Jonathan B. VanGeest, Timothy P. Johnson, Sonia A. Alemagno

Research Methods with Gay, Lesbian, Bisexual, and Transgender Populations William Meezan, James I. Martin, 2012-12-06 Take an in depth look at what worksand what doesn tin research with GLBT populations This essential book examines the usefulness of current frameworks for research with GLBT populations and highlights the necessity for greater complexity in the conceptualization and design of research with these populations It will help you understand the need for more inclusive and representative samples and the need to protect the privacy of GLBT research participants and ways to accomplish these goals In addition Research Methods with Gay Lesbian Bisexual and Transgender Populations considers the advantages and limitations of having an inside perspective when conducting research with these populations It also explores the myriad ways in which this research can be used to better understand issues facing GLBT communities Specifically Research Methods with Gay Lesbian Bisexual and Transgender Populations discusses eight strategies that outsiders can use to overcome barriers to doing their work the challenges of finding and studying older members of gay and lesbian communities the special challenges that studying gay drug users pose to the researcher factors affecting research with urban Black and African American GLBT populations sampling issues including ways to overcome the challenges of conducting research with sexual minority adolescents issues related to dealing with institutional review boards and lessons derived from empirical articles in the Journal of Gay Lesbian Social Services unique features of AIDS service organizations to consider when developing an evaluation strategy ethical standards for research and evaluation with GLBT populations and a great deal more From the Foreword by Anthony R D Augelli In social science research the effort to extract durable principles of social causality from the apparent randomness of everyday life requires the construction of reliable if tentative knowledge that is significantly more informative than mere speculation With our ever increasing knowledge base increasingly sophisticated and powerful quantitative and qualitative methodologies and with an ever expanding cadre of researchers our ability to discern patterns of development of GLBT people from birth to death the unique qualities of their relationships and the impact of communities and cultures on the ways in which their sexualities are manifested will come into sharper focus In this way research becomes a tool by which GLBT people transcend invisibility and marginalization As new research accumulates the unique contributions that GLBT lives make to our understanding of the nature of human development will be documented in ways never before thought possible Within the larger context of social science research on GLBT populations this book describes the current status of social service researchers in their quest for methodological sophistication and conceptual complexity The work of the contributors to this volume exemplifies the progress that has been made since the first research reports on this topic were published Research Methods with Gay, Lesbian, Bisexual, and Transgender Populations ,2011

Handbook of Research with Lesbian, Gay, Bisexual, and Transgender Populations William Meezan, James I. Martin, 2009-09-10 Handbook of Research with Lesbian Gay Bisexual and Transgender Populations provides a detailed

examination of the current methods and theoretical frameworks for conducting research with LGBT populations Introducing greater nuance in designing and implementing research models for working with these populations Handbook of Research with Lesbian Gay Bisexual and Transgender Populations provides guidelines for defining these groups strategies to obtain more inclusive and representative samples and methods for engaging these populations to produce consistent and relevant data Collecting essays by notable researchers and scholars in the field Handbook of Research with Lesbian Gay Bisexual and Transgender Populations provides meaningful analyses of the ethics and practical constraints that researchers confront in dealing with LGBT populations including protection of privacy which is a special concern for many For students teachers social workers mental health professionals and researchers of all backgrounds this is an invaluable resource and guidebook for anyone seeking a better quality of understanding and engagement with LGBT individuals and communities Gay, Bisexual, Trans and Queer Psychology Victoria Clarke, Sonja J. Ellis, Elizabeth Peel, Damien W. Riggs, 2010-04-01 This exciting and engaging textbook introduces students to the psychology of lesbian gay bisexual trans and queer lives and experiences It covers a broad range of topics including diversity prejudice health relationships parenting and lifespan experiences from youth to old age The book includes key researcher boxes which outline the contributions of significant individuals and their motivations for conducting their research in their own words Key issues and debates are discussed throughout the book and guestions for discussion and classroom exercises help students reflect critically and apply their learning There are extensive links to further resources and information as well as gaps and absences sections indicating major limitations of research in a particular area This is the essential textbook for anyone studying LGBTQ psychology psychology of sexuality or related courses It is also a useful supplement to courses on gender and developmental psychology

Research Methods in the Study of Substance Abuse Jonathan B. VanGeest, Timothy P. Johnson, Sonia A. Alemagno, 2017-06-19 This authoritative handbook reviews the most widely used methods for studying the use and abuse of alcohol and illegal drugs Its thorough coverage spans the range of quantitative qualitative and mixed method approaches to documenting and measuring the complex psychological behavioral and physical experience of substance misuse and dependence to ensure valid useful results Experts discuss special issues and considerations for conducting ethical research with specialized populations including youth inmates and the LGBT community Throughout these chapters contributors demonstrate the multidisciplinary nature of substance abuse research with emphasis on professional ethics and the critical role of research in developing best practices and effective policy for prevention and treatment Among the topics covered Transdisciplinary research perspective a theoretical framework for substance abuse research Longitudinal methods in substance use research Considerations in blending qualitative and quantitative components in substance abuse research The use of biological measures in social research on drug misuse Using surveys to study substance use behavior Applications of GIS to inform substance abuse research and interventions Evaluating substance use prevention and treatment programs

Research Methods in the Study of Substance Abuse is an essential resource for health services and public health professionals policymakers and researchers working and training in the field of addiction It encourages the rigor and understanding necessary to address widespread social and public health concerns Social Work Practice with Lesbian. Gay, Bisexual, and Transgender People Gerald P. Mallon, 2009-06-02 A new more comprehensive edition of the classic Social Work text Although the vast majority of LGBT persons are healthy resilient and hardy individuals who do not seek social work intervention some have been or will be clients in social work agencies Social Work Practice with Lesbian Gay Bisexual and Transgender People is the updated classic text that has expanded its scope to include new content on practice with bisexual and transgender populations and incorporated this content throughout This informative book provides a knowledge base of practice that will better prepare students and practitioners for working sensitively competently and effectively with LGBT individuals The text now covers content on LGBT populations as articulated by the National Association of Social Workers NASW and the Council on Social Work Education CSWE Comprehensive and practical this unique text discusses the pragmatic aspects of social work with lesbian gay bisexual and transgender people It will improve and reinforce competent practice with LGBT persons and their families in multiple settings Chapters focus on important topics such as the profession s core values and ethical principles identifying analyzing and resolving ethically challenging practice problems LGBT persons of color heterosexism racism and sexism applying the life model and the stress coping process the root of conflicts in allegiances and pressures for unity via homogeneity practice with bisexual transgender and gender non conforming persons sexual conversion therapy traditional psychoanalytic notions of lesbian couples the impact of sexual abuse on lesbian couples internalized homophobia heterocentrism and gay identity group work practice with the LGBTQ community clinical assessment for families where sexual orientation is an issue LGBT parenting the role of health care and many more Complete with a highly detailed appendix of symbols definitions and terms Social Work Practice with Lesbian Gay Bisexual and Transgender People is an invaluable resource for social workers and mental health professionals as well as for students and LGBTQ Health Research Ron Stall, Brian Dodge, José A. Bauermeister, Tonia educators at all levels of experience Poteat, Chris Beyrer, 2020-09-01 The first book focused entirely on the growing field of LGBTQ health research this volume provides the necessary public health tools to teach about and study LGBTQ populations effectively Over the last 30 years the health needs of lesbian gay bisexual transgender and queer Americans have become increasingly recognized in particular for the ways in which they are distinct from those typically assessed and addressed in society Universities and researchers are paying greater attention to LGBTQ public health issues and how they might adapt existing methods to research marginalized communities but until now there has been no authoritative resource to guide their education or practice Developed for graduate students in public health and health sciences but perfect for anyone interested in this topic this book will fill that gap and provide the necessary public health tools to teach about and study LGBTQ populations effectively Divided into three

sections and edited by top scholars LGBTO Health Research explains research methods important to descriptive epidemiology that are needed to document health disparities among LGBTQ populations The book also examines research methods that help explain the driving forces of these disparities Focusing on real world experience in developing and testing interventions to mitigate health disparities in LGBTQ populations it also breaks down issues that challenge the direct application of standard research methods with these communities including those related to sampling measurement choice of theoretical variables to explain the distribution of health and illness cultural competence in intervention design and community participation Promoting the creation and diffusion of effective interventions the book takes a holistic approach to address longstanding research gaps regarding important marginalized communities It also documents profound health disparities in many LBGTQ populations across a wide range of health conditions and explains why future development of the field must be based on inclusive science and rigorous research methods LGBTQ Health Research is an essential textbook for any courses that deal with the intersection of marginalization health sexuality and gender Contributors Jos A Bauermeister Chris Beyrer Kerith Conron Brian Dodge Rita Dwan Stephen L Forssell Peter Gamache Gary W Harper Mark L Hatzenbuehler Colleen Hoff Carl Latkin Ilan H Meyer Robin Lin Miller Angulique Y Outlaw Christopher Owens Tonia Poteat Erin Riley Joshua Rosenberger Ayden I Scheim Shauna Stahlman Randall Sell Ron Stall Rob Stephenson Rachel Strecher Ryan C Tingler Karin E Tobin Ronald O Valdiserri and Richard J Wolitski The SAGE Handbook of Global Sexualities Zowie Davy, Ana Cristina Santos, Chiara Bertone, Ryan Thoreson, Saskia E. Wieringa, 2020-05-11 This two volume Handbook provides a major thematic overview of global sexualities spanning each of the continents and its study which is both reflective and prospective and includes traditional approaches and emerging themes The Handbook offers a robust theoretical underpinning and critical outlook on current global glocal and new sexualities and practices whilst offering an extensive reflection on current challenges and future directions of the field The broad coverage of topics engages with a range of theories and maintains a multi disciplinary framework PART ONE Understanding Sexuality Epistemologies Conceptual and Methodological Challenges PART TWO Enforcing and Challenging Sexual Norms PART THREE Interrogating Undoing Sexual Categories PART FOUR Enhancement Practices and Sexual Markets Industries PART FIVE Sexual Rights and Citizenship And the Governance of Sexuality PART SIX Sexuality and Social Movements PART SEVEN Language and Cultural Gay Men Living with Chronic Illnesses and Disabilities Benjamin Lipton, 2014-06-11 Understand gay men Representation s unique health issues beyond the incomplete focus of HIV to include the concerns of those living with a broad range of chronic illnesses and disabilities Gay Men Living with Chronic Illnesses and Disabilities From Crisis to Crossroads is the groundbreaking book that comprehensively examines and forms strategies to respond to the needs of gay men living with non HIV chronic illnesses and disabilities such as diabetes cancer obesity and muscular sclerosis Bringing together the interdisciplinary expertise and unique perspectives of leaders in the fields of social work psychology and rehabilitation

counseling this groundbreaking book helps you understand the key issues from theoretical clinical practical and personal perspectives Gay Men Living with Chronic Illnesses and Disabilities From Crisis to Crossroads conceptualizes and addresses the integration of psychosocial and medical issues faced by the gay men living with both HIV related and non HIV chronic illnesses and disabilities Each chapter delves deeply into the psychosocial impact of their marginalization in daily living while offering strategies for partnership and integration between gay and mainstream health and social service organizations With extensive up to date bibliographies at the end of each chapter and case studies that illuminate theoretical discussions this book is essential reading for those involved in health policy and practice with gay men living with chronic illnesses and disabilities Gay Men Living with Chronic Illnesses and Disabilities From Crisis to Crossroads explores the invisibility of gay men living with non HIV illnesses and disabilities and the need to provide adequate services to them the impact of sexual orientation on living with a broad range of life threatening illnesses the multiple layers of stigma of being gay while living with a chronic illness or disability how chronic illness can lead to increased body dissatisfaction in gay men the multidimensional challenge of psychotherapy with HIV positive gay men the connection between aging chronic illness and sexual orientation living with a non HIV chronic illness as a gay social service professional Gay Men Living with Chronic Illnesses and Disabilities From Crisis to Crossroads is vital reading for social workers psychologists psychiatrists physicians sociologists public health advocates and experts community organizers and everyone engaged in providing medical social or psychological services **Social Research Methods** Sigmund Grønmo, 2023-11-22 Framing research as the process of asking and answering questions this book demonstrates how to identify good research questions and how to structure and explore them successfully Whether you are just beginning your research journey or are a seasoned traveller it helps you Decide what you want to achieve with your research Know what options you have to explore your goals Navigate the nuances of different research approaches Understand the decisions of other researchers Choose what path best suits your project Through real life examples demonstrating different types of research the book introduces qualitative quantitative and mixed methods approaches so you can compare different methods at every stage of the research process from initial idea and design to data collection and analysis This new edition includes new chapters on collecting and analysing mixed methods data and additional content on qualitative data analysis New examples reflect the cultural and global diversity of social research and extra visual aids and summaries support understanding of key research concepts and stages The book is accompanied by an online teaching guide including videos additional case studies annotated articles and critical thinking **Lesbians and Work** Pamela Brand, 2013-09-13 What differences and similarities exist at work between lesbian exercises women in various careers around the world Lesbians and Work The Advantages and Disadvantages of Comfortable Shoes answers this crucial question providing respected authorities presenting qualitative research methods to closely examine lesbian women s working lives This insightful resource discusses the variability among lesbians in their experiences of and

responses to workplace heteronormativity and cites the similarities among this population across geographical and national boundaries Presented in their own words these women s viewpoints reveal a wide spectrum of experiences both advantages and disadvantages of being a lesbian woman in the workplace This book provides international perspectives on lesbians and work that can help readers making career choices to consider sexual orientation issues in choosing their career path The book also can be used by human resource professionals as a resource to learn how to better manage sexual diversity in the workplace provide effective training development programs to address sexual prejudice alter benefits requirements for employees and avoid discrimination lawsuits This book is a valuable resource for human resource managers college professors in women's studies lesbian studies psychology and their students and career counselors. The book was published as a special issue of the Journal of Lesbian Studies Handbook of LGBT Elders Debra A. Harley, Pamela B. Teaster, 2015-08-05 This groundbreaking resource presents a wealth of findings and perspectives previously unseen in the LGBT literature Its focus on psychological sociopolitical and care delivery issues affecting LGBT elders reveals both the nuanced interplay between diverse sources of identity and multiple sources of stigma and discrimination Specific chapters highlight challenges and resiliencies impacting subpopulations e q racial groups veterans immigrants examine employment and advocacy issues discuss later life concerns in context and offer guidelines for relevant ethical practice Contributors represent a wide range of fields from psychiatry and gerontology to public health and public policy reflecting the scope and needs of this diverse and complex population Among the topics in the Handbook Family relationships of older LGBT adults The intersection of identities race age sexuality and care network Bisexuality an invisible community among LGBT elders Implications of the Supreme Court ruling on same sex marriage No money no work and you re old Disabilities among LGBT elders responses of medicine public health rehabilitation and social work Handbook of LGBT Elders is an essential reference for mental health professionals psychologists and social workers who work with the LGBT community and the elderly as well **Handbook of Psychology and Sexual Orientation** as researchers interested in the LGBT community and aging Charlotte Patterson, Anthony R. D'Augelli, Ph.D., 2013 The first authoritative summary of its kind in this area the Handbook of Psychology and Sexual Orientation is the primary resource for the many researchers including a new generation of investigators who are continuing to advance understanding in this field The volume editors along with other leading experts contribute an extraordinary review of contemporary psychological research and theory on sexual orientation in their specific Women's Lives Claire A. Etaugh, Judith S. Bridges, 2015-07-14 Women's Lives A Psychological Exploration fields of work 3rd Edition draws on a wealth of the literature to present a rich range of experiences and issues of relevance to girls and women This text offers the unique combination of a chronological approach to gender that is embedded within topical chapters Cutting edge and comprehensive each chapter integrates current material on women differing in age ethnicity social class nationality sexual orientation and ableness The third edition reflects substantial changes in the field while

maintaining its empirical focus through engaging writing student activities and critical thinking exercises With over 2 100 new references emphasizing the latest research and theories the authors continue to pique interests in psychology of women

Conflict Resolution for the Helping Professions Allan Barsky, 2014-05-07 Barsky's hands on text provides the theory skills and exercises to prepare readers for an array of conflict situations It encourages developing professionals to see themselves as reflective practitioners in the roles of negotiators mediators advocates facilitators and peacebuilders Readers will learn how to analyze conflict situations and develop theory based strategies that can be used to intervene in an ethical and effective manner Examples and exercises demonstrate how to apply conflict resolution skills when working with individuals families groups organizations and diverse communities Conflict Resolution for the Helping Professions is the only current conflict resolution textbook designed specifically for social work psychology criminal justice counseling and related Gender and Sexuality Justice in Asia Joseph N. Goh, Sharon A. Bong, Thaatchaayini Kananatu, 2020-12-15 professions This book brings together a group of innovative scholars examining the contemporary issue of effecting gender and sexuality justice in the context of Asia consonant with engendering a just equitable and sustainable development for all These grassroots initiatives are woven through three complementary sections of the book gender justice in Asia sexuality justice in Asia and finding resolutions through conflict The book foregrounds strategies that aim to call out and challenge existing gender and sexuality injustices with regard to women and the LGBTIQA community by assessing the efficacy of gender mainstreaming policies through micro credit schemes for women in East Java Indonesia proliferating the signifiers of the hijab veil by postmodern Malay Muslim women or Hijabistas within the consumerist culture of Malaysia making visible the injustices of the Syariah legal system for non Muslim women and ground breaking legislation that could potentially recognise same sex marriages in Thailand privileging the narratives of gay women diplomats within the highly masculinised field of diplomacy in the Asia Pacific region foregrounding the narratives of Filipino gay men intimate partner violence among young Indonesian Christian young people masculine identifying lesbians in Singapore young LGBT people in rural Vietnam and a Chinese Muslim Malaysian female to male transgender person and proposing new ways of becoming an inclusive church through the radical act of befriending persons living with HIV and AIDS in Southeast Asia This book celebrates diverse and inclusive voices and strategies of gender and sexual agents of change in envisioning and bringing to fruition a just and transformative society for all It is of interest to students and scholars researching gender and sexuality in areas of development studies international relations socio legal studies and literary studies Queer Spiritual Spaces Kath Browne, Sally R. Munt, Andrew Kam-Tuck Yip, 2016-05-23 Drawn from extensive new and rich empirical research across the UK Canada and USA Queer Spiritual Spaces investigates the contemporary socio cultural practices of belief by those who have historically been and continue to be excluded or derided by mainstream religions and alternative spiritualities As the first monograph to be directly informed by queer subjectivities whilst dealing with divergent spiritualities on an international

scale this book explores the recently emerging innovative spaces and integrative practices of queer spiritualities Its breadth of coverage and keen critical engagement mean it will serve as a theoretically fertile comprehensive entry point for any scholar wishing to explore the gueer spiritual spaces of the twenty first century **Multicultural Counseling** Applications for Improved Mental Healthcare Services Jegathesan, Anasuya Jegathevi, Abdullah, Siti Salina, 2018-10-12 The availability of practical applications techniques and case studies by international therapists is limited despite expansions to the fields of clinical psychology and counseling As dialogues surrounding mental health grow in the East it is important to maintain therapeutic modalities that ensure the highest level of patient centered rehabilitation and care are met across global networks Multicultural Counseling Applications for Improved Mental Healthcare Services is an essential reference source that discusses techniques in addressing different religions and cultures in counseling and therapy The research in this publication provides a platform and a voice for Eastern therapists to contribute to the body of knowledge and build a more robust therapeutic framework for practitioners worldwide Featuring topics such as psychotherapy refugee counseling and women empowerment this book is ideally designed for mental health professionals counselors therapists clinical psychologists sociologists social workers researchers students and social science academicians seeking coverage on significant advances in therapy as well as the skills challenges and abilities that practitioners facing diverse populations must manage on a daily basis **Primary Theories of Crime and Victimization** James R. Jones Ph.D., 2016-09-09 This text examines the primary causes of crime and victimization while exploring criminological and victimization theories This text is unique because it allows the student to become familiar with theories of crime causation while reviewing relevant research Four of the chapters of the text are considered application chapters which have criminological and sociological research that include the theoretical framework of the theory covered in the chapter The aforementioned allows the student to see the theory from a practical research perspective ECRM2014-Proceedings of the 13th European Conference on Research Methodology for Business and Management Studies Dr Martin Rich, Dr Anne Brown, 2014-06-16
