Rosezinda John F. Parker,2003-06-23 Rosezinda Riding Rainbows is a fanciful tale that literally starts out with a bang Within seconds of being struck by a speeding van Cora a plucky outspoken 13 year old is taken on the thrill ride of her young life Arriving in a new reality called E and renamed Rosezinda she encounters a collection of colorful individuals who take her on a series of hair raising adventures This quirky and somewhat edgy story had me hooked from its exciting beginning to the surprise ending I didn t want to put it down until I had read the last word even then I found myself turning the page wanting more The evocative imagery and eccentric characters are worthy of a Spielberg movie especially the wonderful basketball game which is unlike any basketball game the reader could ever imagine Though the story s intended audience is children who I believe will be entranced by it it may be enjoyed on multiple levels by older readers Parents may wish to read Rosezinda Riding Rainbows with their children and discuss some of the provocative questions it brings up I m anxious to read more of Rosezinda s adventures I applaud Parker on his originality and creativity Linda R Thompson Ed D Director of Student Support Services Harding University Arkansas John Parker s book is exciting because it includes the things that are important in life When I grow up I will make a movie out of it if there isn t one by then 12 year old Alex in grade six Vancouver BC Parker has created a wonderful magical world that is totally against the readers perception of reality but which seems entirely plausible Monique Trottier Raincoast Publishers I predict that Rosezinda will become a classic Dr Jennifer Hurd Senior Consultant Houghton Mifflin I can size Rosezinda up in one word BRILLIANT R Rudolph Harmony House Publishers More Praise for Rosezinda inside

Under the Rainbow Catherine Campbell,2013-06-21 This story of a mother s journey heartache loss and total reliance on the grace of God is told with remarkable honesty as disappointment turns to devastation anger and finally to peace and acceptance Not just one but two of Catherine s three children are born with multiple disabilities With her pastor husband they had two daughters who were genetically damaged Despite faithfully nursing them until they died at the ages of 13 and 10 the girls never developed the ability to recognise their parents In time Catherine came to view her family tragedy from a different perspective In this heartfelt retelling she shows us the delights as well as the sorrows of her family life we get to stand Under the Rainbow with her as she experiences the promises of God which eventually lead to acceptance and freedom This book will make you laugh and it may make you cry but ultimately it will reveal to you a God who always keeps His promises More than an autobiography the book takes a glimpse at issues such

as friendship helping children grieve and turning pain into gain It will make you laugh and it may make you cry but ultimately it will reveal to you a God who always keeps His promises *The Return of the Rainbow Griefers* Winter Morgan,2015-07-14 Will Noah and Violet finally defeat Daniel and his crew of rainbow griefers Violet and Noah s village is celebrating the new amusement park opening in town Everyone is enjoying the fun rides and tasty food But when Noah spots a rainbow griever in the village carrying blocks of TNT the celebration suddenly stops Before the townspeople can do anything about the dangerous interloper the roller coaster explodes The accident with the roller coaster is blamed on Noah and Violet s frequent enemy Daniel The duo must stop Daniel and his new crop of rainbow griefers before they do anymore damage to the village or the world of Minecraft Things get tricky when Noah and Violet get a message from an old friend who needs their help Can Noah and Violet come to the aide of their friend while saving their village It will be a team effort to stop the rainbow griefers in this battle but are the Minecrafters up for the challenge Find out in this thrilling fourth installment of the League of Griefers series Sky Pony Press with our Good Books Racehorse and Arcade imprints is proud to publish a broad range of books for young readers picture books for small children chapter books books for middle grade readers and novels for young adults Our list includes bestsellers for children who love to play Minecraft stories told with LEGO bricks books that teach lessons about tolerance patience and the environment and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home **Rusty's Rainbow** Donna Connally White,2006-05 Rusty s Rainbow is the compelling true story of God s love and care The author describes encountering God s compassion through the dark days battling cancer in her 7 year old son Rusty **Rainbow Over Crossroads** Jay Joslin,2005-01-01 Poet wordsmith and storyteller Jay Joslin continues his journey of awe passion and absurdity in this his second collection With a troubadour s spirit and a daring verve he makes metaphorical play with the quintessential signs and portents which remind us that we are indeed on a planet and are very fortunate to exist at all astronomically speaking **The Rainbow Slide** Ayaka Takeuchi,2023-01-14 Perhaps you don t remember but you may have lived in the World in the Sky I will tell you of a mysterious story that will make you laugh and cry The Rainbow Slide the real story of a girl with prenatal memory went viral in Japan selling 30 000 copies **A Rainbow in My Heart** Russell Brandon,2013-07-30 Its starting to get to me Almost daily we hear about acts of violence towards women and children It was some of the worst examples of this that motivated me to start writing this book There are more motivations They are mostly things that society has become accepting of because they seem to be the norm They are the things that make me want to shout Hey this is wrong We shouldnt just accept it because everyone else is doing it And there are so many things I want to tell my grandchildren about navigating a path through life that follows the example Jesus set Mostly they are about avoiding a lifetime of mistakes the same mistakes I made But what kid wants to listen to a lecture by an old man regardless of how much they love him After all he belongs to a

bygone era and doesn't really understand what it's like to grow up in these modern times. So I have composed a little story that allows me to share an old man's advice with his grandchildren and yours and all their parents as well. It's a story of friendship, love and loss in a modern era, in fact whichever era they are growing up in. I know it is an ageless story because it talks about living a life that simply follows the example that Jesus set over two thousand years ago. It has not changed in all that time and will not change until He comes again. It's all about doing life in a broken world but living a life that makes a difference.

Autism - The Eighth Colour of the Rainbow Florica Stone, 2003-05-10 Through her questioning of traditional approaches regarding autism and with determination and patience Florica Stone has been able to develop a satisfying and supportive two-way channel of communication with her once non-verbal and solitary autistic son. In *Autism: The Eighth Colour of the Rainbow* Florica shows how shared meanings can be learnt and expressed between autistic and non-autistic individuals though they experience radically different perceptions of reality. Through interacting with and listening to her autistic friends and son she began to understand the autistic learning style and to decipher the various behavioural needs that arise from their particular sensory processing. In this inspiring much-needed guide she presents ways of creating autistic-friendly environments, modifying traditional responses to autistic behaviour and using literal learning and provides many useful examples and exercises. This book will help parents, teachers and professionals to learn how to interact meaningfully with autistic children, continuously enhance communication and bring about long-lasting changes. *Places To Visit And Fun Things To Do In Rome With Kids* Pasquale De Marco, 2025-08-09 Embark on an unforgettable adventure in Rome with your loved ones guided by this comprehensive family travel guidebook. become involved with ultra radical anti capitalists who furious at the state of the planet and its greed fuelled decline are plotting an audacious double atrocity Utilising her brave instincts and skills as a supersleuth for hire Edie sets about resolving the mysteries and averting the crises that she is confronted with as she comes to realise that things often happen outside of chance and outside of our understanding and control To solve each mystery Edie must harness the Three Principles a new approach to understanding how the mind works that is currently proving invaluable in improving mental health and well being in children internationally Reading age 11 *Climbing the Rainbow* ,2003-11 For more than 150 years waves of poor immigrants flow into Passaic a small city in New Jersey seeking jobs and a new life The common dream of these hard working people is for their children to become educated and then successful in America Climbing The Rainbow And that s exactly what happens Each generation is educated in the city s school system then moved on to successful careers throughout our nation This mobility allows a new flood of even poorer immigrants to take their place The success process is again renewed This book contains twenty eight stories each written by a person who grew up or worked in the unique City of Passaic at different times during the last ninety years These authors are representative of the many ethnic racial and religious groups that live peacefully side by side in this unique melting pot city Quoting from one of the book chapter authors Jose Rodriguez who describes his reaction as a seven year old on his first day in Passaic As I walked into the parking lot on Market Street I entered a strange new world exciting and alive with activity life and color black white brown yellow and yes even red This was not the pigment on the walls of this parking lot but the skin tones of the youth in this piece of the world That day in 1978 in the wonderful City of Passaic I saw the rainbow that would make up the road of my youth it was the truest of melting pots **A Rainbow in Paradise** , *Books and Pamphlets, Including Serials and Contributions to Periodicals* Library of Congress.
