Report On The Manuscripts In Volume 1 Part:

Report of the Royal Commission on Historical Manuscripts Great Britain. Royal Commission on Historical Manuscripts, 1906 Medicine in an Age of Revolution Peter Elmer, 2023 Medicine in an Age of Revolution is concerned with the interaction between religion politics and medicine in an age of revolutionary upheaval associated with the civil wars in Britain in the mid seventeenth century As medical and scientific thinking underwent radical revision its impact was keenly felt in religious and political circles *Royalists at War in Scotland and Ireland, 1638-1650* Barry Robertson, 2016-04-08 Analysing the make up and workings of the Royalist party in Scotland and Ireland during the civil wars of the mid seventeenth century *Royalists at War* is the first major study to explore who Royalists were in these two countries and why they gave their support to the Stuart kings It compares and contrasts the actions motivations and situations of key Scottish and Irish Royalists paying particular attention to concepts such as honour allegiance and loyalty as well as practical considerations such as military capability levels of debt religious tensions and political geography It also shows how and why allegiances changed over time and how this impacted on the royal war effort Alongside this is an investigation into why the Royalist cause failed in Scotland and Ireland and the implications this had for crown strategy within a wider British context It also examines the extent to which Royalism in Scotland and Ireland differed from their English counterpart which in turn allows an assessment to be made as to what constituted core elements of British and Irish Royalism **Ruminations: Selected Philosophical, Historical, and Ideological Papers, Volume 1, Part 2. The Finite** Eric v.d. Luft, 2020-09-13 Since the 1970s I have pursued three separate but overlapping and sometimes simultaneous careers 1 philosopher writer teacher historian of the long nineteenth century 1789 1914 2 editor translator photographer publisher biographer encyclopedist 3 cataloging librarian rare books and special collections librarian historian of medicine Somehow these three vocations have garnered me some acclaim even an entry in Who's Who in America Each of them has resulted in some published or presented works Because these works have been scattered in a wide variety of venues some of which have gone out of print or have otherwise become generally unavailable and of course with the oral presentations being gone as soon as they are given I have thought it wise to select epitomize and bring them together in one place here Thus what follows in these volumes is what I consider to be the most important of my shorter works All translations are my own unless otherwise indicated British Books , 1848 *The Corpus MS. ... of Chaucer's Canterbury tales*, ed. by F.J.
