Spencer,1998 Fresh perspectives on political theater and its essential contribution to contemporary culture Focused studies of individual plays complement broad based discussions of the place of theater in a radically democratic society This consistently challenging collection describes the art of change confronting the actual processes of change 17 photos Community Theatre Eugene van Erven,2002-09-11 Community theatre is an important device for communities to collectively share stories to participate in political dialogue and to break down the increasing exclusion of marginalised groups of citizens It is practised all over the world by growing numbers of people Published at the same time as a video of the same name this is a unique record of these theatre groups in action Based on van Erven s own travels and experiences working with community theatre groups in six very different countries this is the first study of their work and the methodological traditions which have developed around the world **Theatre and Protest** Lara Shalson,2017-08-25 How does protest engage with theatre What does theatre have to gain from protest Theatre and protest are often closely interlinked in the contemporary cultural and political landscape and the line between protest and performance is often difficult to draw Yet this relationship is also beset with doubts about theatre s capacity to intervene in the social world This fresh and insightful text thinks through the intersections and tensions between theatre and protest Exploring the cross fertilization of international theatre and protest across the 12th and 21st centuries Lara Shalson illuminates how and why these two are mutually influencing and enriching forms **Theatres of Independence** Aparna Bhargava Dharwadker,2009-11 Theatres of Independence is the first comprehensive study of drama theatre and urban performance in post independence India Combining theatre history with theoretical analysis and literary interpretation Aparna Dharwadker examines the unprecedented conditions for writing and performance that the experience of new nationhood created in a dozen major Indian languages and offers detailed discussions of the major plays playwrights directors dramatic genres and theories of drama that have made the contemporary Indian stage a vital part of postcolonial and world theatre The first part of Dharwadker s study deals with the new dramatic canon that emerged after 1950 and the variety of ways in which plays are written produced translated circulated and received in a multi lingual national culture The second part traces the formation of significant postcolonial dramatic genres from their origins in myth history folk narrative sociopolitical experience and the intertextual connections between Indian European British and American drama The book s ten appendixes collect extensive documentation of the work of leading playwrights and directors as well as a record of the contemporary multilingual performance histories of major Indian Western and non Western plays from all periods and genres Treating drama and theatre as strategically interrelated activities the study makes post independence Indian theatre visible as a multifaceted critical subject to scholars of modern drama comparative theatre theatre history and the new national and

postcolonial literatures The Death of the Playwright? Adrian Page, 1992-02-24 The nine essays in this volume make significant contributions to the development of contemporary literary theory and demonstrate how a range of new approaches can be applied to modern British drama In addressing the questions of power subjectivity sexuality psychoanalysis and the nature of the dramatic text the contributors reveal how much modern drama can be re read to discover its radically subversive characteristics Their conclusions challenge accepted interpretations and suggest major revisions of the processes of understanding and staging drama Transnational Chinese Theatres Rossella Ferrari, 2020-02-17 This is the first systematic study of networks of performance collaboration in the contemporary Chinese speaking world and of their interactions with the artistic communities of the wider East Asian region It investigates the aesthetics and politics of collaboration to propose a new transnational model for the analysis of Sinophone theatre cultures and to foreground the mobility and relationality of intercultural performance in East Asia The research draws on extensive fieldwork interviews with practitioners and direct observation of performances rehearsals and festivals in Asia and Europe It offers provocative close readings and discourse analysis of an extensive corpus of hitherto untapped sources including unreleased video materials and unpublished scripts production notes and archival documentation *'Other' Spanish Theatres* Maria M. Delgado, 2003-11-08 *Other Spanish Theatres* challenges established opinions on modern Iberian theatre through a consideration of the roles of contrasting figures and companies who have impacted upon both the practice and the perception of Spanish and European stages In this broad and detailed study Delgado selects six subjects which map out alternative readings of a nation's theatrical innovation through the last century These six subjects include Margarita Xirgu Enrique Rambal Mar a Casares and Nuria Espert *The Playful Revolution* Eugène Van Erven, 1992 *The Playful Revolution* is an entertaining journal exemplary *Illusions* *The Playful Revolution* breaks new ground by documenting developmental theatre in Asia in its current socio political and economic ethos *New Theatre Quarterly* This book is the account of a personal journey through Asia a written documentary of a quest to find political theatre that really works and that possesses a vitality and passion that the contemporary Western theatre seems to have lost from the book In this groundbreaking book van Erven reports on the liberation theatre movements throughout Asia which include a diverse collection of creative artists whose politics range from liberal to revolutionary but who all share a common goal of using grass roots theatre as an agent of liberation **Actors and Activists** David Schlossman, 2017-09-25 This scholarly work looks at the issue of politics and performance in America today with particular attention paid to performances produced by activists the NEA Four and Miss Saigon **Toward a Theater of the Oppressed** Javed Malick, 1995 Assesses the dramaturgy and political significance of one of our most radical contemporary playwrights *Diverse Pursuits* Javed Malick, 2021-07-07 The five essays in this book reflect many years of the author's sustained academic engagement with dramatic forms and traditions The opening essay traces the historical trajectory of modern drama in Europe from its bourgeois period through the period of the liberal dissent

to the more recent periods of radical alternative The subsequent essays deal with certain specific examples of that drama in India and the West such as Shakespeare adaptations on the Parsi theatre stage Habib Tanvir and Samuel Beckett The author places each of these in a historical perspective This approach constitutes the theoretical underpinning of the book giving cohesion to this collection of diverse essays Although they were individually published in various journals and books in their earlier versions they have been substantially revived and updated by the author for this volume This book is co published with Aakar Books New Delhi Taylor Francis does not sell or distribute the print versions of this book in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
