days of modern media and medicine and the pleasures and price of satisfying desire The Vision of the Soul James Matthew Wilson, 2017 Ours is an age full of desires but impoverished in its understanding of where those desires lead an age that claims mastery over the world but also claims to find the world as a whole absurd or unintelligible In The Vision of the Soul James Matthew Wilson seeks to conserve the great insights of the western tradition by giving us a new account of them responsive to modern discontents The western or Christian Platonist tradition he argues tells us that man is an intellectual animal born to pursue the good to know the true and to contemplate all things in beauty Wilson begins by reconceiving the intellectual conservatism born of Edmund Burke's jeremiad against the French Revolution as an effort to preserve the West's vision of man and the cosmos as ordered by and to beauty After defining the achievement of that vision and its tradition Wilson offers an extended study of the nature of beauty and the role of the fine arts in shaping a culture but above all in opening the human intellect to the perception of the form of reality Through close studies of Theodor W Adorno and Jacques Maritain he recovers the classical vision of beauty as a revelation of truth and being Finally he revisits the ancient distinction between reason and story telling between mythos and logos in order to rejoin the two Story telling is foundational to the forms of the fine arts but it is no less foundational to human reason Human life in turn constitutes a specific kind of form a story form The ancient conception of human life as a pilgrimage to beauty itself is one that we can fully embrace only if we see the essential correlation between reason and story and the essential convertibility of truth goodness and beauty in beauty By turns a study in fundamental ontology aesthetics and political philosophy Wilson's book invites its readers to a renewal of the West's intellectual tradition **A Nomad Poetics** Pierre Joris, 2003-11-05 In his first collection of critical essays Joris maps the success and limitations of contemporary avant garde poetics This investigation leads him to envision a nomadic poetics as a strategy for new poetic work for translation and fundamentally for an ethics of early 21st century life **A Century of the Marx Brothers** Joseph Mills, 2009-03-26 In 1905 Julius Marx began his vaudeville career with the singing group The Leroy Trio and was abandoned in the middle of the tour It was an inauspicious start for the person who would become Groucho A hundred years later the Marx Brothers have permeated our culture from the plastic noses and glasses worn at parties to a Smithsonian exhibition which explains DNA recombination using *A Night at the Opera* Although they completed relatively few films together the brothers have become icons recognizable even to people who have never seen their movies Most scholarly work on the Marx Brothers has focused on biographical aspects of their careers and lives *A Century of the Marx Brothers* suggests a myriad of other useful approaches to their film and stage productions The collection's eleven essays examine the Marx Brothers work from a number of critical perspectives ranging from reader response theory to film semiotics The contributors include international scholars in a variety of fields such as literature cultural studies performance studies and film history Poetry as Re-Reading Ming-Qian Ma, 2008-08-20 Grounded in a detailed and compelling account of the philosophy guiding such a project Ma's book traces a continuity of thought and practice through

the very different poetic work of objectivists Louis Zukofsky George Oppen Carl Rakosi and John Cage and language poets Susan Howe Lyn Hejinian Bruce Andrews and Charles Bernstein His deft individual readings provide an opening into this notoriously difficult work even as his larger critique reveals a new and clarifying perspective on American modernist and post modernist avant garde poetics Ma shows how we cannot understand these poets according to the usual way of reading but must see how they deliberately use redundancy unpredictability and irrationality to undermine the meaning oriented foundations of American modernism and to force a new and different kind of reading Pub desc **Reading Error** Nerys Williams,2007 This work considers the development of the lyric form in recent American poetry of the past three decades By concentrating on the writing of Charles Bernstein Michael Palmer and Lyn Hejinian the author considers the attempts of contemporary poetry to problematise the identification of the lyric as a static model of subjectivity **Georgian London** Lucy Inglis,2013-09-05 In Georgian London Into the Streets Lucy Inglis takes readers on a tour of London s most formative age the age of love sex intellect art great ambition and fantastic ruin Travel back to the Georgian years a time that changed expectations of what life could be Peek into the gilded drawing rooms of the aristocracy walk down the quiet avenues of the new middle class and crouch in the damp doorways of the poor But watch your wallet tourists make perfect prey for the thriving community of hawkers prostitutes and scavengers Visit the madhouses of Hackney the workshops of Soho and the mean streets of Cheapside Have a coffee in the city check the stock exchange and pop into St Paul s to see progress on the new dome This book is about the Georgians who called London their home from dukes and artists to rent boys and hot air balloonists meeting dog nappers and life models along the way It investigates the legacies they left us in architecture and art science and society and shows the making of the capital millions know and love today Read and be amazed by a city you thought you knew Jonathan Foyle World Monuments Fund Jam packed with unusual insights and facts A great read from a talented new historian Independent Pacy superbly researched The real sparkle lies in its relentless cavalcade of insightful anecdotes There s much to treasure here Londonist Inglis has a good ear for the outlandish the farcical the bizarre and the macabre A wonderful popular history of Hanoverian London London Historians
