Anthracite Coal Strike Commission,1903 *Report to the President on the Anthracite Coal Strike of May-October, 1902* Anthracite Coal Strike Commission,1903 The American Coal Industry 1790-1902, Volume III Sean Patrick Adams,2024-08-01

The emergence of coal based fuel economy over the course of the nineteenth century was one of the most significant contributions the America s Industrial Revolution but the transition from wood to mineral energy sources was a gradual one that transpired over a number of decades The documents in these volumes recreate the institutional history of the American coal industry in the nineteenth century in doing so they provide a first hand perspective on the developments in regard to political economy business structure and competition the rise of formal trade unions and the creation of a national coal trade Although the collection strives to be wide ranging in region and theme the Pennsylvania anthracite coal trade forms the thematic backbone as it became the most important American mineral resource to see successful development throughout the nineteenth century and consequently saw unprecedented levels of intervention by the federal government The texts for this collection were selected for their accessibility to modern readers as well as their relationship to a series of common themes across the nineteenth century American coal industry with headnotes and annotations provided to explain their context and the reasons for their inclusion The third volume in this set traces the three decades following the American Civil War during which time the use of coal for manufacturing locomotives and domestic heating helped build a dynamic industrial economy in the United States Mineral fuel growth powered the growth of the nation and by 1885 coal became the single most important source of American energy Coal mining spread to nearly every corner of the nation in the half century following the civil war By the time of the Great Anthracite Strike in 1902 the American coal industry was a truly national phenomenon The rise of large and well funded mining and railroad corporations the national unions and the inroads by state governments into mine safety

**The Age of Discontent** Ralph Brauer,2025-04 For much of the last century three narratives framed American history The plantation narrative with its Gone with the Wind view of slavery and Reconstruction bolstered racial apartheid The frontier narrative worshipped individualism over collective responsibility and ignored the decimation of indigenous cultures The industrial narrative redefined by Ralph Brauer in this sweeping history of late nineteenth century labor and farmer activism traditionally celebrated laissez faire capitalism and the achievements of

wealthy industrialists The Age of Discontent offers an alternative perspective asserting that the largest and most important expression of mass democracy in American history laid the foundations for economic growth and prosperity Main Street not Wall Street was responsible for the American Century Grassroots activists and reformers from the working and farming classes take center stage in this fascinating success story of government programs and legislation     **Report to the President on the Anthracite Coal Strike of May-October, 1902** ,1903     **Report to the President on Anthracite Coal Strike** United States.
