Graphic stories of adventure, ed. by M.T. Yates Graphic stories,1898 Free Trade and Peace in the Nineteenth Century Helen Dendy Bosanquet,1924 **Gender and Power in Prehispanic Mesoamerica** Rosemary A. Joyce,2009-06-23 Gender was a fluid potential not a fixed category before the Spaniards came to Mesoamerica Childhood training and ritual shaped

but did not set adult gender which could encompass third genders and alternative sexualities as well as male and female. At the height of the Classic period Maya rulers presented themselves as embodying the entire range of gender possibilities from male through female by wearing blended costumes and playing male and female roles in state ceremonies. This landmark book offers the first comprehensive description and analysis of gender and power relations in prehispanic Mesoamerica from the Formative Period Olmec world ca 1500-500 BC through the Postclassic Maya and Aztec societies of the sixteenth century AD. Using approaches from contemporary gender theory, Rosemary Joyce explores how Mesoamericans created human images to represent idealized notions of what it meant to be male and female and to depict proper gender roles. She then juxtaposes these images with archaeological evidence from burials, house sites and body ornaments which reveals that real gender roles were more fluid and variable than the stereotyped images suggest. The Light, 1914. Slave trading in the Early Middle Ages, Janel M. Fontaine, 2025-02-18. This book examines slave trading in northern and eastern central Europe from the seventh century through the eleventh century, tracing its growth, climax and decline. Demand from the Islamic world in the ninth and tenth centuries prompted changes in warfare, trade logistics and administrative responses to slavery in the slaving zones centred on the British Isles and the Czech lands. This study establishes slave trading as a core driver of connectivity and presents a model for this practice in politically fragmented areas of Europe. Free Trade and Peace in the Nineteenth Century, Norsk Nobelinstitutt, 1924. Early Medieval Europe, 300-1000, Roger Collins, 2017-09-16. In this classic textbook history of early medieval Europe, Roger Collins provides a succinct account of the centuries during which Europe changed from being an abstract geographical expression to a new culturally coherent if politically divided entity. This comprehensive new edition explores key topics such as the fall of the Roman Empire, the rise of both Christianity and Islam, the Vikings and the expansion of Latin Christian culture into eastern Europe. Clear and insightful, this is an invaluable guide to an important era in the history of both Europe and the wider world. This is an ideal companion for students of History or European Studies taking modules on Early Medieval Europe or Europe in Late Antiquity. In addition, this is a useful reference work for postgraduate students, scholars and teachers of early medieval Europe. New to this Edition: Fully updated, augmented and revised to take account of the latest scholarship and research on all aspects of the period it covers. Greater emphasis given to social and economic considerations, the peripheries of Europe, the rise and impact of Islam, art, architecture, books and the spread of learning. Extensively rewritten to make it more accessible for students. Polygamy in Northern Malawi, Moses Mlenga, 2016-01-14. The early missionaries brought Christianity from the monogamous West to the polygamous societies of Africa. Were the missionaries right in demanding that converts dismiss all but one wife? Was this the demand of the Christian faith or of Western civilization? And were the converts right to dismiss their wives though they had married them according to the laws of the land? And who asked the children if they wanted their mothers to be dismissed and may or may not be married to another man? The book argues that while polygamy is an African reality, it is below Christian moral

standards However is stopping converted polygamous men and women from baptism best practice if we believe that sin can be forgiven for the one who repents Can the shedding of responsibility for wives and children be made a precondition for such forgiveness
