*Exilio republicano y pluralismo nacional* Villares Paz, Ramón, 2021-06-13. Este libro indaga la genealogía de la organización política territorial de España actual a partir de la experiencia republicana y del largo exilio que le siguió tras la derrota de 1939, convergiendo ambos procesos en la transición democrática. Son problemas que han marcado la sociedad española del siglo pasado con secuelas todavía muy vivas: el desgarramiento del exilio, la oposición a la dictadura franquista, la naturaleza de la transición y la construcción de las autonomías. En todos estos hitos están los exiliados de 1939, su memoria republicana y su apuesta a favor de la democracia política, el europeísmo y el reconocimiento del pluralismo nacional de España a posiciones que acaban siendo adoptadas por la lucha antifranquista del interior. Más allá de un balance moral de la obra de los exiliados, se trata de incluir su legado en la historia general de España del siglo XX en busca de un relato unificado del exilio y de la oposición interior.

*Los Últimos de la Tricolor: republicanos y republicanismo durante la transición hacia la democracia en España (1969-1977)* Jesús Movellán Haro, 2021-11-29. Los Últimos de la Tricolor es el resultado de la tesis doctoral del autor Jesús Movellán Haro tras haberla defendido en febrero de 2020 en la Universidad de Cantabria bajo la dirección de la Dra. Angeles Barrio Alonso y después de cinco años de investigación predoctoral. El estudio del republicanismo durante la transición hacia la democracia en España apenas ha sido tratado historiográficamente. En líneas generales se ha tendido a interpretar que antes de 1975 los republicanos españoles habían desaparecido y que su proyecto político carecía de vigencia para el proceso de democratización que posteriormente tuvo lugar. Sin embargo, los últimos republicanos españoles como se muestra en este libro, llegaron al final de la dictadura franquista con un discurso político válido y acorde al contexto sociopolítico del momento. Su desaparición final no tuvo tanto que ver con su falta de adaptación al proceso como con los obstáculos que encontraron los últimos representantes del republicanismo para visibilizarse y poder participar en igualdad de condiciones con las demás fuerzas políticas de la oposición antifranquista. Esto finalmente condicionó la supervivencia del republicanismo español más allá de la transición. Por estas razones, en esta monografía se aborda el estudio de los últimos republicanos reunidos en el partido político de Acción Republicana Democrática Española (ARDE) así como entre los últimos miembros del Gobierno de la República Española en el

Exilio Se valorar la capacidad del republicanismo para reorganizarse en el interior de España antes y sobre todo después de la muerte de Franco y se analizarán las ideas más relevantes de su discurso político De esta forma podrá comprobarse cómo los últimos representantes de un republicanismo de naturaleza liberal democrática intentaron sin éxito participar en el proceso de transición en España Asimismo se valorar en este trabajo si el proyecto político de estos republicanos les sobrevivió o si por el contrario desapareció como alternativa existente en el escenario político español de la democracia actual

**Coming Home? Vol. 1** Sharif Gemie, 2014-07-18 The wars of the twentieth century uprooted people on a previously unimaginable scale to the extent that being a refugee became an increasingly widespread experience With the arrival of refugees governments of host countries had to mediate between divided national populations some wished to welcome those arriving in search of refuge others preferred a strategy of exclusion or even

expulsion At the same time refugees had to manage conflicts of the self as they responded to the loss of nationhood families socio political networks material goods and arguably also a sense of belonging or home While return migration was usually perceived by governments and refugees alike as the best solution to the dilemmas of forced displacement consensus about the timing and dynamics of how this would actually occur was very difficult to achieve In practice the return of refugees to their countries of origin rarely if ever produced a wholly satisfactory outcome Conflicts clearly resulted in forced displacement but it is equally true that forced displacement created conflicts The complex inter relationship of conflict return migration and the sometimes chimerical but still compelling search for a sense of home is the central preoccupation of the contributors to the two volumes of the Coming Home series Scholars from history literature cultural studies and sociology explore the tensions between nation states and migrants as they have anticipated implemented or challenged the process of return migration during the twentieth and twenty first centuries This book begins with Western Europe and progresses to Central and Eastern Europe from the period of the Spanish Civil War to the Cold War era whilst the second volume Coming home Vol 2 Conflict and Postcolonial Return Migration in the Context of France and North Africa shifts the focus to the colonial and post colonial framework of the French North African nexus What emerges from the two volumes of essays is that as ambiguous and sometimes ambivalent as home could appear it was nonetheless central to migrants preoccupations about returning
