Stein, 2023-09-30 In the second half of the twentieth century Reiki went from an obscure therapy practiced by a few thousand Japanese and Japanese Americans to a global phenomenon By the early twenty first century people in nearly every corner of the world have undergone the initiations that authorize them to channel a cosmic energy known as Reiki to heal body mind and spirit They lay hands on themselves and others use secret symbols and incantations to send Reiki to distant recipients and strive to follow five precepts to cultivate their spiritual growth Reiki s international rise and development is due to the work of Hawayo Takata 1900 1980 a Hawai i born Japanese American woman who brought Reiki out of Japan and adapted it for thousands of students in Hawai i and North America shaping interconnections across the North Pacific region as well as cultural transformations over the transwar period spanning World War II [Alternate Currents](#) Reiki s Circulation in the Twentieth Century North Pacific analyzes how from her training in Japan in the mid 1930s to her death in Iowa in 1980 Takata built a vast trans Pacific network that connected Japanese American laborers on plantations in Hawai i to social elites in Tokyo Hollywood and New York middle class housewives in American suburbs and off the grid tree planters in the mountains of British Columbia Using recently uncovered archival materials and original oral histories Justin B Stein examines how these relationships between healer and patient master and disciple became deeply infused with values of their time and place and how they interplayed with Reiki s circulation performance and meanings along with broader cultural shifts in the twentieth century North Pacific Highly readable and informative each chapter is structured around a period in the life of Takata the charismatic rags to riches architect of the network in which Reiki spread for decades [Alternate Currents](#) explores Reiki as an exemplary transnational spiritual therapy demonstrating how lived practices transcend artificial distinctions between religion and medicine and circulate in global systems while maintaining strong connections with the practices homeland **Rosicrucian Digest**, 1949 [Catalogue of Books Added to the Library](#) Library of the Asiatic Society of Bombay and the Central Library, 1951 **Union List of Serials in New Zealand Libraries--Supplement** New Zealand. National Library Service, 1958 [The Changing Terrain of Religious Freedom](#) Heather J. Sharkey, Jeffrey Edward Green, 2021-09-24 The Changing Terrain of Religious Freedom offers theoretical historical and legal perspectives on religious freedom while examining its meaning as an experience value and right The volume starts from the premise that the terrain of religious freedom has never been easy and smooth Across societies and throughout history defending or contesting principles of

religious freedom has required compromise among multiple interests balancing values and wrangling with the law Drawing on examples from the United States and around the world and approaching the subject from the disciplines of history law sociology philosophy religious studies and political science the essays in this volume illustrate these challenges They sketch the contours of contemporary debates while showing how the landscape of religious freedom has shifted over time They consider various stakeholders that have asserted competing claims among them individuals and groups members of minority and majority communities states and corporations including both religious organizations and businesses and believers and non believers Taken together the studies in this volume suggest that understanding religious freedom means grappling with conflicting and perhaps irreconcilable claims about whose rights should prevail over others what religion is or may be and how religion should relate to other cultural values Union List of Serials in New Zealand Libraries ,1958
