## **Radical Presence Teaching As Contemplative Practice:**

**Radical Presence** Mary Rose O'Reilley, 1998 *Radical Presence* is a book about our lives as well as our work suggesting that the secrets of good teaching are the same as the secrets of good living seeing one's self without blinking offering hospitality to the alien other having compassion for suffering speaking truth to power being present and being real These are secrets hidden in plain sight But in an age that puts more faith in the powers of technique than in the powers of the human heart it takes the clear sight and courage of someone like Mary Rose O'Reilley to call secrets of this sort to our attention *Radical Presence* asks What might happen if we frame the central questions of our profession as spiritual issues and deal with them in light of our spiritual traditions The basis of O'Reilley's remarks is not religious it is pedagogical She does not preach she shares Writing of the human condition O'Reilley places herself first in line not as an ego or leader but as a friend and guide Over the course of her journey she seeks to discover what spaces we can create in the classroom that will allow students the freedom to nourish an inner life This is an important book that will have a significant impact on the way educators view teaching and learning O'Reilley writes Some pedagogical practices crush the soul most of us have suffered their bruising force Others allow the spirit to come home to self to community and to the revelations of reality This book is my own try at articulating a space in which teacher and student can practice this radical presence

book *Reflections* from former teacher candidates highlight the influence that holistic pedagogy has on learners. The book concludes with an invitation to the reader to embrace a holistic integrative approach to education which creates fertile ground for student flourishing. *Flourishing in the Holistic Classroom* is intended to support teachers, administrators, academics, pre-service teachers, and graduate students. Praise for *Flourishing in the Holistic Classroom*: Heartfelt, authentic, soulful. Lisa Marie Tucker's *Flourishing in the Holistic Classroom* is a gift to all educators. Drawing on her lengthy career as an educator in various roles, Lisa draws on her personal and professional experiences. Her use of the nautilus shell creates a profound holistic image that connects heart, mind, and spirit where personal cosmologies are valued. Her work is timely as we emerge from challenging times and seek to re-situate and re-connect ourselves to each other and our planet in a post-pandemic world. Her lived journey resonates and inspires as we, the reader, moves through each chapter. Drawing on the wisdom of ancestral roots, Lisa explores what makes us human in profound ways. Marni Binder, Associate Director, Academic Leadership, Associate Professor, Ryerson University. I loved this book. *Flourishing in the Holistic Classroom* by Lisa Tucker is a must-read for any teacher who is looking to make education meaningful, engaging, and relevant to students' lives. It is highly readable and full of practical examples and applications for teachers at all grade levels. It is also a wonderfully inspiring text for professors working in teacher preparation programs. I felt like I was having a conversation with a master teacher, one who truly understands the really important qualities that teachers can cultivate in their lives and work. I appreciated the way substantive theory was integrated seamlessly into her own personal narrative. Using stories, she brings her Nautilus model of holistic teaching to life, creating an intimacy with the reader that engages your mind and spirit. Sam Crowell, Professor Emeritus, California State University, Founder, MA in Holistic and Integrative Education, Author, *Emergent Teaching: A Path of Significance, Creativity, and Transformation*. Lisa invites us to imagine, enact, and embody wholeheartedly our life as more than surviving; she wants us to flourish in the classroom as learners, no matter if we are wearing a teacher or student hat. To do this, we think of ourselves as a whole person whereby heart, mind, body, and spirit are embraced. This is what holistic education is. In this book, we are taken on a journey, and as Lisa says, teaching is a complex profession, and in order for true exploration and deep learning to occur, a healthy, caring, and sustainable learning community must be developed. Dr. Narelle Lemon, Associate Professor and Associate Dean of Education, Swinburne University of Technology, Melbourne, Australia. [A Pedagogy of Kindness](#). Catherine J. Denial, 2024-07-16. Academia is not by and large a kind place. Individualism and competition are what count. But without kindness at its core, Catherine Denial suggests higher education fails students and instructors and its mission in critical ways. Part manifesto, part teaching memoir, part how-to guide, *A Pedagogy of Kindness* urges higher education to get aggressive about instituting kindness, which Denial distinguishes from niceness. Having suffered beneath the weight of just getting along, instructors need to shift every part of what they do to prioritizing care and compassion for students as well as for themselves. *A Pedagogy of Kindness* articulates a fresh vision for teaching, one that

focuses on ensuring justice believing people and believing in people Offering evidence based insights and drawing from her own rich experiences as a professor Denial offers practical tips for reshaping syllabi assessing student performance and creating trust and belonging in the classroom Her suggestions for concrete scalable actions outline nothing less than a transformational discipline one in which together we create bright new spaces rooted in compassion in which all engaged in teaching and learning might thrive
