Rousseau An Introduction To His Political Philosophy:

Rousseau John C. Hall,1973 **Rousseau, an Introduction to His Political Philosophy** John Cecil Hall,1973

Rousseau's Rejuvenation of Political Philosophy Nelson Lund,2016-09-17 This book reads Jean Jacques Rousseau with a view toward deepening our understanding of many political issues alive today including the place of women in society the viability of traditional family structures the role of religion and religious freedom in nations that are becoming ever more secular and the proper conduct of American constitutional government Rousseau has been among the most influential modern philosophers and among the most misunderstood The first great philosophic critic of the Enlightenment he sought to revive political philosophy as it was practiced by Plato and to make it useful in the modern world His understanding of politics rests on deep and often prescient reflections about the nature of the human soul and the relationship between our animal origins and the achievements of civilization This book demonstrates that the implications Rousseau drew from those reflections continue to deserve serious attention Western Political Thought Robert Eccleshall,Michael Kenny,1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability **Rousseau's Theory of Freedom** Matthew Simpson,2006-03-08 Jean Jacques Rousseau has a claim to be ranked above even Karl Marx as the political philosopher who has most influenced everyday life His much read philosophy of education alone would qualify him for a high place but his political theory is even more important decisions affecting millions of people were made based on the reading of certain lines of the Social Contract Yet while politicians and scholars have studied this book for 250 years almost no agreement exists on how to interpret its central concept freedom Rousseau s theory of freedom has led him to be called everything from the greatest prophet of individual liberty to the designer of the first totalitarian state This book offers a new unifying interpretation of the theory of freedom in the Social Contract Simpson gives a careful analysis of Rousseau s theory of the social pact and then examines the kinds of freedom that it brings about showing how Rousseau s individualist and collectivist aspects fit into a larger and logically coherent theory of human liberty Simpson s book not only helps us to understand one of the pre eminent political minds of the 18th century but also brings us into closer conversation with those he influenced who have done so much to shape our world And in light of the interest in contemporary contractualist philosophers like Rawls Scanlon and Gauthier readers will find it worthwhile to return to the thinker who offers one of the most radical profound and insightful theories of the social contract ever devised *Rousseau's Political Philosophy* Stephen Ellenburg,1976 Rousseau s Political Philosophy An Interpretation From Within provides a comprehensive and accessible analysis of Rousseau s thought on politics and government Ellenburg provides a comprehensive and accessible interpretation of Rousseau s thought on politics and government drawing on both Rousseau s own words and the work of later commentators This book is an essential resource for students of Rousseau and

political philosophy Bookstell youwhy com **Understanding the Political Philosophers** Alan Haworth, 2011-02-25 This absorbing study invites you to climb inside the heads of the major political philosophers as it were and to see the world through their eyes Beginning with Socrates and concluding with post Rawlsian theory Alan Haworth presents the key ideas and developments with clarity and depth Each chapter provides a concentrated study of a given thinker or group of thinkers and together they constitute a broad account of the main arguments in political philosophy There are chapters on Socrates Plato Aristotle Hobbes Locke Rousseau the Utilitarians Marx Rawls and post Rawlsian developments This is a fascinating lively and engaging look at the topic and will be appropriate for any student taking a course in political philosophy or political thought

Reading Political Philosophy Derek Matravers, Jonathan Pike, Nigel Warburton, 2014-05-01 This clear and thorough introduction provides students with the skills necessary to understand the main thinkers texts and arguments of political philosophy and thought Each chapter comprises a brief overview of a major political thinker followed by an introduction to one or more of their most influential works and an introduction to key secondary readings Key features include exercises reading notes guides for further reading The book introduces and assesses Machiavelli's Prince Hobbes Leviathan Locke's Second Treatise on Government Rousseau's Social Contract Marx and Engels German Ideology Part 1 Mill's On Liberty and The Subjection of Women Reading Political Philosophy requires no previous knowledge of philosophy or politics and is ideal for newcomers to political philosophy and political thought

[Introduction to Political Thought](#) Peri Roberts, 2012-02-22 Your conceptual toolkit for the study of political thought Praise for the first edition This seems really to have been written with the first year student in mind The editors write in a way that is clear intelligent and engaging without being at all condescending Politics Studies Review New for this edition Brand new chapter on international political thought reflecting one of the most striking developments in contemporary political theory This textbook gives you all the vocabulary you need political conceptual and historical to engage confidently and deeply with political thought and the moral and political worlds in which we live It traces the history of political thought from Plato and Aristotle to Kymlicka and Rorty following a unique dual structure that introduces key thinkers and core concepts together making it suitable for any course structure

Rousseau Céline Spector, 2019-07-20 Jean Jacques Rousseau is one of the most controversial philosophers of the eighteenth century and his groundbreaking work still provokes heated debate in contemporary political theory In this book Céline Spector one of the world's foremost experts on Rousseau's thought provides an accessible introduction to his moral social and political theory She explores the themes and central concepts of his thought ranging from the state of nature the social contract and the general will to natural and political freedom religion and education She combines a skilful exposition of Rousseau as a man of paradoxes with a discussion of his often overlooked ideas on knowledge political economy and international relations The book traces both the overall unity and the significant changes in Rousseau's philosophy accounting for its complexity and for the importance of its legacy It will be essential reading for scholars students and

general readers interested in the Enlightenment and more broadly in the history of modern political thought and philosophy
