Ragged War The Story Of Unconventional And Counterrevolutionary Warfare

Harry M. Ward

Ragged War The Story Of Unconventional And Counterrevolutionary Warfare:

Ragged War Leroy Thompson, 1999-03-01 Guerrilla warfare may well be seen as a 20th century development although its origins go back to the dawn of warfare It is probable that insurgency and counter terrorist actions by superpowers and lesser nations will become the most likely use of military power in the coming decades This study is an historical examination of the development of counter insurgency and counter terrorist warfare As well as an assessment of the tactics that have been effective the author emphasizes the importance of intelligence in these operations reviews the weaponry used and analyzes the training of 3 elite special warfare units Unusual and interesting action photos **Unconventional Warfare in South Asia** Scott Gates, Kaushik Roy, 2016-02-17 India is the world s tenth largest economy and possesses the world s fourth largest military The subcontinent houses about one fifth of the world s population and its inhabitants are divided into various tribes clans and ethnic groups following four great religions Buddhism Christianity Hinduism and Islam Framing the debate using case studies from across the region as well as China Afghanistan and Burma and using a wealth of primary and secondary sources this incisive volume takes a closer look at the organization and doctrines of the shadow armies and the government forces which fight the former Arranged in a thematic manner each chapter critically asks Why stateless marginal groups rebel How do states attempt to suppress them What are the consequences in the aftermath of the conflict especially in relation to conflict resolution and peace building *Unconventional Warfare in South Asia* is a welcomed addition to the growing field of interest on civil wars and insurgencies in South Asia An indispensable read which will allow us to better understand whether South Asia is witnessing a New War and whether the twenty first century belongs to the insurgents

The Lost Mandate of Heaven Geoffrey Shaw, PhD, 2015-10-05 Ngo Dinh Diem the first president of the Republic of Vietnam possessed the Confucian Mandate of Heaven a moral and political authority that was widely recognized by all Vietnamese This devout Roman Catholic leader never lost this mandate in the eyes of the people rather it was removed by his erstwhile allies in the United States government in a coup sponsored by them resulting in his assassination The commonly held view runs contrary to the above assertion by military historian Geoffrey Shaw According to many American historians President Diem was a corrupt leader whose tyrannical actions lost him the loyalty of his people and the possibility of a military victory over the North Vietnamese The Kennedy Administration they argue had to withdraw its support of Diem Based on his research of original sources however including declassified documents of the US government Shaw found a Diem who was up for Mass at 6 30 every morning who was venerated by the Vietnamese as a great leader at all levels of government and society a kind man who did not even like the thought of Communist guerrillas being killed Also according historical record Diem did not persecute Buddhists on the contrary he did more to preserve and to fund Vietnam s Buddhist heritage than any other Vietnamese leader A candid account of the killing of Ngo Dinh Diem the reasons for it who was responsible why it happened and the disastrous results This book is not a happy read But it is a careful record to set the issue

straight What is particularly agonizing for Americans who read this clearly stated and tightly argued book is the fact that the final Vietnam defeat was not really on battle grounds but on political and moral grounds or even worse on personal grounds of prideful diplomats and reporters The Vietnam War need not have been lost Overwhelming evidence supports it From the Foreword by James Schall S J Professor Emeritus Georgetown University Did I find a veritable Conradian Heart of Darkness Yes I did but it was not in the quarter to which all popular American sources were pointing their accusatory fingers in other words not in Saigon but paradoxically within the Department of State back in Washington DC and within President Kennedy's closest White House advisory circle The actions of these men led to Diem's murder And with his death nine and a half years of careful work and partnership between the United States and South Vietnam was undone From the Preface by Geoffrey Shaw

Winning the Un-war Charles V. Peña, 2007 According to President Bush the American people are safer as a result of invading Iraq True Saddam Hussein has been removed from power But al Qaeda the group that planned and carried out the attacks on September 11 remains at large Meanwhile the White House has conceded that Saddam Hussein had nothing to do with the attacks Charles Peña argues that the war in Iraq is but one misstep in the Bush administration's global war on terror Terrorism is simply a tactic however not an enemy Trying to eradicate it is a quixotic quest that does not focus on those responsible for 9/11 Instead the national security strategy should consist of three central elements establishing homeland security against further attacks dismantling the al Qaeda terrorist network and enacting a foreign policy that does not attract new al Qaeda terrorists This approach requires restructuring U.S. forces and ending Cold War era commitments that distract from the current pressing threat It also requires ameliorating the negative consequences of an interventionist U.S. foreign policy which creates incentives and opportunities for terrorists to target the United States If we misdiagnose al Qaeda's motivations or focus military efforts on the wrong targets then we run the risk that the war against the al Qaeda terrorist threat and the radical Islamic ideology it represents will become a broader war against the Islamic world that could last generations and cost countless lives With a foreword by Michael Scheuer the bestselling author of *Imperial Hubris*

The Indian Rebellion, 1857-1859 Kaushik Roy, 2024-12-30 The Indian Rebellion 1857-1859 A Military History in the Global Context focuses on the military dimension of this conflict in which Indian rebels waged both conventional and unconventional warfare against the British In the summer of 1857 British rule almost disintegrated in north India due to the rebellion of the Indians in the Bengal Army The military mutiny was followed by large scale peasant uprising But by mid 1859 the Indian Rebellion collapsed with the military defeat of the rebels This book is the first one based on archival sources both from India and the United Kingdom dealing with the military history of the mid nineteenth century Indian Rebellion The volume wrestles with the questions of why and how the British won ipso facto and why and how the rebels lost The book also situates the military experience of the mid nineteenth century Indian subcontinent within a global context Besides traditional themes like strategy tactics technology command and logistics the topics introduced by new military history such as experiences of war

impact on society and the construction of identities are addressed throughout *The Indian Rebellion 1857-1859* is essential for students and researchers of military history, modern Indian history and British Imperial history. Clausewitz in the Twenty-First Century Hew Strachan, Andreas Herberg-Rothe, 2007-09-13 The volume considers Clausewitz's timeless *On War* against the background of actual armed conflict. With scholars from a range of disciplines and countries it throws new light on a classic text and contemporary issues. The Nature of War in the Information Age David J. Lonsdale, 2004-06 Much of today's Revolution in Military Affairs (RMA) literature subscribes to the idea that the information age will witness a transformation in the very nature of war. In this book David Lonsdale puts that notion to the test. *Modern Insurgencies and Counterinsurgencies* Kaushik Roy, 2022-08-25 This book provides a historical study of the theory and praxis of modern insurgencies and counterinsurgencies. COIN: Modern Insurgencies and Counterinsurgencies. A Global History shows that the insurgents can wage a variety of conflicts at times conventional war which lies at the high end of their spectrum and terrorism which is located at the lowest end of their scale. When insurgencies reach a certain critical threshold the insurgents shift their strategy from guerrilla/irregular war to conventional regular war and at that point the level of conflict escalates to the level of civil war. When the insurgents face intense state repression they revert to terrorist activities. When the insurgents wage guerrilla war they can be called guerrillas. The variety of wars conducted by the insurgents is termed as unconventional war. This volume demonstrates that the insurgents in the modern world had been motivated by a trinity: greed, grievances and ideology. Kaushik Roy traces the origin of modern insurgencies and COIN from the sixteenth century by focusing on regions outside Western Eurasia. He also touches on the twin interrelated phenomena of modern insurgencies and COIN metastasising into something new at the beginning of the Information Revolution at the end of the twentieth century. This volume will be of interest to researchers and research students of history, British Empire/imperial studies, Asian studies, security studies, strategic studies and war and conflict studies. **The Devil's Gardens** Lydia Monin, 2011-12-31 The image I have is a kid on a country lane on a Saturday afternoon herding his family cattle meaning no harm to anybody and putting one step wrong. It's one thing to die in combat, it's one thing to die defending land, but it's another thing to die tending cattle on a Saturday afternoon and we want a world where that doesn't happen. Michael Ignatieff. During the twentieth century a landmine plague raged across the globe. It began on the battlefields of two world wars, it gathered momentum in Korea and Vietnam and then spread like wildfire throughout the developing world. *The Devil's Gardens* is the definitive story of the landmine. It is the story of the development and proliferation of a weapon of terror. It is also the story of suffering and devastation and a worldwide crusade to put an end to the curse of landmines forever. The issues surrounding landmines and their continued use are controversial. Drawing on a wide range of distinguished interviewees and the author's first-hand experiences in severely mine-affected countries, *The Devil's Gardens* looks at all sides of the landmine story. *Counter Insurgency Manual* Leroy Thompson, 2002-08-01 World renowned expert in the fields of counter terrorism, hostage rescue

and VIP protection Leroy Thompson has produced a comprehensive guide to counter insurgency His experience both in the field and in training showcase the latest methods and technologies available and this fully illustrated book reveals many of the secrets of his trade **The Forgotten Front** Walter Carl Ladwig,2017-06-22 This book explains why the United States local allies are often as much of an obstacle to success in counterinsurgency as the insurgents themselves **US Intervention Policy and Army Innovation** Richard Lock-Pullan,2006 This book examines how the US Army rebuilt itself after the Vietnam War and how this has effected US intervention policy after the Cold War **Africa** Air University (U.S.). Library,1994 **Virtual War** Michael Ignatieff,2001-06-02 Virtual War describes the latest phase in modern combat war fought by remote control Kosovo was such a virtual war a war in which US and NATO forces did the fighting but only Kosovars and Serbs did the dying Ignatieff raises the troubling possibility that virtual wars so much easier to fight could become the way superpowers impose their will in the century ahead **Military Strategy** John M. Collins,2011 Provides an overview of the principles theories policies and other fundamentals of modern warfare and their applications in the twenty first century *"Going Down Hill"* Harry M. Ward,2009 This book discusses the legacies of American Revolutionary War in the context of growing American imperial hubris overreach and permanent war abroad as well as economic and social decay of American homeland It discusses the less admirable and tragic implications of a national war civil war that drove many thousands of Americans from their country destroyed numerous Native American societies enshrined human slavery in its constitution and lead to several tragic and bloody existential crises in 19th and 20th century American history **Air University Library Index to Military Periodicals** ,1996 **World Military History Bibliography** Barton Hacker,2003-06-01 Preclassical and indigenous nonwestern military institutions and methods of warfare are the chief subjects of this annotated bibliography of work published 1967 1997 Classical antiquity post Roman Europe and the westernized armed forces of the 20th century although covered receive less systematic attention Emphasis is on historical studies of military organization and the relationships between military and other social institutions rather than wars and battles Especially rich in references to the periodical literature the bibliography is divided into eight parts 1 general and comparative topics 2 the ancient world 3 Eurasia since antiquity 4 sub Saharan Africa and Oceania 5 pre Columbian America 6 postcontact America 7 the contemporary nonwestern world and 8 philosophical social scientific natural scientific and other works not primarily historical *Crimes of Loyalty* Ian S. Wood,2006-05-19 Sectarian murder torture bloody power struggles and racketeering are what for many define their image of the Ulster Defence Association Yet as Northern Ireland s Troubles worsened in 1971 and 1972 it emerged with a mass membership to defend Loyalist areas against the IRA and to uphold the Union with Britain By 1974 it was able to defy the will of an elected government and it went on to formulate political strategies for working class Loyalism Ian S Wood uses his specialist knowledge as well as extensive interviews to recount these events and the ruthless war waged by the UDA on the nationalist community He explores issues such as the

UDA's descent into criminality and its relationship with the secret war conducted by Britain's undercover services and he assesses what impact the organisation had on the outcome of Europe's worst political and ethnic conflict between 1945 and the break up of the Soviet Union and Yugoslavia after 1990 **Parameters** ,1994

The Captivating Realm of Kindle Books: A Detailed Guide Revealing the Benefits of Kindle Books: A World of Convenience and Versatility Kindle books, with their inherent mobility and ease of availability, have freed readers from the constraints of hardcopy books. Gone are the days of carrying bulky novels or meticulously searching for specific titles in bookstores. Kindle devices, stylish and lightweight, effortlessly store an wide library of books, allowing readers to immerse in their favorite reads whenever, everywhere.
