Rose The Thorn Morocco Semiotic Struct:

The Rose and the Thorn Roger Joseph, Terri Brint Joseph, 1987 *Culture and Customs of Morocco* Raphael Chijioko Njoku, 2005-12-30 Moroccan culture today is a blend of Berber African Arab Jewish and European influences in an Islamic state Morocco's strategic position at the tip of North Africa just below Spain has brought these cultures together through the centuries The parallels with African and Middle Eastern countries and other Muslim cultures are drawn as the major topics are discussed yet the uniqueness of Moroccan traditions particularly those of the indigenous Berbers stand out The narrative emphasizes the evolving nature of the storied subcultures With more exposure to Western style education and pop culture the younger generations are gradually turning away from the strict religious observances of their elders General readers finally have a substantive resource for information on a country most known in the United States for the Humphrey Bogart classic Casablanca images of the souks markets hashish and Berber rugs The strong introduction surveys the people land government economy educational system and history Most weight is given to modern history with French colonial rule ending in 1956 and a succession of monarchs since then The discussion of religion and worldview illuminates the Islamic base and Jewish communities but is also notable for the discussion of Berber beliefs in spirits In the Literature and Media chapter the oral culture of the Berbers and the new preference for Western style education and use of French and even English are highlights The Moroccans are renowned as skilled artisans and their products are enumerated in the Art and Architecture Housing chapter along with the intriguing descriptions of casbahs and old quarters in the major cities Moroccans are hospitable and family oriented which is reflected in descriptions of their cuisine and social customs Moroccan women seem to be somewhat freer than others in Muslim countries but the chapter on Gender Roles Marriage and Family shows that much progress is still needed Ceremonies and celebrations are important cultural markers that bring communities together and a wealth of religious national and family rites of passage with accompanying music and dance round out the cultural coverage *Tribe and Society in Rural Morocco* David M. Hart, 2014-05-12 An anthropological study of Berber society and particularly the Rifian tribes of Morocco a Muslim society This book deals with the background of these tribes their settlement in various areas and contemporary issues Matriarchy, Patriarchy, and Imperial Security in Africa Marsha R. Robinson, 2012-01-01 Matriarchy Patriarchy and Imperial Security in Africa is an interdisciplinary treatment of a topic that is usually addressed by political scientists and military strategists Rather than follow Thomas P M Barnett's Samuel Huntington's and Edward Said's top down approach to the turn of the twenty first century clash of the West and the Rest this book takes readers on a three thousand year grassroots journey through imperialism linguistics and applied critical theory to show readers that peace eludes us because we are not all working with the same definition of national security By adding a Saharan world trade system to the conventional Oriental Occidental binary of traditional Western Civilization narratives this book opens a view of Western Europe as a colonized territory of a medieval Roman empire that never died A parallel imperial

reorganization occurred in West Asia Both systems deployed patriarchy as a gender bomb to implode and conquer matriarchal economies This clash of European West Asian and African matriarchal and patriarchal empires was the crucible that produced the United States of America as elder sibling of the family of post colonial frontier nations The author argues that patriarchal imperialists of Africa Western Asia and Western Europe tempted matriarchal men to betray the rights of women in exchange for the benefits of patria potestas Patriarchal empires then corrupt definitions of fatherhood and dehumanize the conquered men until they suffer from a societal malaise that the author calls patria impotestas Such economically castrated men revolted in the past and they respond now with twenty first century mass protests against austerity measures in Europe and protests against Wall Street in the U S as well as with acts of terrorism and tragically war crimes against women In this book the most insecure people are the elite The author concludes that terrorism piracy and acts of sabotage against industrial physical plants will continue in Africa Asia and the West until ordinary people around the world have positive answers to the Primordial Question Will my family eat today and sleep peacefully through the night

Historical Dictionary of Morocco Thomas K. Park, Aomar Boum, 2006-01-16 The Kingdom of Morocco achieved its independence in 1956 after over 40 years as a French protectorate Since its independence it has further expanded its area of control by reclaiming the formerly international city of Tangier as well as annexing Western Sahara from Spain in the 1970s In 1777 Morocco became the first nation to recognize the United States and the Moroccan American Treaty of Friendship of 1783 is the oldest unbroken friendship treaty with the U S Morocco of the past and present are covered in this second edition of the Historical Dictionary of Morocco A comprehensive introduction focusing on its history provides a helpful synopsis of the kingdom and is supplemented with a useful chronology of major events Hundreds of cross referenced dictionary entries on former rulers current leaders ancient capitals significant locations influential institutions and crucial aspects of the economy society culture and religion form the core of the book A bibliography of sources is included to promote further more specialized study *In and Out of Morocco* David A. McMurray, 2001 Every summer for almost forty years tens of thousands of Moroccan emigrants from as far away as Norway and Germany have descended on the duty free smugglers cove migrant frontier boomtown of Nador Morocco David McMurray investigates the local effects of the multiple linkages between Nador and international commodity circuits and analyzes the profound effect on everyday life of the free flow of bodies ideas and commodities into and out of the region Combining immigration and population statistics with street level ethnography *In and Out of Morocco* covers a wide range of topics including the origin and nature of immigrant nostalgia the historical evolution of the music of migration in the region and the influence of migrant wealth on the social distinctions in Nador Groundbreaking in its attention to the performative aspects of life in a smuggling border zone the book also analyzes the way in which both migration and smuggling have affected local structures of feeling by contributing to the spread of hyperconsumption The result is a rare and revealing inquiry into how the global culture is lived locally **Cultural**

Anthropology of the Middle East, 1992 During the last two decades the number of anthropological studies on the Middle East has increased exponentially This partially annotated bibliography offers a comprehensive survey of studies written in English French and German and covers the period from 1965 to 1987 **Bartered Brides** Nancy Lindisfarne, Nancy Tapper, 1991-05-23 A detailed study of marriage among the Maduzai a tribal society in Afghan Turkistan *Historical Dictionary of Morocco* Aomar Boum, Thomas K. Park, 2016-06-02 A historical reference work on Morocco must take as its subject al maghrib al aqsa the far west as the Arabic scholars have generally referred to the approximate region of present day Morocco roughly the north west corner of Africa but at times including much of the Iberian peninsula because the modern nation state is a relatively recent creation owing much to events in the late 19th and early 20th centuries External influences on Morocco tend to come across the narrow straits of Gibraltar to the north from the east along the Mediterranean litoral or up from the Sahara In each case access is constrained by geography and continued control from outside the region has been difficult to manage over the long term Although many of the dynasties that came to power in Morocco conquered much broader regions history and topology have so conspired that there is still more coherence to an historical focus on al maghrib al aqsa than is the case for most modern nation states This third edition of *Historical Dictionary of Morocco* contains a chronology an introduction a glossary and an extensive bibliography The dictionary section has over 600 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Morocco *The Nubians of West Aswan* Anne M. Jennings, 1995
