The De-Judaization of the Image of Jesus of Nazareth (The Virgin Mary) at the Time of the Holocaust: Ensoulment and the Human Ovum Thomas Alexander Blüger, 2021-03-09

Thomas has been researching his family's Jewish background for the last thirty years. Herein he investigates how his Jewish grandparents and aunt, defined as a nonprivileged Mischling, survived the war while living in the heart of Nazi Germany. This led Thomas to research Hitler's fear of having partial Jewish ancestry and expanded into a full-blown study of following Christianity's understanding of the Jewish identity of Jesus of Nazareth throughout history. Not leaving matters here, Thomas outlines how Marian dogmatic theology used at the time of the Shoah brought to conclusion the Church's long journey in defining the time of ensoulment as articulated in the papal document *Ineffabilis Deus* promulgated by Pius IX in 1854. This happened twenty-seven years after the discovery of the human ovum in 1827 by Karl Ernst von Baer. Years later, with the emergence of Nazi racial ideology, many anti-Christian Christians attempted to invert Christianity's core message of salvation through faith toward biological ends. This would not do. Roman authorities had consistently held throughout the centuries that faith is about salvation and not about biology. According to that same end, the ideal of ensoulment since the time of the Church's renewed understanding of it beginning in 1854 and indeed as it was first articulated through the writings of Aristotle and received into Christianity through the writings of Saint Augustine and later Thomas Aquinas was newly preserved within the confines of Western civilization. This is the first book the author knows of that follows Augustine's concept of ensoulment as well as Aquinas's thinking on the matter while linking these to Karl Ernst von Baer's discovery of the human ovum in 1827 up until the events of Shoah and beyond. This study is phenomenological in nature in that it does not follow Jesus of Nazareth, the Virgin Mary, throughout history but rather follows the image of Jesus of Nazareth, the Virgin Mary, a monumental difference. This study supports the Second Vatican Council, the Church's latest and ongoing efforts in affirming the Jewish identities of both Jesus of Nazareth and the Virgin Mary. John Paul II's call for a purification of memory beginning in a year of Jubilee as well as the many present efforts in Catholic Jewish relations. This study builds upon the author's past article *Following the Virgin Mary through Auschwitz: Marian Dogmatic Theology at the Time of the Shoah*, published in *Holocaust Studies: A Journal of Culture and History*, Vol. 14, winter 2008, No. 3, pp. 1-24.

Who Will Lead Us? Samuel C. Heilman, 2019-07-02

David Birnbaum, Martin S. Cohen, In one of his most famous poems Robert Frost imagines himself standing at a crossroads in a yellow wood and having to decide which path forward to choose The poem turns on the fact that neither path clearly recommends itself as the better one to choose both are covered in yellow autumnal leaves one is just as fair as the other and both lead to destinations that Frost cannot see 1 In just twenty lines the poet thus suggests the plight of moderns who must make decisions in life that may eventually be perceived as matters of great importance but that feel hardly even to matter much when they are actually being made That is surely a challenge we all face but how exactly to deal with it is challenging to say It surely seems exaggerated to conclude from the poet's reverie that our decisions in life don't really matter at all simply because we cannot say at the outset where they may ultimately lead us much less that they have no real importance because we will end up in the same place anyway Those conclusions both feel just a bit irrational but neither should we read the poem's famous conclusion that the poet's decision to travel the path less taken has ended up making all the difference in his life as suggesting that the wisest choices in life are invariably those spurned by the majority Surely for all the Oylem may be a goylem it can't always be unwise to make some specific decision in life merely because many others have previously chosen to make it 2 Martin S Cohen The Yiddish aphorism one of my own father's favorites conveys the same message as the one attributed possibly spuriously to Alexander Hamilton according to which the masses are asses The Torah offers a different take on the decision to choose one path forward in life over another Speaking from the edge of his own life Moses begins by imagining two paths stretching forth before the Israelites as they contemplate their future And he knows their names too they are the paths of blessing and of curse a blessing if you obey all the commandments of the Eternal your God that I am commanding you this day and a curse if you do not obey the commandments of the Eternal your God and swerve off the path that I am commanding you today Deuteronomy 11:26-28 Later in his speech Moses returns to that same trope and describes that same choice in far greater detail Behold by commanding you today to love the Eternal your God and to walk in God's ways and to keep God's commandments and statutes and laws I am placing before you today on the one hand life and goodness and on the other death and evil And so shall you live and flourish as the Eternal your God blesses you in the land that you are now entering to possess If however your heart should turn away and you stop obeying such that you actually turn to apostasy and prostrate yourself before alien gods and worship them then I am telling you clearly today that you shall surely perish that you will not live for long on the land that you are about to cross the Jordan to enter and possess I call heaven and earth on this day as my witnesses that I am placing before you life and death blessing and curse Choose life so that you live you and your progeny And love the Eternal your God by obeying God's voice and by cleaving unto God for it is God who grants

you your life and who determines how long shall last the days you dwell on the land that the Eternal³ Prefaceswore to grant to your ancestors Abraham Isaac and Jacob Deuteronomy 30 15 20 The title of the volume you are holding is taken from the end of this very passage where the Torah presents Moses instructing the people how to deal with the choice that lies before them U va artaba ayyim choose life he commands and his meaning feels clear and unambiguous to secure a long life for yourself and your progeny choose to live in God's service choose to devote yourself to obeying God's voice and choose to cleave unto God all the days of your life And the aggregate result of all that wise choosing will lead to the greatest choice of all the choice to embrace life at its fullest and richest both as individuals linked personally to the Almighty in covenantal intimacy and as citizens of a nation linked to the Almighty in exactly the same way There are countless ways to respond to the injunction to choose life and each of the authors in this volume has chosen one to explore in his or her essay Some are theoretical in nature and deal with the larger notion of how choice and obligation interact in the context of religion Others are more practical and treat of the specific ways in which individuals might respond to the biblical obligation to choose life in the context of the consequential decisions that we find ourselves faced with in life Still others are rooted in history and present the way the injunction to choose life was understood by different thinkers at different moments in Jewish history And some have used the scriptural injunction to choose life as a jumping off point for considering the notion of free will itself and pondering how the theological notion that God is all knowing can be reconciled with the sense people have of being able freely to make real meaningful choices in life The authors who have contributed essays to this volume address⁴ Martin S Cohen all of these questions Our authors come from a wide range of backgrounds many are congregational rabbis while others are teachers and academics and still others work in the Jewish world in different capacities They are a disparate group our authors men and women older and younger staunchly traditionalist and more liberally oriented Israelis and Diaspora based Yet for all they are different they are also united by the common belief that the written word and particularly in the form of the essay is a useful and satisfying medium in which to explore Judaism and Jewishness itself in a deep and meaningful way This is not a book solely for Jews of any particular spiritual orientation nor for that matter is it a book solely for Jewish readers Rather we hope that this anthology may open a door for all who possess the kind of curiosity about Jewish religion and culture that cannot be dealt with effectively by platitudes or even heartfelt oped pieces but rather by thoughtful text based studies intended to inform to persuade and to inspire I feel privileged to present the work of these authors to the reading public and I hope our readers will likewise feel that this is a remarkable collection Unless otherwise indicated all translations here are the authors' own work Biblical citations of the NJPS refer to the complete translation of Scripture first published under the title Tanakh The Holy Scriptures by the Jewish Publication Society in 1985 The four letter Hebrew name of God is rendered in this volume almost always as the Eternal or Eternal God although authors have sometimes departed from this convention as dictated by the constraints of their own writing I would like to take this opportunity to acknowledge the other senior editors of

Falkov, 2025-02-11 *Between Hitler and Churchill* exposes an unknown facet in the World War II history: the attempt of a senior official in the Polish government in exile to collude with the Third Reich and a successful British intelligence operation which thwarted this move in its infancy. This surprising and fascinating event is described through the personal stories of its two main protagonists: Polish Jews. One of them mediated the said Polish-German contacts while the other assisted the British in capturing the mediator in the Middle East and murdering him there without trial. Although it reads like a historical thriller, the book is based on British, Polish, German, and Russian diplomatic and intelligence reports, many of which are revealed and analyzed here for the first time. With Us More Than Ever Yoram Bilu, 2020-07-21

Rabbi Menachem Mendel Schneerson was the charismatic leader of the Chabad Hasidic movement and its designated Messiah. Yet when he died in 1994, the messianic fervor he inspired did not subside. Through traditional means and digital technologies, a group of radical Hasidim, the Meshichistim, still keep the Rebbe palpably close, engaging in ongoing dialogue, participating in specific rituals, and developing an ever-expanding visual culture of portraits and videos. *With Us More Than Ever* focuses on this group to explore how religious practice can sustain the belief that a messianic figure is both present and accessible. Yoram Bilu documents a unique religious experience that is distinctly modern. The rallying point of the Meshichistim is that the Rebbe is with us more than ever; this is sustained through an elaborate system that creates the sense of his constant and pervasive presence in the lives of his followers. The virtual Rebbe that emerges is multiple, visible, accessible, and highly decentralized: the epicenter of a truly messianic movement in the twenty-first century. Combining ethnographic fieldwork and cognitive science with nuanced analysis, Bilu documents the birth and development of a new religious faith, describing the emergence of new spiritual horizons, a process common to various religious movements, old and new. Translating a Tradition Ira Robinson, 2008

Divided into three sections, this work explains how the concepts and practices of traditional European Judaism were adapted to North American culture beginning in the late nineteenth century. Part I focuses on the ideas and activities of Cyrus Adler (1863-1940), one of the most prominent leaders of the traditionalist United States Jewish community in his era. The issues in these essays include the origins of American Jewish history as a field of study, the Kehilla experiments of the early twentieth century, and the relationship between the Jewish Theological Seminary and Orthodox Judaism. Part II deals with the beginnings of Hasidic Judaism in North America prior to the Second World War. It also includes several studies investigating the shaping of the worldview of Orthodox Judaism in contemporary North America. Part III examines the issue of contemporary American Jewish attitudes toward evolution and intelligent design. **The Archive Thief** Lisa Moses
