Said, 2012-10-24 In these impassioned and inspiring essays based on his 1993 Reith Lectures Edward Said explores what it means to be an intellectual Said is a brilliant and unique amalgam of scholar aesthete and political activist He challenges and stimulates our thinking in every area Washington Post Book World Are intellectuals merely the servants of special interests or do they have a larger responsibility In these wide ranging essays one of our most brilliant and fiercely independent public thinkers addresses this question with extraordinary eloquence Said sees the the intellectual as an exile and amateur whose role it is to speak the truth to power even at the risk of ostracism or imprisonment Drawing on the examples of Jonathan Swift and Theodor Adorno Robert Oppenheimer and Henry Kissinger Vietnam and the Gulf War Said explores the implications of this idea and shows what happens when intellectuals succumb to the lures of money power or specialization *Representations of the intellectual : the 1993 Reith lectures*, 1996 **Edward Said** Adel Iskandar, Hakem Rustom, 2010-08-30 This indispensable volume a comprehensive and wide ranging resource on Edward Said s life and work spans his broad legacy both within and beyond the academy The book brings together contributions from 31 luminaries to engage Said s provocative ideas **A Critical Sense** Peter Osborne, 1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company *Public Intellectuals in South Africa* Chris Broodryk, 2021-07-01 This edited collection gives voice to neglected public intellectuals in the arts humanities and journalism in South Africa who gave voice and presence to those who have been marginalized and silenced in South African history Edward Said described a public intellectual as someone who uses accessible language to address a designated public on matters of social and political significance The essays in *Public Intellectuals in South Africa* apply this interpretive prism and activist principle to a South African context and tell the stories of well known figures as well as some that have been mostly forgotten They include Magesa Fuze John Dube Aggrey Klaaste Mewa Ramgobin and Koos Roets alongside marginalized figures such as Elijah Makiwane Mandisi Sindo William Pretorius and Dr Thomas Duncan Greenlees The essays capture the thoughts and opinions of these historical figures who the contributors argue are public intellectuals who spoke out against the corruption of power promoted a progressive politics that challenged the colonial project and its legacies and encouraged a sustained dissent of the political status quo Offering fascinating accounts of the life and work of these writers critics and activists across a range of historical contexts and disciplines from journalism and arts criticism to history and politics it enriches the historical record of South African public intellectual life This volume makes a significant contribution to ongoing debates about the value of research in the arts and humanities and what constitutes public intellectualism in South Africa **Unsettling the World** Jeanne Morefield, 2022-04-29 *Unsettling the World* is the first book length treatment of Edward Said s influential cultural criticism from the perspective of a political theorist Arguing that the generative power of Said s thought extends well beyond *Orientalism* the book explores Said s writings on the experience of exile the practice of

Birth of the Intellectuals Christophe Charle, 2015-08-06 Who exactly are the intellectuals This term is so widely used today that we forget that it is a recent invention dating from the late nineteenth century In Birth of the Intellectuals the renowned historian and sociologist Christophe Charle shows that the term intellectuals first appeared at the time of the Dreyfus Affair and the neologism originally signified a cultural and political vanguard who dared to challenge the status quo Yet the word expected to disappear once the political crisis had dissolved has somehow endured At times it describes a social group and at others a way of seeing the social world from the perspective of universal values that challenges established hierarchies But why did intellectuals survive when the events that gave rise to this term had faded into the past To answer this question it is necessary to show how the crisis of the old representations the unprecedented expansion of the intellectual professions and the vacuum left by the decline of the traditional ruling class created favourable conditions for the collective affirmation of intellectuals This also explains why the literary or academic avant garde traditionally reluctant to engage gradually reconciled themselves with political activists and

developed new ways to intervene in the field of power outside of traditional political channels Through a careful rereading of the petitions surrounding the Dreyfus Affair Charle offers a radical reinterpretation of this crucial moment of European history and develops a new model for understanding the ways in which public intellectuals in France Germany Britain and the United States have addressed politics ever since

The Intellectual in Twentieth-Century Southern Literature

Tara Powell,2012-01-09 Never in its long history has the South provided an entirely comfortable home for the intellectual In this thought provoking contribution to the field of southern studies Tara Powell considers the evolving ways that major post World War II southern writers have portrayed intellectuals from Flannery O Connor s ironic view of interleckchuls to Gail Godwin s southerners striving to feel at home in the academic world Although Walker Percy like his fellow Catholic writer O Connor explicitly rejected the intellectual label for himself he nonetheless introduced the modern novel of ideas to southern letters Powell shows by placing sympathetic non caricatured intellectuals at the center of his influential works North Carolinians Doris Betts and her student Tim McLaurin made their living teaching literature and creative writing in academia and Betts s fiction often includes dislocated academics while McLaurin s superb memoirs often funny frequently point up the limitations of the mind as opposed to the heart and the spirit Examining works by Ernest Gaines Alice Walker and Randall Kenan Powell traces the evolution of the black American literacy narrative from a stress on the post Emancipation conviction which saw formal education as an essential means of resisting oppression to the growing suspicion in the post civil rights era of literacy acts that may estrange educated blacks from the larger black community Powell concludes with Godwin who embraces university life in her fiction as she explores what it means to be a southern female intellectual in the modern world a world in which all those markers inscribe isolation

The Postcolonial Intellectual Oliver Lovesey, 2016-03-03 Addressing a neglected dimension in postcolonial scholarship Oliver Lovesey examines the figure of the postcolonial intellectual as repeatedly evoked by the fabled troika of Said Spivak and Bhabha and by members of the pan African diaspora such as Cabral Fanon and James Lovesey s primary focus is Ng g wa Thiong o one of the greatest writers of post independence Africa Ng g continues to be a vibrant cultural agitator and innovator who in contrast to many other public intellectuals has participated directly in grassroots cultural renewal enduring imprisonment and exile as a consequence of his engagement in political action Lovesey s comprehensive study concentrates on Ng g s non fictional prose writings including his largely overlooked early journalism and his most recent autobiographical and theoretical work He offers a postcolonial critique that acknowledges Ng g s complex position as a virtual spokesperson for the oppressed and global conscience who now speaks from a location of privilege Ng g s writings Lovesey shows display a seemingly paradoxical consistency in their concerns over nearly five decades at the same time that there have been enormous transformations in his ideology and a shift in his focus from Africa s holocaust to Africa s renaissance Lovesey argues that Ng g s view of the intellectual has shifted from an alienated nearly neocolonial stance to a position that allows him to celebrate intellectual activism and a return to the model of the oral vernacular intellectual even as he challenges other global intellectuals Tracing the development of this notion of the postcolonial intellectual Lovesey argues for Ng g s rightful position as a major postcolonial theorist who helped establish postcolonial studies

Kant Paul Guyer, 2014-03-05 In this updated edition of his outstanding introduction to Kant Paul Guyer uses Kant s central conception of autonomy as the key to his thought Beginning with a helpful overview of Kant s life and times Guyer introduces Kant s metaphysics and epistemology carefully explaining his arguments about the nature of space time and experience in his most influential but difficult work The Critique of Pure Reason He offers an explanation and critique of Kant s famous theory of transcendental idealism and

shows how much of Kant's philosophy is independent of this controversial doctrine. He then examines Kant's moral philosophy, his celebrated categorical imperative, and his theories of duty, freedom of will, and political rights. This section of the work has been substantially revised to clarify the relation between Kant's conceptions of internal and external freedom. In his treatments of Kant's aesthetics and teleology, Guyer focuses on their relation to human freedom and happiness. Finally, he considers Kant's view that the development of human autonomy is the only goal that we can conceive for both natural and human history. Including a chronology, glossary, chapter summaries, and up-to-date further reading, Kant's second edition is an ideal introduction to this demanding yet pivotal figure in the history of philosophy and essential reading for all students of philosophy.

The Parva naturalia in Greek, Arabic and Latin Aristotelianism Börje Bydén, Filip Radovic, 2018-09-25. This book investigates Aristotelian psychology through his works and commentaries on them, including *De Sensu*, *De Memoria*, and *De Somno et Vigilia*. Authors present original research papers inviting readers to consider the provenance of Aristotelian ideas and interpretations of them on topics ranging from reality to dreams and spirituality. Aristotle's doctrine of the common sense, his notion of transparency, and the generation of colours are amongst the themes explored. Chapters are presented chronologically, enabling the reader to trace influences across the boundaries of linguistic traditions. Commentaries from historical figures featured in this work include those of Michael of Ephesus c. 1120, Albert the Great, and Gersonides 1288-1344. Discoveries in 9th-century Arabic adaptations, Byzantine commentaries, and Renaissance paraphrases of Aristotle's work are also presented. The editors' introduction outlines the main historical developments of the themes discussed, preparing the reader for the cross-cultural and interdisciplinary perspectives presented in this work. Scholars of philosophy and psychology, and those with an interest in Aristotelianism, will highly value the original research that is presented in this work. The Introduction and Chapter 4 of this book are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

A. S. Byatt and Intellectual Women Leanne Bibby, 2022-08-30. This monograph is a study of the work of British author A. S. Byatt, exploring the cultural representation of the woman intellectual in her fiction. It argues that Byatt's representations of this figure show narratives of intellectual women to be inherently mythopoeic or capable of restructuring the myth of the intellectual as male by default. This mythopoeia is furthermore intrinsically feminist in function, thus potentially broadening the conventional, limited view of women in intellectual history. The book will be the first study of Byatt's work to examine this figure in detail and the first study of women intellectuals in historical and literary discourse to apply concepts of mythopoeia and sexual difference in ways that allow new readings of women's status and work in public spheres.

The Popular Front and the Global Circulation of Marxism through Calcutta, 1920s-1970s Prasanta Dhar, 2022-11-29. This book examines the global circulation of Marxism seen from one of its most highly charged sites, Calcutta in India. Building on but also revising existing approaches to global intellectual history, the book presents the circulation of Marxism through Calcutta as a historically sited problem of mass mediation.
