, this book hopes to lead the discourse of Christian ethics towards a better understanding and ultimately build towards a greater integration of the vulnerability of the human being.

Living and Active Telford Work, 2001-10 For all of the Bible's popularity both in the church and in Western culture, confusion reigns about what the Bible is, its relationship to God, its relationship to its human authors and readers, and its proper use. *Living and Active* answers these fundamental questions by looking anew at Scripture from the perspective of Christian doctrine. Rather than treating the Bible as a sourcebook for theology, Telford Work uses systematic theology to build a compelling new doctrine of Scripture: the doctrine of God establishes the Bible's triune character and purpose; the doctrine of salvation explains the mission of Scripture in ancient Israel, in the career of Jesus, and in the life of his followers; the doctrine of the church relates the Bible's qualities to those of its reading communities; describes the relation of Scripture and tradition; and appreciates the Bible's role in worship and in personal salvation. Drawing in this way on the full resources of Christian dogmatics, allows us to see the Bible at work accomplishing God's purposes in the world. Throughout the book, Work incorporates insights from the Eastern Orthodox, Roman Catholic, Lutheran, Calvinist, Anabaptist, and evangelical traditions in order to produce a truly ecumenical doctrine of Scripture. He also interacts with patristic theology and practice, historical

critical methods of interpretation and postmodern thought refusing to draw lines between biblical studies ethics history philosophy and theology As a result *Living and Active* is the most comprehensive balanced and relevant statement of Scripture now available It clearly portrays the Bible as integral to the economy of salvation and the life of the church it offers solutions to the current crisis of biblical authority and practice and it prescribes fruitful ways to preach teach and live Scripture in today's world

**The Christ's Faith** Michael Allen, 2009-04-01 The Christ's Faith coheres with orthodox Christology and Reformation soteriology and needs to be affirmed to properly confirm the true humanity of the incarnate Son Without addressing the interpretation of the Pauline phrase *pistis christou* this study offers a theological rationale for an exegetical possibility and enriches a dogmatic account of the humanity of the Christ The coherence of the Christ's faith is shown in two ways First the objection of Thomas Aquinas is refuted by demonstrating that faith is fitting for the incarnate Son Second a theological ontology is offered which affirms divine perfection and transcendence in qualitative fashion undergirding a Chalcedonian and Reformed Christology Thus the humanity of the Christ may be construed as a fallen human nature assumed by the person of the Word and sanctified by the Holy Spirit The dogmatic location of The Christ's Faith is sketched by suggesting its potential function within three influential theological systems Thomas Aquinas federal theology and Karl Barth Furthermore the soteriological role of the doctrine is demonstrated by showing the theological necessity of faith for valid obedience before God
