Duino Elegies Rainer Maria Rilke,2023 A new translation of Rilke s great work with close readings of each of the ten elegies elucidating how their poetic attributes constitute their meaning Rilke continues to be the most read and discussed German poet of the modern period The Duino Elegies together with the Sonnets to Orpheus remain his greatest achievement The themes of the ten elegies and the conceptual world unique to Rilke from which they emerge can best be understood through their poetic form their imagery and neologistic formations their angular syntax their abrupt changes of tone and linguistic register their use of multiple personae and speaking voices and the often ironic self presentation of the author Commentators however have often treated these features as mere formal devices that we can somehow see through to get to what really matters that is to what Rilke has to say about the human condition or the meaning of life to his philosophy or

worldview On the contrary they are constitutive of meaning in the elegies and understanding them is crucial to our experience of reading Rilke's work The purpose of this book is to make such features visible and to explain them to the reader as clearly as possible This is the first full length book in English devoted to the elegies in over thirty years It offers an entirely new translation of each elegy paired with the original German text and a close reading of each Unmasking Gravity's Rainbow Charles Hohmann, 2025-09-19 Gravity's Rainbow remains one of the most enigmatic and ambitious novels of the 20th century a kaleidoscope of paranoia power sex science and entropy set against the crumbling ruins of World War II In Unmasking Gravity's Rainbow Charles Hohmann unravels the novel's dense web of references and motifs and guides the reader through the novel's key symbols from the mysterious V 2 rocket to the silent systems of control and situates it within the broader landscape of postmodern literature and Cold War anxiety Whether you're a first time reader or a seasoned Pynchon scholar this book offers a clear eyed entry point into one of the most formidable literary achievements of our time
