Spanish Film, Theatre and Literature in the Twentieth Century David John George, John London, 2007
 This collection of valuable new studies explores major figures in twentieth century Spanish culture such as Antonio Machado Rafael Alberti Federico García Lorca and Luis Buñuel offering a fresh and engaging interpretation of their artistic works The inclusion of less familiar subjects has wider ramifications the translation of one of Santiago Rusiñol's plays informs a discussion on censorship and a Catalan novel by Llorenç Villalonga relates to a much larger discussion of European nationalist thought While some contributors adopt feminist psychoanalytical or philosophical approaches the focus throughout is on understanding Spanish culture within its historical and social context
