**Our Last Great Illusion** Rob Weatherill, 2015-10-12 Therapy may be mad declares Rob Weatherill in this outspoken volume Therapy here means particularly psychotherapy and counselling but should be also taken to signify the universal logic of the post modern therapeutic culture of well being happiness and enjoyment More and more people want to believe in therapy who have lost belief in anything else Counselling and therapy increasingly inform all human interaction The dominant ethos is a holistic one This book aims to refute primarily through the prism of modern psychoanalysis and key theorists like Baudrillard Levinas Lyotard Paz Steiner Reiff as well as i ek the fashion for a return to a pre Cartesian ideal of harmony and integration On the contrary there is something monstrous something excessive that Freud termed the death drive at the heart of the Real upon which ordinary reality so to speak rests Enlightenment thought in which we in the West in particular are caught is entirely incapable of going beyond the ideal humanist version of man our last great illusion

*An Unsuitable Girl* SAANJH, 2024-01-30 The reason behind choosing this title of an UN suitable girl is to explore the gender inequality which is still prevailing in the society Why is it that women can't overpower a man why a female can't be the dominant fighter are the unsolved questions The stigma that the women who has attained the higher post or position still lacks the strength will take time for its removal from the hearts of the so called stronger male Its high time to bring changes in our outlook of praising women for her accomplishments and not the post or position Every woman is suitable for the task meant for her Never underestimate her strength A loud voice of a man may threaten a woman but the silence of a woman can shake the consciousness of a man This book is a collection of stories poem and articles Girl power is a slogan that encourages and celebrates women's empowerment independence confidence and strength girls strength helps visitors realize their value love others achieve their dreams defy stereotypes and work together to change the world Through girl power girls and the adults they grow into reimagine girlhood and define their own identity as individuals and a united group Women who openly display their power knowledge and skill receiving public recognition and honor But also females who manage to wield power in societies that try to limit it or decree female submission where their leadership is stigmatized

and their creativity disdained And women who resist and overthrow oppressive traditions and regimes Who break the rules in defiance of unjust legal and religious authorities Who pursue their vision in spite of the personal cost The idea for the story originated from my own experiences and observations while working in my day to day life This book will make the readers happy and encourage the women to empowerment
