Taylor James E. Perone,2017-11-10 A valuable resource for James Taylor fans and a fascinating read for anyone interested in autobiographical popular music of the past 50 years What kinds of unusual musical forms and lyrical structures did American singer songwriter James Taylor incorporate into his songs What role did Taylor play in the introspective singer songwriter movement of the 1970s How did Taylor write and record songs that were inspired from his own experiences in life that touched so many other people The Words and Music of James Taylor explores these specific topics and provides detailed critical analysis of the songs and recordings of this well known musical icon examining his melodic writing his use of harmony and his often unappreciated tailoring of musical form to enhance his lyrical messages The book is organized chronologically primarily around Taylor s studio albums from 1968 to 2015 and offers an introduction a summary of Taylor s career and importance as well as an annotated bibliography and discography The final section of the book presents an overview of Taylor s importance and lasting impact an analysis of themes that run through his songs and an explanation of how Taylor s treatment of these themes changed over the years as he matured and as the world around him changed *The Juvenile Port-folio, and Literary Miscellany* Thomas Condie,1813 Heartstrings Jim Small,Trisha Ventker,2014-10-13

Poetry and photography are universal languages spoken from the heart When they converse together they can flow like song In this book *Heartstrings* you will meet siblings a sister and brother who have joined forces to share their visions of life through their use of the lens and the pen Although they live two thousand miles apart they are able to combine their artistry in a way that brings their images and words together Now this union has made it possible for you to make the journey as well with beautiful and sometimes painful views into the world we live *Peter Asher* David Jacks, 2022-11-15 Spanning more than fifty years of modern music history *Peter Asher A Life in Music* highlights every turn in Peter Asher's amazing career Over a dozen years of research has gone into telling his story with numerous interviews conducted with Asher along with first hand observations of him at work in various recording studios around Los Angeles The author also had access to Asher's archives which offered rare photographs and other career memorabilia to help illustrate this biography Over one hundred artists friends and colleagues agreed to be interviewed and they help to provide insight into Asher's personality and working methodology Included are singers Jackson Browne David Crosby Marianne Faithfull Carole King Kenny Loggins Graham Nash Aaron Neville Randy Newman Bonnie Raitt Linda Ronstadt JD Souther and James Taylor producers Lou Adler Mike Curb Richard Perry Al Schmitt and Sir George Martin musicians Hal Blaine Andrew Gold Danny Kortchmar Paul Shaffer and Waddy Wachtel and actors Kevin Kline and Robin Williams Many of these participants also provided previously unseen photographs Asher was also one of the first producers to list the musicians that played on his sessions realizing how important they were to the success of each project These mini portraits not only contribute to the telling of his story they ultimately give the reader a history lesson on the last fifty years of popular music Of course Asher's life and work did not occur in a vacuum and David Jacks places his progress in context with what was occurring in the culture that surrounded him from the pervasive doldrums that America was experiencing right before the Beatles and Peter and Gordon exploded upon its shores to the civil rights tensions that surrounded the interracial tour Dick Clark sent through the Southern US in 1965 to the end of the 1960s and the public's need for a soothing confessional tone in their music after a decade of turmoil which artists like James Taylor provided Asher has also had a unique insider's view into the changing world of the music business from the mid 1960s explosion of British artists to the 1970s corporate takeovers of independent labels from the MTV era of the mid 1980s to the modern era of 360 degree deals and digital streaming He is practically alone in his success as a hit making artist a hit making producer and a manager for hit making talent His ability to produce projects with such a broad range rock pop folk country rhythm and blues jazz dance Latin classical comedy and Broadway and movie soundtracks is almost unheard of And in a business rife with shady characters his intelligence honesty and business sense has earned the respect of all he's worked with Still producing exciting work in the entertainment industry Peter Asher has quite a story to tell **Mutual Underwriter**, 1913 **Sweet Dreams and Flying Machines** Mark Ribowsky, 2016-06-01 In 1970 a scraggly antiheroic man from North Carolina by way of Massachusetts began presenting a comforting yet biting new sound
