Renunciation A Novel:

Renunciation John D. Barbour, 2013-09-17 Traveling in New Mexico in 1971 Will George converts to Bhakti Dharma a new religious movement influenced by Hinduism and Sikh tradition Returning to his home in Minnesota he renounces his previous life provoking a crisis for everyone in his family Peter Will's older brother is a graduate student at the University of Chicago who studies early Christian asceticism partly to understand his brother's devotion He gains insight into kundalini yoga gender roles in the ashram the guru's charisma and events such as Jonestown and controversies about Hare Krishna In Thailand Peter has a profound encounter during a Buddhist meditation retreat Meanwhile Will's religious search continues in India where he dies in suspicious circumstances Peter retraces his brother's steps to investigate his death and wrestles with what it means to be his brother's keeper The developing relationship between the two brothers dramatizes the theme of renunciation as expressed both in explicit religious vows and in other choices they make Acts of renunciation reveal a longing for sacrifice and self transcendence and sometimes also a dangerous and destructive urge This novel explores how family relationships and religious commitments conflict intertwine and shape each other *Renunciation. [A novel.]* Dorothy SUMMERS (Novelist), 1905

Professional Domesticity in the Victorian Novel Monica F. Cohen, 1998-02-05 Much attention has recently been given by scholars to the widening of the gender gap in the nineteenth century and the concept of separate spheres Testing such constructions and questioning the stereotypes associated with Victorian domesticity Monica F. Cohen offers new readings of narratives by Austen Charlotte Brontë Dickens Eliot Eden Gaskell Oliphant and Reade to show how domestic work the most feminine of all activities gained much of its social credibility by positioning itself in relation to the emergent professions By exploring how novels cast the Victorian conception of female morality into the vocabulary of nineteenth century professionalism Cohen traces the ways in which women sought identity and privilege within a professionalised culture and revises our understanding of Victorian domestic ideology

The Novel as Archive Ehrhard Bahr, 1998 Goethe's novel defined as a key work anticipating modernist novels of 20th century A fresh study of one of the most perplexing and daring novels ever written one that was largely misunderstood when it first appeared and which has emerged only in the last two decades as a work that pointed forward stylistically and structurally to the modernist novels of the twentieth century Bahr shows how Goethe subordinated the role of the author narrator making use of a variety of sophisticated narrative devices such as the archive the interpolated novella some of whose characters appear as real figures in the novel itself to distance himself from the work thus ironizing its apparent meaning *The Cambridge History of*

German Literature Helen Watanabe-O'Kelly, 2000-06-12 This is the first book to describe German literary history up to the unification of Germany in 1990 It takes a fresh look at the main authors and movements and also asks what Germans in a given period were actually reading and writing what they would have seen at the local theatre or found in the local lending library it includes for example discussions of literature in Latin as well as in German eighteenth century letters and popular

novels Nazi literature and radio plays and modern Swiss and Austrian literature A new prominence is given to writing by women Contributors all leading scholars in their field have re examined standard judgements in writing a history for our own times The book is designed for the general reader as well as the advanced student titles and quotations are translated and there is a comprehensive bibliography *Mimesis, Desire, and the Novel* Pierpaolo Antonello, Heather Webb, 2015-10-01

Fifty years after its publication in English Ren Girard's *Deceit Desire and the Novel* 1965 has never ceased to fascinate challenge inspire and sometimes irritate literary scholars It has become one of the great classics of literary criticism and the notion of triangular desire is now part of the theoretical parlance among critics and students It also represents the genetic starting point for what has become one of the most encompassing challenging and far reaching theories conceived in the humanities in the last century mimetic theory This book provides a forum for new generations of scholars and critics to reassess challenge and expand the theoretical and hermeneutical reach of key issues brought forward by Girard's book including literary knowledge realism and representation imitation and the anxiety of influence metaphysical desire deviated transcendence literature and religious experience individualism and modernity and death and resurrection It also provides a more extensive and detailed historical understanding of the representation of desire imitation and rivalry within European and world literature from Dante to Proust and from Dickens to Jonathan Littell *The Motif of Renunciation of Love in the Seventeenth Century French Novel* Jeannine Sassus, 1963

Novel Practices Eugene Goodheart, 2019-01-22 An important debate in modern literary criticism concerns the exact relationship between the ancient epic and the novel Both the epic and the most ambitious modern novels are large scale attempts to present a comprehensive view of the world through the experience of a representative hero However in the older tradition the hero stood for the aspirations and highest ideals of his society The protagonist of the modern novel is usually at odds with that society whether as exile active rebel or antagonistic critic In *Novel Practices* the distinguished literary scholar Eugene Goodheart surveys a representative selection of modern novelists tracing how the epic impulse has been reshaped under the conditions of modernity *Spirit Matters* Philip Gabriel, 2006-01-01

Spirit Matters is a ground breaking work the first to explore a broad range of writings on spirituality in contemporary Japanese literature It draws on a variety of literary works from enormously popular fiction Miura Ayako's *HyEten* and Shirokari Pass and the novels of Murakami Haruki to more problematic serious fiction Ee Kenzaburō's *Somersault* to nonfiction meditations on martyrdom and miracles Sono Ayako's *Kiseki* and the dynamics of religious cults Murakami's interviews with members of Aum Shinrikyō in *Underground* The first half of the volume focuses on the work of two women Christian writers Miura Ayako and Sono Ayako Combining a decidedly evangelistic bent with the formulas of the popular novel Miura's 1964 novel *HyEten* *Freezing Point* and its sequel are entertaining perennial bestsellers but also treat spiritual issues like original sin that are largely unexplored in modern Japanese literature Sono's *Kiseki* *Miracles* and Miura's *Shiokari Pass* focus on the meaning of self sacrifice and the miraculous and survey both the paths by which people come to

faith and the spiritual doubts that assail them Perhaps most striking for Western readers Gabriel reveals how Miura s novel shows the lingering resistance to Christianity and its oppositional nature in Japan and how in Kiseki Sono considers the kind of spiritual struggles many Japanese Christians experience as they try to reconcile their belief in a minority faith *The Indian Novel with a Social Purpose* K. Venkata Reddy,P. Bayapa Reddy,1999 The Present Book Seeks To Bring Out The Contours Of The Indian Novel With A Social Purpose Which Has Stuck Deep Roots In The Indian Soil By Imaginatively Treating The Contemporary Problems And Artistically Exploring And Interpreting India In All Its Variegated Aspects It Shows How The Indian English Novelists Who Are Inspired By The Vision Of A Just Social Order Portray Powerfully The Real Grandeur Of The Poor And The Down Trodden And Their Yearning For A Just Humane Indian Polity Divided Into Two Parts The Book Covers Both The Indian Novels Originally Written In English And The Indian Novels Originally Written In Regional Languages And Translated Into English If The First Group Of The Novels Depicts The Political Economic And Social Oppression Of The Individual The Second Group Centers On The Individual S Search For Identity This Book Is Expected To Be Of Considerable Interest And Use To The Teachers As Well As The Students Of Indian English Fiction **Family**

Bartram,2004-04-05 The Cambridge Companion to the Modern German Novel first published in 2004 provides a broad ranging introduction to the major trends in the development of the German novel from the 1890s to the present Written by an international team of experts it encompasses both modernist and realist traditions and also includes a look back to the roots of the modern novel in the Bildungsroman of the late eighteenth and nineteenth centuries The structure is broadly chronological but thematically focused chapters examine topics such as gender anxiety images of the city war and women s writing within each chapter key works are selected for close attention Unique in its combination of breadth of coverage and detailed analysis of individual works and featuring a chronology and guides to further reading this Companion will be indispensable to students and teachers [Readers' Guide to Periodical Literature](#) Anna Lorraine Guthrie,1915 An author subject index to selected general interest periodicals of reference value in libraries **Flesh and Fish Blood** S.

Shankar,2012-07-02 In *Flesh and Fish Blood* Subramanian Shankar breaks new ground in postcolonial studies by exploring the rich potential of vernacular literary expressions Shankar pushes beyond the postcolonial Anglophone canon and works with Indian literature and film in English Tamil and Hindi to present one of the first extended explorations of representations of caste including a critical consideration of Tamil Dalit so called untouchable literature Shankar shows how these vernacular materials are often unexpectedly politically progressive and feminist and provides insight on these oft overlooked but nonetheless sophisticated South Asian cultural spaces With its calls for renewed attention to translation issues and comparative methods in uncovering disregarded aspects of postcolonial societies and provocative remarks on humanism and cosmopolitanism *Flesh and Fish Blood* opens up new horizons of theoretical possibility for postcolonial studies and cultural analysis Albany Law Journal ,1901

The Literature of Weimar Classicism Simon Richter,2005 New essays providing an account of the shaping beliefs preoccupations motifs and values of Weimar Classicism In Germany Weimar Classicism roughly the period from Goethe s return to Germany from Italy in 1788 to the death of his friend and collaborator Schiller in 1805 is widely regarded as an apogee of literary art But outside of Germany Goethe is considered a Romantic and the notion of Weimar Classicism as a distinct period is viewed with skepticism This volume of new essays regards the question of literary period as a red herring Weimar Classicism is best understood as a project that involved the ambitious attempt not only to imagine but also to achieve a new quality of wholeness in human life and culture at a time when fragmentation division and alienation appeared to be thenorm By not succumbing to the myth of Weimar and its literary giants but being willing to explore the phenomenon as a complex cultural system with a unique signature this book provides an account of its shaping beliefs preoccupations motifs and values Contributions from leading German British and North American scholars open up multiple interdisciplinary perspectives on the period Essays on the novel poetry drama and theater are joined by accounts of politics philosophy visual culture women writers and science The reader is introduced to the full panoply of cultural life in Weimar its accomplishments as well as its excesses and follies Emancipatory and doctrinaire by turns the project of Weimar Classicism is best approached as a complex whole Contributors Dieter Borchmeyer Charles Grair Gail Hart Thomas Saine Jane Brown Cyrus Hamlin Roger Stephenson Elisabeth Krimmer Helmut Pfotenbauer Benjamin Bennett Astrida Orle Tantilillo W Daniel Wilson Simon J Richter is Associate Professor of German at the University of Pennsylvania

Inheritance and Speculation in Victorian Fiction Noa Reich,2024-06-30 *Inheritance and Speculation in Victorian Fiction* Finance Family and the Law investigates how Victorian fiction reconfigures the narrative and social conventions of inheritance While recent criticism has concentrated on this fiction s engagement with newer financial forms this book contends that Victorian novels both attest to the persistence of inheritance and reveal its unsettling affinities with speculative forms Focusing on Emily Bront s *Wuthering Heights* 1847 Charles Dickens s *Our Mutual Friend* 1864 65 Wilkie Collins s *Armada* 1866 and George Eliot s *Middlemarch* 1871 72 each chapter explores a recurring pattern of

contrast and conflation between inheritance and financial speculation Taking an interdisciplinary historical and formal approach Reich shows how this pattern gives narrative shape to concerns that were also emerging in contemporary political and legal debates around succession bequest landed estates and conceptions of the family Attending to the novels concrete and figurative allusions to these forms as well as their tentative alternatives Reich also illustrates how the novels self reflexive subversion of both characters and readers expectations based on inheritance conventions challenge our modes of reading Inheritance and Speculation thus not only illuminates the integral role played by inheritance in Victorian fiction s mediation of the credit economy but also offers a new understanding of the complex role of convention in this fiction

Travel and Modernist Literature Alexandra Peat,2012-03-28 Through close readings of works from Henry James to W E B Du Bois and from Virginia Woolf to Jean Rhys this book discusses how fictional travelers negotiate and adapt various tropes of travel such as quest expatriation displacement and exile as models for their own journeys Specifically Peat considers the ethical dimensions of modernist travel from two distinct vantages The first focuses on the relationship between the secular and the sacred in modernist travel literature arguing that the recurrent narrative of secular travel is haunted by a desire for spiritual transcendence The second posits modernist travel fiction as a potentially positive example of transcultural relations consciously arguing against the received notion that travel during an imperial era is always by nature itself imperialist Throughout particular attention is paid to the transnational nature of modernism and the various global flows traced by modernist literature
