Jeffrey S. Dixon, Meredith Reid Sarkees

Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886:

Rafael Núñez and the Politics of Colombian Regionalism, 1863-1886 James William Park, 1985 Rafael Núñez y el regionalismo político en Colombia 1863-1886 Park, James William, 2022-09-15 Rafael N ez 1825 1894 el primer nativo de la regi n Caribe colombiana elegido presidente de la Rep blica fue la figura pol tica m s destacada del pa s en el ltimo cuarto del siglo XIX Elevado a la primera magistratura cuatro veces N ez encabez una coalici n de liberales y conservadores que le dio un vuelco institucional a Colombia para frenar las fuerzas debilitadoras del regionalismo Esta s lida y pionera obra publicada ahora en espa ol es una biograf a pol tica de N ez y una historia del movimiento que encabez Basada en una minuciosa investigaci n de archivos aporta una equilibrada y fascinante interpretaci n de un per odo clave y controvertido de la historia de Colombia **The Colombian Caribbean** Eduardo Posada Carbó, 1996 This is a study of the role of regions in the development of modern nations in Latin America Eduardo Posada Carbo focuses on the Colombian Caribbean between 1870 and 1950 He examines the achievements and shortcomings of arable agriculture and the significance of the livestock industry the links between town and countryside the influence of foreign migrants and foreign capital the relationship between local and national politics and the extent to which regionalism represented a challenge to the consolidation of the national state in Colombia This original study opens up the area to scholarly scrutiny and has wider implications for Latin American historiography *Muddied Waters* Nancy P. Appelbaum, 2003 Claims that Colombia s present day regional and local hierarchies were shaped by 19th and 20th century processes of colonization and that regionalism and race are tied into Colombia s history of violence The Making of Modern Colombia David Bushnell, 1993-02-09 Colombia s status as the fourth largest nation in Latin America and third most populous as well as its largest exporter of such disparate commodities as emeralds books processed cocaine and cut flowers makes this the first history of Colombia written in English a much needed book It tells the remarkable story of a country that has consistently defied modern Latin American stereotypes a country where military dictators are virtually unknown where the political left is congenitally weak and where urbanization and industrialization have spawned no lasting populist movement There is more to Colombia than the drug trafficking and violence that have recently gripped the world s attention In the face of both cocaine wars and guerrilla conflict the country has maintained steady economic growth as well as a relatively open and democratic government based on a two party system It has also produced an impressive body of art and literature David Bushnell traces the process of state building in Colombia from the struggle for independence territorial consolidation and reform in the nineteenth century to economic development and social and political democratization in the twentieth He also sheds light on the modern history of Latin America as a whole The Legal Foundations of Inequality Roberto Gargarella, 2010-04-12 The long revolutionary movements that gave birth to constitutional democracies in the Americas were founded on egalitarian constitutional ideals They claimed that all men were created equal with similar capacities and also that the community should become self governing Following the first

constitutional debates that took place in the region these promising egalitarian claims which gave legitimacy to the revolutions soon fell out of favor Advocates of a conservative order challenged both ideals and favored constitutions that established religion and created an exclusionary political structure Liberals proposed constitutions that protected individual autonomy and rights but established severe restrictions on the principle of majority rule Radicals favored an openly majoritarian constitutional organization that according to many directly threatened the protection of individual rights This book examines the influence of these opposite views during the founding period of constitutionalism in countries including the United States Argentina Colombia Chile Ecuador Mexico Peru and Venezuela **Without Hatreds Or Fears** Laurence Emmanuel Prescott,2000 A study of Tambores en la Noche two volumes of verse by Jorge Artel black poet of 20th century Colombia It analyzes his work within the context of Colombian history and culture modern Spanish American literature and the poet s own career **Latin America since Independence** Thomas C. Wright,Robert L. Smale,2022-08-03 This book offers an innovative thematic approach to the history of Latin America since independence It traces continuity and change in colonial legacies that became central political issues following independence authoritarian governance a rigid social hierarchy based on race color and gender the powerful Roman Catholic Church economic dependency and the large landed estate Generally liberals have sought to modify or abolish these legacies in the interest of what they consider progress while conservatives have attempted to preserve them as much as possible as bastions of their power and privilege Examining the evolution of these colonial legacies across two centuries reveals the processes that formed the political systems economies societies and religious institutions that characterize Latin America today **A Guide to Intra-state Wars** Jeffrey S. Dixon,Meredith Reid Sarkees,2015-10-22 This title describes how civil war is defined and categorized and presents data and descriptions for nearly 300 civil wars waged from 1816 to the present Analyzing trends over time and regions this work is the definitive source for understanding the phenomenon of civil war **Between Legitimacy and Violence** Marco Palacios,2006-06-06 Between Legitimacy and Violence is an authoritative sweeping history of Colombia s long twentieth century from the tumultuous civil wars of the late nineteenth century to the drug wars of the late twentieth Marco Palacios a leading Latin American historian skillfully blends political economic social and cultural history In an expansive chronological narrative full of vivid detail he explains Colombia s political history discussing key leaders laws parties and ideologies corruption and inefficiency and the paradoxical nature of government institutions which while stable and enduring are unable to prevent frequent and extreme outbursts of violence Palacios traces the trajectory of the economy addressing agriculture particularly the economic significance of coffee the development of a communication and transportation infrastructure industrialization and labor struggles Palacios also gives extensive attention to persistent social inequalities the role of the Catholic Church demographic shifts such as urbanization and emigration and Colombia s relationship with the United States Offering a comparative perspective he frequently contrasts Colombia with other Latin American nations

Throughout Palacios offers a helpful interpretive framework connecting developments with their causes and consequences By thoroughly illuminating Colombia s past Between Legitimacy and Violence sheds much needed light on the country s violent present *Education, Conservatism, and the Rise of a Pedagogical Elite in Colombian Panama* Rolando de la Guardia Wald,2021-04-09 This book historically reconstructs the conservative and moderate liberals views on governance morality and education within the context of La Regeneraci n 1878 1903 in Colombian Panama de la Guardia Wald explores the way political theories and ideologies especially conservatism and positivism shaped late nineteenth century Panamanian pedagogues conceptualizations of proper education for the sake of social regeneration By demonstrating that Isthmian political and pedagogical debates went beyond the preoccupation for the realisation of classic liberalism and exploitation of Panama s geographical views this book challenges the perspective that Panamanian identity was a fabrication of the United States Instead this study reveals that the combination of positivist and conservative understandings of morality reason and good science defined governmental policies intended to recuperate and enhance civic values and nationalism leading the way to progress and modernity **Routledge Library Editions: Social & Cultural Geography** Various Authors,2022-07-30 Re issuing books originally published between 1969 and 1990 this set of 15 volumes gives a 20 year perspective on the development of the discipline of social geography The books emphasize the increasingly important contribution of geographical theory to the understanding of social change values economic and political organization and ethical imperatives The volumes are authored by well known international geographers and discuss the philosophy and sociology of geography as well as key themes such as the geography of health crime space They also examine the cross over of geography with other disciplines such as literature and history From Frontier Town to Metropolis Jane M. Rausch,2007 Although Villavicencio the capital of the Department of Meta is located just 120 miles from Bogot the mountains of the eastern Andean Cordillera lies between the two cities As a result after its founding in 1842 Villavicencio remained an isolated frontier outpost for more than one hundred years even though El Portal de la Llanura the Gateway to the Plains provided the principal access to Colombia s tropical plains Llanos a vast grassy region cut by tributaries connecting with the Meta and Guaviare rivers and eventually the Orinoco Nineteenth and twentieth century governments in Bogot regarded the Llanos as the Eastern Lands of Promise underestimating the geographic and climatic obstacles to their development From Frontier Town to Metropolis recounts the history of the town and explains how by the twenty first century it became a thriving metropolis with a population nearing three hundred thousand During the next sixty years it became the principal urban center of the Llanos despite the continual presence of militant guerrillas paramilitaries and drug traffickers This book examines the developments that transformed Villavicencio drawing on data collected about the Colombian Llanos over a period of forty years Noted researcher Jane M Rausch offers a detailed treatment of the development of Villavicencio and the Department of Meta as a microcosm of Colombia s eastern frontier The book incorporates a wealth of research published in Spanish by Colombian

scholars in the last twenty years and is the first history of Villavicencio available to English speaking scholars It considers the important topics of when a frontier is no longer a frontier and the role played by frontier images in contemporary nationalism

Latin American Constitutionalism, 1810-2010 Roberto Gargarella, 2013-08-29 This study of 200 years of Latin American constitutionalism 1810 2010 both presents a description and a critical analysis of what Latin Americans did with their Constitutions during those years *A New History of Modern Latin America* Lawrence A. Clayton, Michael L. Conniff, Susan M. Gauss, 2017-08 Revised and expanded third edition Cover Latin American Positivism Greg Gilson, Irving Levinson, 2013 Latin American Positivism Theory and Practice examines the role of positivism in the intellectual and political life of three major nations Colombia Brazil and Mexico In doing so the authors first focus on the intellectual linkages and distinctions between Latin American positivists and their European counterparts Also they examine the impact of positivist theory on the political cultures of these nations and the more significant impact of the political and socio economic cultures of those states upon positivist thought Rather than asserting that the positivist movement was a moving force that reformatted many Latin American modalities the authors demonstrate that the dynamics of nineteenth and twentieth century Latin American societies altered positivism to a greater extent that the positivists altered these nations *Historical Dictionary of Colombia* Harvey F. Kline, 2012-06 Colombia is the fourth largest country in South America and one of the continent's most populous nations It has substantial oil reserves and is a major producer of gold silver emeralds platinum and coal along with a significant number of natural resources Colombia has also been ravaged by a decades long violent conflict involving outlawed armed groups drug cartels and gross violations of human rights Recently the country has made some progress towards improving security and President Santos has pledged to continue to improve security by passing laws to strengthen the judicial system a reform of the manner of distributing royalties paid by mining and petroleum companies and a tougher law against corruption The Historical Dictionary of Colombia covers the history of Colombia through a chronology an introductory essay appendixes and a bibliography The dictionary section has over 1 000 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Colombia **Frontier Road** Simón Uribe, 2017-05-25 Frontier Road uses the history of one road in southern Colombia known locally as the trampoline of death to demonstrate how state building processes and practices have depended on the production and maintenance of frontiers as inclusive exclusive zones often through violent means Considers the topic from multiple perspectives including ethnography of the state the dynamics of frontiers and the nature of postcolonial power space and violence Draws attention to the political environmental and racial dynamics involved in the history and development of transport infrastructure in the Amazon region Examines the violence that has sustained the state through time and space as well as the ways in which ordinary people have made sense of and contested that violence in everyday life Incorporates a broad range of engaging sources such as

missionary and government archives travel writing and oral histories The Vanguard of the Atlantic World James E. Sanders, 2014-10-03 In the nineteenth century Latin America was home to the majority of the world's democratic republics. Many historians have dismissed these political experiments as corrupt pantomimes of governments of Western Europe and the United States. Challenging that perspective, James E. Sanders contends that Latin America in this period was a site of genuine political innovation and popular debate reflecting Latin Americans' visions of modernity.

A Companion to Latin American Philosophy Susana Nuccetelli, Ofelia Schutte, Otávio Bueno, 2013-03-05 This comprehensive collection of original essays written by an international group of scholars addresses the central themes in Latin American philosophy. Represents the most comprehensive survey of historical and contemporary Latin American philosophy available today. Comprises a specially commissioned collection of essays, many of them written by Latin American authors. Examines the history of Latin American philosophy and its current issues, traces the development of the discipline and offers biographical sketches of key Latin American thinkers. Showcases the diversity of approaches, issues, and styles that characterize the field.

Recognizing the habit ways to acquire this books **Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886** is additionally useful. Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational

resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886 is one of the best book in our library for free trial. We provide copy of Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886. Where to download Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886 online for free? Are you looking for Rafael Nunez And The Politics Of Colombian Regionalism 1863 1886 PDF? This is definitely going to save you time and cash in something you
