Few legal cases in American history are as riveting as the controversy surrounding the will of Virginia Senator John Randolph (1773-1833), which almost inexplicably freed all 383 of his slaves in one of the largest and most publicized manumissions in American history. So famous is the case that Ta-Nehisi Coates has used it to condemn Randolph's cousin Thomas Jefferson for failing to free his own slaves. With this groundbreaking investigation, historian Gregory May now reveals a more surprising story showing how

madness and scandal shaped John Randolph's wildly shifting attitudes toward his slaves and how endemic prejudice in the North ultimately deprived the freedmen of the land Randolph had promised them. Sweeping from the legal spectacle of the contested will through the freedmen's dramatic flight and horrific reception in Ohio, *A Madman's Will* is an extraordinary saga about the alluring promise of freedom and its tragic limitations. **Looking for Rose Paterson** Jennifer

Gall, 2017-03-01 Rose Isabella Paterson gave birth to a boy Barty in 1864. That child became the famous balladeer Andrew Barton Banjo Paterson. Barty was the first of seven children who lived on Illalong station, a property near the New South Wales township of Binalong where Rose spent most of her married life. In this book we enter into the rustic world of late nineteenth-century pioneers where women endured continuous cycles of pregnancy, childbirth, and recovery and the constraints of strict social codes. Rose faced the isolation of Illalong, this poor old prison of a habitation with resolute determination and an incisive wit. Her candid letters written throughout the 1870s and 1880s to her younger sister Nora Murray Prior reveal a woman who found comfort in the shared confidences of correspondence and who did not lack for opinions on women's rights, health, and education. Here we see a devoted sister, a loyal wife battling domestic drudgery with scarce resources, and an affectionate mother whose parenting approach embraced a little judicious neglect, occasional scrubbing. *Looking for Rose* recreates the world of Rose Paterson and within the rhythm of her life, the bush childhood of Banjo Paterson, which ultimately found a place in some of Australia's best-known verses. **Folktales Retold** Amie A.

Doughty, 2015-03-14 Folktales and fairy tales are living stories; as part of the oral tradition, they change and evolve as they are retold from generation to generation. In the last thirty years, however, revision has become an art form of its own, with tales intentionally revised to achieve humorous effect, send political messages, add different cultural or regional elements, try out new narrative voices, and more. These revisions take all forms, from short stories to novel-length narratives to poems, plays, musicals, films, and advertisements. The resulting tales paint the tales from myriad perspectives using the broad palette of human creativity. This study examines folktale revisions from many angles, drawing on examples primarily from revisions of Western European traditional tales such as those of the Grimm Brothers and Charles Perrault. Also discussed are new folktales that combine traditional storylines with commentary on modern life. The conclusion considers how revisionists poke fun at and struggle to understand stories that sometimes made little sense to start with. A teenage girl endures fire, flood, and the loss of her parents in this bracing, oddly uplifting debut set in the American Midwest of the mid-20th century. Kirkus. Dale M. Kushner's acclaimed debut novel traces the journey of a girl from childhood to adulthood as she reckons with her parents' abandonment, her need to break from society's limitations, and her overwhelming desire for love, both spiritual and erotic. In 1953, ten-year-old Eunice lives in the backwaters of Wisconsin with her outrageously narcissistic mother, a manicuree and movie star worshipper. Abandoned by her father as an infant, Eunice worries that she will become
