Contributed articles *Performativity & Belonging* Vikki Bell, 1999-10-25 This book explores belonging as a performative achievement The contributors investigate how identities are embodied and effected and how lines of allegiance and fracture are produced and reproduced Questions of difference are tackled from a perspective that attends to the complexities of history and politics Drawing on sociology philosophy and anthropology this collection brings together leading commentators including Judith Butler Paul Gilroy and Arjun Appadurai as well as a range of new scholars It examines questions of visibility political affiliation ethics mimesis spatiality passing and diversity in modes of embodied difference The volume advances conceptual and theoretical issues through testing va

Discourse Analysis as a Tool for Understanding Gender Identity, Representation, and Equality Mahtab, Nazmunnessa, Parker, Sara, Kabir, Farah, Haque, Tania, Sabur,

Aditi, Sowad, Abu Saleh Mohammad, 2016-06-01 Today gender and gender identity is at the forefront of discussion as the plight of women around the world and issues of gender equality and human rights have become an international concern for politicians government agencies social activists and the general public Discourse Analysis as a Tool for Understanding Gender Identity Representation and Equality provides a thorough analysis of what language use and linguistic expression can teach us about gender identity in addition to current discussions on topics related to women's rights and gender inequality Focusing on issues related to women in developing countries workplace inequalities and social freedom this publication is an essential reference source for researchers graduate level students and theorists in the fields of sociology women's studies economics and government

Feminist Democratic Representation Karen Celis, Sarah Childs, 2020-09-10 Popular consensus has long been that if enough women are present in political institutions they will represent women's interests Yet many believe that differences among women women disagreeing about what is in their interest fatally undermine both the principle and the practice of women's group representation In this book Karen Celis and Sarah Childs redress women's poverty of political representation with a new feminist account of democratic representation Rather than giving up on women's group representation Celis and Childs re think and re design representative institutions taking women's differences both ideological and intersectional as their starting point Feminist Democratic Representation considers a broad spectrum of contemporary problematics abortion prostitution sex work Muslim women's dress and Marine Le Pen to discuss women's under and misrepresentation and the good bad and the ugly representative As problem driven scholars firmly grounded in feminist and democratic empirical and theoretical political science Celis and Childs imagine what good representation for women in all their diversity could look like representation as it should be To realize this ideal in today's established representative democracies they present a second generation feminist design for parliaments and legislatures underpinned by a re thinking of feminist and democratic principles Celis and Childs conceive of representation as a m lange of dimensions

and they shift the focus in women's group representation from feminist outcome to feminist process Inclusive responsive and egalitarian representation for all women demands a new category of representatives in parliaments the affected representatives of women who are epistemologically and experientially close to differently affected women Affected representatives passionately advocate within political institutions and publicly hold elected representatives to account Feminist processes of representation have wide effects and deepen relationships between women and their democratic institutions Against the more fashionable tide of post representative politics Feminist Democratic Representation argues not simply for more but significantly better representation

Political Representation and Gender Equality in Mexico

Fernanda Vidal-Correa, 2022-04-19 The field of gender and politics has continuously grown becoming more interdisciplinary and engaging with issues context and people from all around the world Because of this new emerging approaches and studies challenge embedded notions ideas and preconceptions of how the world is meant to be studied and understood It is particularly true for studies on women and their engagement in political affairs How should institutions conceptualize women in order to advance rules and mechanisms that favor women What roles do representatives have on the making of gender equality When women are legislating which are the consequences of the approved legislation

The Symbolic

Representation of Gender Emanuela Lombardo, Petra Meier, 2016-02-24 What is symbolic representation Since Hanna Pitkin's seminal *The Concept of Representation* the symbolic has been the least studied dimension of political representation Innovatively adopting a discursive approach this book the first full length treatment of symbolic representation focuses on gender issues to tackle important questions such as What are women and men symbols of and how is gender constructed in policy discourse It studies what functions symbolic representation fulfils in the construction of gender what social roles get legitimized in policy discourse and how this affects power constellations ultimately revealing much about the relation between symbolic descriptive and substantive representation Emanuela Lombardo and Petra Meier draw on theories of symbolic representation and gender as well as rich primary material about political debates on labour and care issues partnership and reproductive rights gender violence and quotas Using this original data the authors show that reconsidering symbolic representation from a discursive perspective makes explicit issues of inequality embedded within particular constructions as well as their consequences for political representation and gender equality This important exploration raises relevant new questions regarding the representation of gender that form valuable contributions to the fields of political science political theory sociology and gender studies

national explorations are also utilised here in order to underline the multifaceted ways in which de facto female characterization occurred

Sociology of Gender Neeraj Venkataraman, 2025-02-20 *Sociology of Gender Comprehensive Guide* embarks on a journey through the intricate landscape of gender and sociology. We delve into the social constructions, power dynamics, and cultural influences that shape individuals' experiences across the gender spectrum. This guide serves as a resource for scholars, students, and curious minds exploring gender within sociology. From foundational concepts of gender identity and expression to the exploration of institutionalized patriarchy, each chapter offers thought-provoking insights into key themes and theories. We embrace the interdisciplinary nature of gender studies, drawing from feminist theories, queer studies, and intersectionality, fostering a deeper understanding of how gender intersects with race, class, sexuality, and other social categories. Our guide highlights the evolution of feminist movements and the ongoing struggle for gender equity, emphasizing the importance of dismantling oppressive structures. We tackle issues such as sexism, misogyny, and the impact of heteronormativity while celebrating diverse gender identities and queer theory contributions. *Sociology of Gender Comprehensive Guide* encourages readers to question societal norms, challenge stereotypes, and engage in meaningful dialogues for a more equitable and inclusive future.

Social Inequality & The Politics of Representation Celine-Marie Pascale, 2013 This anthology critically analyzes how cultures around the world make social categories of race, class, gender, and sexuality meaningful in particular ways. The collection uses a wide range of readings to examine how contemporary issues of race, class, gender, and sexuality are constructed, mobilized, and transformed. Unlike many books in this area, the U.S. is not the analytical center.

Gender and Media Representation Margaret Jjuuko, Solveig Omland, Carol Azungi Dralega, 2025-08-14 The ebook edition of this title is Open Access thanks to Knowledge Unlatched funding and is freely available to read online. *Gender and Media Representation* critically examines the intersection of media and gender across diverse African contexts.

Research Handbook on Political Representation Maurizio Cotta, Federico Russo, 2020-12-25 At a time when political representation can be said to be facing its ultimate crisis, this crucial work clarifies the terms of the debate, providing an up-to-date analysis of the main conceptual and institutional controversies that have arisen surrounding this topic. Written by leading scholars in the field, contributions focus on how representation is conceptualised and its relation to democracy.

Race, Gender, and Political Representation Beth Reingold, Kerry Lee Haynie, Kirsten Widner, 2021 It is well established that the race and gender of elected representatives influence the ways in which they legislate, but surprisingly little research exists on how race and gender interact to affect who is elected and how they behave once in office. This book takes up the call to think about representation in the United States as intersectional and it measures the extent to which political representation is simultaneously gendered and raced. Drawing on original data on the presence, policy leadership, and policy impact of Black women and men, Latinas and Latinos, and White women and men in state legislative office in the late twentieth and early twenty-first centuries, this book demonstrates what an intersectional approach to identity politics can

reveal **The New Politics of Gender Equality** Judith Squires, 2007-09-11 During the past decade governments around the globe have introduced institutional mechanisms to promote the advancement of women including measures to increase women's political participation rates and to incorporate women's interests into policy making Why have they done so How successful have these initiatives been What are the emerging agendas facing gender equality advocates now In *The New Politics of Gender Equality* Judith Squires examines the origins evolution and key features of three strategies that have been employed across the world in pursuit of gender equality quotas policy agencies and gender mainstreaming The author critically examines each strategy to see how far they transform political institutions and agendas and to what extent they lead rather to the assimilation of women in male defined structures Squires argues that a multi pronged approach drawing on democratic rather than technocratic strategies offers the best potential for advancing gender equality She highlights too the limitations of approaches that ignore inequalities among women and the challenges of developing equality initiatives to address multiple and cross cutting inequalities between groups Judith Squires is Professor of Political Theory University of Bristol She has written researched and published widely in the field of gender politics and gender equality

Changing the Terms of the Discourse: Gender, Equality and the Indian State CWDS, 2011 *Changing the Terms of the Discourse Gender Equality and the Indian State* recognizes the need to archive women s voices roles and contributions in a largely male dominated national history The volume not only documents but also analyses the evolution of ideas and strategies and the concrete measures that were taken to shape policies and programmes for women s equality in India

Gender Parity and Multicultural Feminism Ruth Rubio-Marín, Will Kymlicka, 2018-09-26 Around the world we see a participatory turn in the pursuit of gender equality exemplified by the adoption of gender quotas in national legislatures to promote women s role as decision makers We also see a pluralism turn with increasing legal recognition given to the customary law or religious law of minority groups and indigenous peoples To date the former trend has primarily benefitted majority women and the latter has primarily benefitted minority men Neither has effectively ensured the participation of minority women In response multicultural feminists have proposed institutional innovations to strengthen the voice of minority women both at the state level and in decisions about the interpretation and evolution of cultural and religious practices This volume explores the connection between gender parity and multicultural feminism both at the level of theory and in practice The authors explore a range of cases from Europe Latin America the Middle East and Africa in relation to state law customary law religious law and indigenous law While many obstacles remain and many women continue to suffer from the paradox of multicultural vulnerability these innovations in theory and practice offer new prospects for reconciling gender equality and pluralism

Women's Representation in African Politics Zainab Monisola Olaitan, 2024-12-11 Does the election of more and more women into political offices mean that women s interests will be better protected This question forms the background upon

which this book is written as it forms a timely intervention concerning the clamour for increased women's representation in African politics. The book examines the relationship between gender quotas and gender focused legislative policy outcomes in the national Parliaments of South Africa and Botswana. By investigating the utility of gender quotas to ensure the substantive representation of women in African politics, the book engages the assumption that increased women's political participation will automatically improve the qualitative well being of African women. The book is intended for both academic and non academic audiences with differing purposes. It contributes to scholarly debates on the transcending relevance of quotas beyond numbers. For non academics it provides opportunities to engage gender quotas as a policy tool to ensure the qualitative well being of African women.
