The methods and materials of demography Henry S. Shryock,Jacob S. Siegel,1980 Global Population Alison Bashford,2014-01-28 Concern about the size of the world s population did not begin with the population bomb in 1968 It arose in the aftermath of World War I and was understood as an issue with far reaching ecological agricultural economic and geopolitical consequences The world population problem concerned the fertility of soil as much as the fertility of women always involving both earth and life Global Population traces the idea of a world population problem as it evolved from the 1920s through the 1960s The growth and distribution of the human population over the planet s surface came deeply to shape the characterization of civilizations with different standards of living It forged the very ideas of development demographically defined three worlds and for some an aspirational one world Drawing on international conference transcripts and personal and organizational archives this book reconstructs the twentieth century population problem in

terms of migration colonial expansion globalization and world food plans Population was a problem in which international relations and intimate relations were one Global Population ultimately shows how a geopolitical problem about sovereignty over land morphed into a biopolitical solution entailing sovereignty over one's person Reproductive Governance and Bodily Materiality Corinna Sabrina Guerzoni, Claudia Mattalucci, 2022-04-07 Reproductive Governance and Bodily Materiality explores the growing centrality and power of the medical professional and lay practices within the field of human reproduction as they entangle with political economic processes providing examples from multiple countries **The Colleges and Sex Education ...** American Social Hygiene Association, 1928 Departments of Labor, Health and Human Services, Education, and Related Agencies appropriations for 1987 United States. [Pacific](#) Fiona Paisley,2009-07-08 Since its inception in 1928 the Pan Pacific Women s Association PPWA has witnessed and
 contributed to enormous changes in world and Pacific history Operating out of Honolulu this women s network established a
 series of conferences that promoted social reform and an internationalist outlook through cultural exchange For the many
 women attracted to the project from China Japan the Pacific Islands and the major settler colonies of the region the
 association s vision was enormously attractive despite the fact that as individuals and national representatives they remained
 deeply divided by colonial histories Glamour in the Pacific tells this multifaceted story by bringing together critical
 scholarship from across a wide range of fields including cultural history international relations and globalization gender and
 empire postcolonial studies population and world health studies world history and transnational history Early chapters
 consider the first PPWA conferences and the decolonizing process undergone by the association Following World War II a
 new generation of nonwhite women from decolonized and settler colonial nations began to claim leadership roles in the
 Association challenging the often Eurocentric assumptions of women s internationalism In 1955 the first African American
 delegate brought to the fore questions about the relationship of U S race relations with the Pan Pacific cultural
 internationalist project The effects of cold war geopolitics on the ideal of international cooperation in the era of
 decolonization were also considered The work concludes with a discussion of the revival of East meets West as a basis for
 world cooperation endorsed by the United Nations in 1958 and the overall contributions of the PPWA to world culture politics
 The internationalist vision of the early twentieth century imagined a world in which race and empire had been relegated to
 the past Significant numbers of women from around the Pacific brought this shared vision together with their concerns for
 peace social progress and cooperation to the lively even glamorous political experiment of the Pan Pacific Women s
 Association Fiona Paisley tells the stories of this extraordinary group of women and illuminates the challenges and rewards of
 their politics of antiracism one that still resonates today **Olympiad Champs Science Class 6 with Past Olympiad**
