# Radical Pacifism

**Walter Isaacson**

## **Radical Pacifism:**

*Radical Pacifism in Modern America* Marian Mollin, 2006-10-10 Their compelling examples of female militancy and leadership challenge the essentialist association of female pacifism with motherhood and expand the definition of political action to include women's political work in both the public and private spheres Focusing on the vexed alliance between white peace activists and black civil rights workers Mollin similarly details the difficulties that arose at the points where their movements overlapped and challenges the seemingly natural association between peace and civil rights

*Direct Action* James Tracy, 1996-09-15 *Direct Action* tells the story of how a small group of radical pacifists nonviolent activists such as David Dellinger Staughton Lynd A J Muste and Bayard Rustin played a major role in the rebirth of American radicalism and social protest in the 1950s and 1960s Coming together in the camps and prisons where conscientious objectors were placed during World War II radical pacifists developed an experimental protest style that emphasized media savvy symbolic confrontation with institutions deemed oppressive Due to their tactical commitment to nonviolent direct action they became the principal interpreters of Gandhism on the American Left and indelibly stamped postwar America with their methods and ethos Genealogies of the Civil Rights antiwar and antinuclear movements in this period are incomplete without understanding the history of radical pacifism Taking us through the Vietnam war protests this detailed treatment of radical pacifism reveals the strengths and limitations of American individualism in the modern era

**Radical Pacifism** Scott H Bennett, 2003-12-01 This deeply researched book is the first history of the War Resisters League an organization that represents the major vehicle of secular radical pacifism in the United States Besides opposing all U S wars and championing conscientious objection to these wars Scott H Bennett shows how the WRL led by its colorful members functioned as a movement halfway house assisting and influencing a variety of social reform groups and campaigns He devotes special attention to WWII conscientious objectors COs who staged dramatic wartime work and hunger strikes in Civilian Public Service camps and prisons against Jim Crow censorship conscription and other policies These radical COs moved the postwar WRL in new directions and transformed radical pacifism By recovering the important links between the WRL and the peace civil rights civil liberties and antinuclear movements Bennett demonstrates the social relevance and political effectiveness of radical pacifism He emphasizes the WRL's most important legacy its promotion legitimization and Americanization of Gandhian nonviolent direct action which infused the postwar peace and justice movements

**New Wars for Old** John Haynes Holmes, 1916

**Radical Pacifists in Antebellum America** Peter Brock, 2015-12-08 Selected portions from *Pacifism in the United States From the Colonial Era to the First World War* Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase

access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Radicals in America** Howard Brick, Christopher Phelps, 2015-07-09 Radicals in America is a masterful history of controversial dissenters who pursued greater equality freedom and democracy and transformed the nation Written with clarity and verve Radicals in America shows how radical leftists while often marginal or ostracized could assume a catalytic role as effective organizers in mass movements fostering the imagination of alternative futures Beginning with the Second World War Radicals in America extends all the way down to the present making it the first comprehensive history of radicalism to reach beyond the sixties From the Communist Party and the Black Panther Party for Self Defense its coverage extends to the Battle of Seattle and Occupy Wall Street Each chapter begins with a particular life story including a Harlem woman deported in the McCarthy era a gay Japanese American opponent of the Vietnam War and a Native American environmentalist vignettes that bring to life the personal within the political

*From Camp to Queer* Robert Reynolds, 2002 In this important timely and deeply engaged book Robert Reynolds traces the passionate often turbulent courageous and committed ways in which homosexuals told their stories From camp to gay to the recent movement of queer from modern to post modern

*Peace, Decolonization, and the Practice of Solidarity* Rob Skinner, 2023-10-05 This book shows that the connected histories of decolonization and globalization concern the practices of individuals and movements as much as they do the ideologies of states institutions and organizations Viewing decolonization through non state activist practices and setting anti colonial solidarity in the context of the methods of contemporary global peace movements it argues that seemingly marginal histories can illuminate aspects of the end of empire that are not readily apparent in studies centred on state diplomacy and nationalist movements Focusing on a group of British and American activists including the pacifist campaigner A J Muste the anti apartheid priest Michael Scott and the civil rights organiser Bayard Rustin Skinner explores connected global histories of anti nuclear peace campaigns anti colonialism and decolonization to illuminate new perspectives on the end of empire and the Cold War Studying a failed attempt to infiltrate the French atom bomb test site in southern Algeria and a mass march across the border between Tanganyika and Northern Rhodesia that never took place these stories provide valuable insights into the interactions between local and global scales of historical experience In presenting these histories this book demonstrates how global and transnational histories can challenge and disrupt rather than reinforce hierarchies of power and privileges In doing so it also contributes to ongoing debates surrounding the nature of decolonization as a historical phenomenon by focusing on the practices of activism that shaped and were shaped by the political and intellectual structures of decolonization

Angelic Troublemakers A. Terrance Wiley, 2014-01-02 Angelic Troublemakers is the first detailed account of what happens when religious ethics political philosophy and the anarchist spirit intermingle Wiley deftly captures the ideals that inspired three revered heroes of nonviolent disobedience Henry Thoreau Dorothy Day and Bayard Rustin Resistance to slavery empire and capital is a way of life a transnational tradition of

thought and action This book is a must read for anyone interested in religion ethics politics or law *CQ Press Guide to Radical Politics in the United States* Susan Burgess, Kate Leeman, 2016-03-11 This unique guide will provide an overview of radical U S political movements on both the left and the right sides of the ideological spectrum with a focus on analyzing the origins and trajectory of the various movements and the impact that movement ideas and activities have had on mainstream American politics The work is organized thematically with each chapter focusing on a prominent arena of radical activism in the United States The chapters will trace the chronological development of these extreme leftist and rightist movements throughout U S history Each chapter will include a discussion of central individuals organizations and events as well as their impact on popular opinion political discourse and public policy For movements that have arisen multiple times throughout U S history nativism religious radical labor separatists the chapter will trace the history over time but the analysis will emphasize its most recent manifestations Sidebar features will be included in each chapter to provide additional contextual information to facilitate increased understanding of the topic

**Soldiers of Peace** Thomas F. Curran, 2003 Curran studies the perfectionist pacifists radical northerners who took an extreme pacifist stand during the Civil War After the war they created the Universal Peace Union UPU which worked throughout the rest of the century to abolish war and confront the shortcomings of both government and society

**Not June Cleaver** Joanne Jay Meyerowitz, 1994 In the popular stereotype of post World War II America women abandoned their wartime jobs and contentedly retreated to the home This work unveils the diversity of postwar women showing how far women departed from this one dimensional image

Nonviolent Perspectives Andrew Fitz-Gibbon, 2025-02-04 This book is a compilation of essays addressing the central issue of humanity interpersonal violence and more importantly nonviolence as its antidote The essays trace the author's journey from early pacifist convictions influenced by personal experiences with violence to a nuanced understanding of nonviolence rooted in ethics love spirituality and critical theory Spanning over two decades the writings explore various dimensions of nonviolence from philosophical arguments and historical analysis to practical applications in parenting political resistance and care ethics The book brings together previously published works that have been instrumental in shaping the author's thinking making them accessible for scholars students and anyone interested in nonviolence With reflections on the works of Murdoch MacIntyre Gandhi and others it offers a comprehensive examination of nonviolence as both a personal practice and a social imperative

**Opposition to War** Mitchell K. Hall, 2018-01-04 How have Americans sought peaceful rather than destructive solutions to domestic and world conflict This two volume set documents peace and antiwar movements in the United States from the colonial era to the present Although national leaders often claim to be fighting to achieve peace the real peace seekers struggle against enormous resistance to their message and have often faced persecution for their efforts Despite a well established pattern of being involved in wars the United States also has a long tradition of citizens who made extensive efforts to build and maintain peaceful societies and prevent the destructive human and material costs of war Unarmed

activists have most consistently upheld American values at home

**Opposition to War** An Encyclopedia of U S Peace and Antiwar Movements investigates this historical tradition of resistance to involvement in armed conflict an especially important and relevant topic today as the nation has been mired in numerous military conflicts throughout most of the current century The book examines a largely misunderstood and underappreciated minority of Americans who have committed themselves to finding peaceful resolutions to domestic and international conflicts individuals who have proposed and conducted an array of practical and creative methods for peaceful change from the transformation of individual behavior to the development of international governing and legal systems for more than 250 years Readers will learn how individuals working alone or organized into societies of various size have steadfastly campaigned to stop war end the arms race eliminate the underlying causes of war and defend the civil liberties of Americans when wartime nationalism most threatens them

**The Irony of Barack Obama** R. Ward Holder, Peter B. Josephson, 2016-03-09 Drawing on the political theology of Reinhold Niebuhr described by Barack Obama as one of my favourite philosophers this book assesses the challenges facing the President during his first term It evaluates his success in adhering to Niebuhr s path of Christian realism when faced with the pragmatic demands of domestic and foreign affairs In 2008 Candidate Obama used the ideas of Hope and Change to inspire voters and secure the presidency Obama promised change not only regarding America s policies but even more fundamentally in the nation s political culture Holder and Josephson describe the foundations of President Obama s Christian faith and the extent to which it has shaped his approach to politics Their book explores Obama s journey of faith in the context of a broadly Augustinian understanding of faith and politics examines the tensions between Christian realism and pragmatic progressivism explains why a Christian realist interpretation is essential to understanding Obama s presidency and applies this model of understanding to considerations of foreign and domestic policy By combining this theological and political analysis the book offers a special opportunity to reflect on the relationship between Christian faith and statesmanship reflections that are missing from current popular discussions of the Obama presidency Through consideration of Niebuhr s models of the prophet and the statesman and the more popular alternative of the political evangelist Holder and Josephson are better able to explain the president s successes and his failures and to unveil the Augustinian limits of the political life

**Einstein** Walter Isaacson, 2008-09-04 NOW A MAJOR SERIES GENIUS ON NATIONAL GEOGRAPHIC PRODUCED BY RON HOWARD AND STARRING GEOFFREY RUSH Einstein is the great icon of our age the kindly refugee from oppression whose wild halo of hair twinkling eyes engaging humanity and extraordinary brilliance made his face a symbol and his name a synonym for genius He was a rebel and nonconformist from boyhood days His character creativity and imagination were related and they drove both his life and his science In this marvellously clear and accessible narrative Walter Isaacson explains how his mind worked and the mysteries of the universe that he discovered Einstein s success came from questioning conventional wisdom and marvelling at mysteries that struck others as mundane This led him to embrace a

worldview based on respect for free spirits and free individuals All of which helped make Einstein into a rebel but with a reverence for the harmony of nature one with just the right blend of imagination and wisdom to transform our understanding of the universe This new biography the first since all of Einstein s papers have become available is the fullest picture yet of one of the key figures of the twentieth century This is the first full biography of Albert Einstein since all of his papers have become available a fully realised portrait of this extraordinary human being and great genius Praise for EINSTEIN by Walter Isaacson YOU REALLY MUST READ THIS Sunday Times As pithy as Einstein himself New Scientist A brilliant biography rich with newly available archival material Literary Review Beautifully written it renders the physics understandable Sunday Telegraph Isaacson is excellent at explaining the science Daily Express

[Peace and Security in Indo-Pacific Asia](#) Sorpong Peou,2021-11-21 Peace and Security in Indo Pacific Asia is for the informed the interested and the engaged Sorpong Peou brings together the skills of the pedagogue with the knowledge of the scholar Dr David Dewitt University Professor Emeritus Senior Scholar York University Toronto Canada Peou s excellent book provides both the lay reader and the specialist with six important theoretical frameworks which should provide the basis for better appreciation of what a security community in Indo Pacific Asia means in our world today There are very few scholars who understand the region like Peou Dr W Andy Knight Professor of Political Science the University of Alberta Canada Sorpong Peou s extraordinary breadth of knowledge of both International Relations theory and the key trends in Indo Pacific Asia shines through in this authoritative analysis Dr Richard Stubbs Professor of Political Science McMaster University Canada A pedagogical approach of the textbook that is appreciated is how the author respectfully engages with the theories of IR and is not pushing an agenda of denouncing some theories and trying to persuade the reader of others We live in such polarizing times that it is truly refreshing to read scholarly work that avoids sensationalistic attacks on theories that have been debated for decades Each theory in this manuscript is explored on its own terms and the reader is encouraged to figure out where they stand on these enduring debates in the context of Indo Pacific security The approach will lead to compelling classroom discussions of the theories and the politics of the region This book is a must read for any student or observer of security trends in the region Dr Mark Williams Chair and Professor of Political Studies Vancouver Island University B C Canada

**A Cultural History of Peace in the Renaissance** Isabella Lazzarini,2022-02-24 A Cultural History of Peace presents an authoritative survey from ancient times to the present The set of six volumes covers over 2500 years of history charting the evolving nature and role of peace throughout history This volume A Cultural History of Peace in the Renaissance explores peace in the period from 1450 to 1648 As with all the volumes in the illustrated Cultural History of Peace set this volume presents essays on the meaning of peace peace movements maintaining peace peace in relation to gender religion and war and representations of peace A Cultural History of Peace in the Renaissance is the most authoritative and comprehensive survey available on peace in the early modern era

[Poetry FM](#) Lisa Hollenbach,2023-05-12 Poetry FM listens back to the experimental period of FM radio s

development from the late 1940s to the 1980s to show how American poetry was shaped by and shaped in turn the emergence of a radio counterculture. Like FM radio history, the literary history of American poetry during this period is defined by waves of opposition to the literary and critical establishment by poets and movements who likewise stressed experimentalism, alternative networks of distribution, regionalism, and community. In this study, Lisa Hollenbach focuses on two major radio stations: KPFA in Berkeley and WBAI in New York, to develop an institutionally grounded analysis of how poets' involvement with FM radio contributed to postwar aural imaginaries. While poetry programming on Pacifica Radio has always been capacious, including poetry from the past as well as contemporary poetry, poetry in translation, and poetry by unpublished writers, Hollenbach focuses on writers who played important roles at these stations and whose work embraces oral poetics and/or radio and sonic tropes. These especially include poets associated with the New American Poetry: William Everson, Kenneth Rexroth, Jack Spicer, Allen Ginsberg, Robert Duncan, Paul Blackburn, and Amiri Baraka, among others, who brought the oral poetics of the new poetry to Pacifica Radio's experiment in FM radio. But in the 1960s and 1970s, the racial, gender, and sexual politics of both the New American Poetry and the FM revolution came under increasing scrutiny and contestation. During these years, poets as different as Spicer, Ginsberg, Baraka, and Audre Lorde responded to this terrain of struggle by creating in their poetry performances and radio work alternative aural imaginaries or figurative channels for the transmission of fugitive signals across time and place. This is a book about how radio, the once dominant mass media form, became an underground medium for and a key figure in American poetry in the 1950s, 1960s, and 1970s. Counter Institution Nandini Bagchee, 2018-07-10. In the midst of current debates about the accessibility of public spaces resurfacing as a result of highly visible demonstrations and occupations, this book illuminates an overlooked domain of civic participation: the office, workshop, or building where activist groups meet to organize and plan acts of political dissent and collective participation. Author Nandini Bagchee examines three repurposed buildings on the Lower East Side that have been used by activists to launch actions over the past forty years. The Peace Pentagon was the headquarters of the anti-war movement; El Bohio was a metaphoric hut that envisioned the Puerto Rican Community as a steward of the environment; and ABC No Rio, appropriated from a storefront sign with missing letters, was a catchy punk name that appealed to the anarchistic sensibility of the artists that ran a storefront gallery in a run-down tenement. In a captivating discussion of buildings and urban settings as important components of progressive struggles in New York City over more than a century, Bagchee reveals how these collectively organized spaces have provided a venue for political participation while existing as a vital part of the city's civic infrastructure. The counter institution explored in this book represents both a conceptual and a literal struggle to create a space for civic action in a city that is built upon real estate speculation. The author reveals the fascinating tension between the impermanence of the insurgent activist practices and the permanent but maintenance-heavy aspects of architecture. The actors she vividly describes—the war resisters, the Puerto Rican organizers, the housing activists, the punks, and artists—all

seized the opportunity to create what are seen as activist estates at a time and in a place where urban life itself was under attack And now when many such self organized activist buildings are imperiled by the finance driven real estate market that is New York City this book takes stock and provides visibility to these under recognized citizens initiatives Counter Institution is an innovative work that intersects architecture urban design practices and geography cartography on the one hand with history politics and sociology on the other It is a must read for anyone interested in the history of activism in New York City and how the city can inspire and encourage political engagement Through its beautifully illustrated pages where drawings maps timelines and photographs underline the connections between people politics and space readers will discover new ways to imagine buildings as a critical part of the civic infrastructure and a vital resource for the future

## Whispering the Strategies of Language: An Emotional Quest through **Radical Pacifism**

In a digitally-driven world wherever displays reign great and quick communication drowns out the subtleties of language, the profound secrets and mental subtleties hidden within words often get unheard. However, located within the pages of **Radical Pacifism** a captivating literary prize sporting with raw thoughts, lies a fantastic journey waiting to be undertaken. Published by an experienced wordsmith, this charming opus encourages visitors on an introspective trip, lightly unraveling the veiled truths and profound impact resonating within the very cloth of each and every word. Within the mental depths of this moving evaluation, we will embark upon a honest exploration of the book is primary subjects, dissect their captivating publishing style, and fail to the effective resonance it evokes deep within the recesses of readers hearts.
