Screening Early Modern Drama Pascale Aebischer,2013-05-23 While film adaptations of Shakespeare s plays captured the popular imagination at the turn of the last century independent filmmakers began to adapt the plays of Shakespeare s contemporaries The roots of their films in European avant garde cinema and the plays politically subversive sexually transgressive and violent subject matter challenge Shakespeare s cultural dominance and the conventions of mainstream cinema In Screening Early Modern Drama Pascale Aebischer shows how director Derek Jarman constructed an alternative dissident approach to filming literary heritage in his queer Caravaggio and Edward II providing models for subsequent filmmakers such as Mike Figgis Peter Greenaway Alex Cox and Sarah Harding Aebischer explains how the advent of digital video has led to an explosion in low budget screen versions of early modern drama The only comprehensive analysis of early modern drama on screen to date this groundbreaking study also includes an extensive annotated filmography listing forty eight surviving adaptations **The Tragic Histories of Mary Queen of Scots, 1560-1690** John D. Staines,2016-12-05 Author

John Staines here argues that sixteenth and seventeenth century writers in England Scotland and France wrote tragedies of the Queen of Scots royal heroine or tyrant martyr or whore in order to move their audiences towards political action by shaping and directing the passions generated by the spectacle of her fall In following the retellings of her history from her lifetime through the revolutions and political experiments of the seventeenth century this study identifies two basic literary traditions of her tragedy one conservative sentimental and royalist the other radical skeptical and republican Staines provides new readings of Spenser and Milton as well as of early modern dramatists to compile a comprehensive study of the writings about this important historical and literary figure He charts developments in public rhetoric and political writing from the Elizabethan period through the Restoration using the emotional representations of the life of this tragic woman and queen to explore early modern experiments in addressing and moving a public audience By exploring the writing and rewriting of the tragic histories of the Queen of Scots this book reveals the importance of literature as a force in the redefinition of British political life between 1560 and 1690 **Shakespeare, Politics, and Italy** Michael J.

Redmond,2016-04-01 The use of Italian culture in the Jacobean theatre was never an isolated gesture In considering the ideological repercussions of references to Italy in prominent works by Shakespeare and his contemporaries Michael J Redmond argues that early modern intertextuality was a dynamic process of allusion quotation and revision Beyond any individual narrative source Redmond foregrounds the fundamental role of Italian textual precedents in the staging of domestic anxieties about state crisis nationalism and court intrigue By focusing on the self conscious overt rehearsal of existing texts and genres the book offers a new approach to the intertextual strategies of early modern English political drama The pervasive circulation of Cinquecento political theorists like Machiavelli Castiglione and Guicciardini combined with recurrent English representations of Italy to ensure that the negotiation with previous writing formed an integral part of the dramatic agendas of period plays

New Historicism and Cultural Materialism John Brannigan,2016-02-12 New historicism and cultural materialism emerged in the early 1980s as prominent literary theories and came to represent a revival of interest in history and in historicising literature Their proponents rejected both formalist criticism and earlier attempts to read literature in its historical context and defined new ways of thinking about literature in relation to history This study explains the development of these theories and demonstrates both their uses and weaknesses as critical practices The potential future direction for the theories is explored and the controversial debates about their validity in literary studies are discussed

critique of the role of Shakespeare in contemporary culture and argues for new readings of our national poet

'Household Business' Viviana Comensoli, 1999-12-15 The domestic play flourished on the English popular stage during the late sixteenth and early seventeenth centuries Its roots were predominantly native rather than classical and its mainspring was the staging of domestic conflict amongst English characters from the middle ranks of society Household Business traces the genre's origins in the cycle plays of medieval England and examines its aesthetic configurations in relation to extra literary discourses and practices that underwrote Renaissance ideologies of private life At a time when the orthodox view of the family defined it as the foundation of the social order a number of domestic dramas took a more critical perspective stressing the contradictions and struggles that attend marriage and the patriarchal family In addition to well known domestic dramas as A Woman Killed with Kindness Arden of Feversham The Witch of Edmonton and A Yorkshire Tragedy Viviana Comensoli analyzes less well studied plays as A Warning for Fair Women Two Lamentable Tragedies and The Late Lancashire Witches The book also provides an extensive and timely assessment of domestic comedy demonstrating how plays such as The London Prodigal The Fair Maid of Bristow and The Honest Whore Parts I and II resist homiletic paradigms in favour of a more dialectical dramaturgy
