Roundup Ranch:

The Nebraska Sand Hills Charles Barron McIntosh, 1996-01-01 Charles Barron McIntosh has devoted a lifetime of scholarship to the history of human activity on Nebraska's Sand Hills the spare beautiful land that occupies much of western Nebraska From carefully deciphering Native American occupancy through rigorous analysis of thousands of arrowheads to patiently combing through decades of courthouse land title transaction records McIntosh has mastered the sweep of centuries of human interaction with the land We learn how the land shapes humankind far more than pride would have us believe and we see that perhaps our real success lies in learning how to live with the land rather than attempting to master it The Nebraska Sand Hills reflects McIntosh's lifetime of learning reading questioning analyzing in short everything it means to be a scholar seldom are these efforts so well demonstrated His affection for this unique landscape is present on every page

Oklahoma Rodeo Women Tracey Hanshaw, 2020-02-17 Oklahoma's central location and ranching tradition gave it a unique connection to the rodeo industry as it grew from a local pastime to an internationally popular sport From the very beginning Oklahoma cowgirls played a significant role in developing the institution and the businesses that grew up in its shadow Lucille Mulhall's pioneering roping carved out a place for women in the actual competition while Mildred Chrisman's promotional efforts kept rodeo chutes open during the Great Depression Modern ranchers like Terry Stuart produced the quarter horses sought by professional athletes around the world From Guymon to Pawhuska and from stock contractors to rodeo clowns Tracey Hanshaw follows the trail that Oklahoma women blazed across this rough and tumble sport

Montana Montana. Dept. of Agriculture, Labor, and Industry, 1915 *Irvine* Ellen Baker Bell, Irvine Historical Society, 2011 The story of Irvine goes back more than 200 years to a time when it was a vast sprawling ranch extending from the brush covered foothills of the Santa Ana Mountains to the dramatic bluffs of the Pacific coast Since that time the Irvine Ranch has experienced a revolutionary change from pastoral wide open spaces to one of the most successful planned communities in the nation All along the way there were people whose vision shaped the transformation of Irvine Among them were the members of the Irvine family who for nearly a century were stewards of a ranch that amounted to more than one fifth of modern day Orange County The Irvine of today owes its success to the ideals from its past the determination to develop the immense potential of the land while still preserving its natural beauty **"Great-Heart"** Daniel Henderson, 2021-05-19 In *Great Heart* Daniel Henderson masterfully weaves a narrative that explores the complexities of human resilience and the power of love in the face of adversity The novel is characterized by its poignant prose and intricate character development allowing readers to embark on a deeply emotional journey alongside its protagonists Set against a backdrop of societal upheaval and personal trials Henderson employs a rich literary style that combines elements of realism with allegorical depth inviting readers to reflect on the broader implications of the characters' struggles within a contemporary context Daniel Henderson an accomplished author known for his keen insights into the human experience
