Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies,2008 **American Crusade** Andrew L Seidel,2022-09-27 Is a fight against equality and for privilege a fight for religious supremacy Andrew L Seidel a constitutional attorney and author of the critically acclaimed book *The Founding Myth Why Christian Nationalism Is Un American* dives into the debate on religious liberty the modern attempt to weaponize religious freedom and the Supreme Court s role in that crusade Seidel examines some of the key Supreme Court cases of the last thirty years including *Masterpiece Cakeshop v Colorado Civil Rights Commission* a bakery that refused to make a wedding cake for a gay couple *Trump v Hawaii* the anti Muslim travel ban case *American Legion v American Humanist Association* related to a group maintaining a 40 foot Christian cross on government owned land and *Tandon v Newsom* a Santa Clara Bible group exempted from Covid health restrictions as well as the recent overturning of *Roe v Wade* and how a hallowed legal protection freedom of religion has been turned into a tool to advance privilege and impose religion on others This is a meticulously researched and deeply insightful account of our political landscape with a foreword provided by noted constitutional scholar Erwin Chemerinsky author of *The Case Against the Supreme Court* The issue of church versus state is more relevant than ever in today s political climate and with the conservative majority status of the current Supreme Court This book is a standout on the shelf for fans of Michelle Alexander Bob Woodward and Christopher Hitchens Readers looking for critiques of the rise of Christian nationalism like Jesus and John Wayne and examinations like *How Democracies Die* will devour Seidel s analysis Hardcover with dust jacket 320 pages 9 in H by 6 in W **Abortion care guideline** World Health Organization,2022-03-09 The objective of this guideline is to present the complete set of all WHO recommendations and best practice statements relating to abortion While legal regulatory policy and service delivery contexts may vary from country to country the recommendations and best practices described in this document aim to enable evidence based decision making with respect to quality abortion care This guideline updates and replaces the recommendations in all previous WHO guidelines on abortion care **Maternal Health and American Cultural Values** Barbara A. Anderson,Lisa R. Roberts,2023-03-20 This book uniquely explores American cultural values as a factor in maternal health It looks beyond the social determinants of health as primarily contributing to the escalating maternal morbidity and mortality in the United States The United States is an outlier with poor maternal health

outcomes and high morbidity mortality in comparison to other high resource and many mid level resource nations While the social determinants of health identify social and environmental conditions affecting maternal health they do not answer the broader underlying question of why many American women in a high resource environment experience poor maternal health outcomes Frequent near misses high levels of severe childbearing related morbidity and high maternal mortality are comparable to those of lower resource nations This book includes contributions from recognized medical and cultural anthropologists and diverse clinical and public health professionals The authors examine American patterns of decision making from the perspectives of intersecting social cultural and medical values influencing maternal health outcomes Using an interdisciplinary critical analysis approach the work draws upon decision making theory and life course theory Topics explored include Cultural values as a basis for decision making Social regard for motherhood Immigrants refugees and undocumented mothers Cultural conflicts and maternal autonomy Health outcomes among justice involved mothers Maternal Health and American Cultural Values Beyond the Social Determinants is an essential resource for clinical and public health practitioners and their students providing a framework for graduate level courses in public health the health sciences women s studies and the social sciences The book also targets anthropologists sociologists and women studies scholars seeking to explain the links between American cultural decision making and health outcomes Policy makers ethicists journalists and advocates for reproductive health justice also would find the text a useful resource
