

A dramatic, expressive painting depicting a scene of destruction. In the center, a multi-story building is engulfed in intense orange and yellow flames. A path of light, possibly from a searchlight or moonlight, leads from the bottom center towards the burning structure. The foreground is dark and textured with swirling blue and black brushstrokes, suggesting smoke or a body of water. The background is dominated by a massive, turbulent fire in shades of red, orange, and yellow, with dark silhouettes of other buildings visible in the distance. The overall mood is one of devastation and tragedy.

remarkable but completely unsung group that risked everything to help the most vulnerable In the early 1920s amidst the upheaval of Weimar Germany a small group of peaceable idealists began to meet practicing a quiet communal life focused on self improvement For the most part they had come to know each other while attending adult education classes in the city of Essen But the Bund as they called their group had lofty aspirations under the direction of their leader Artur Jacobs its members hoped to forge an ideal community that would serve as a model for society at large But with the ascent of the Nazis the Bund was forced to reevaluate its mission focusing instead on offering assistance to the persecuted despite the great risk Their activities ranged from visiting devastated Jewish families after Kristallnacht to sending illicit letters and parcels of food and clothes to deportees in concentration camps to sheltering political dissidents and Jews on the run What became of this group And how should its deeds often small seemingly insignificant acts of kindness and assistance be evaluated in the broader history of life under the Nazis Drawing on a striking set of previously unpublished letters diaries Gestapo reports other documents and his own interviews with survivors historian Mark Roseman shows how and why the Bund undertook its dangerous work It is an extraordinary story in its own right but Roseman takes us deeper encouraging us to rethink the concepts of resistance and rescue under the Nazis ideas too often hijacked by popular notions of individual heroism or political idealism Above all the Bund s story is one that sheds new light on what it meant to offer a helping hand in this dark time
